PART FOUR: OTHER QUOTES (Alphabetical by Topic)

CONTRIBUTORS

PREFACE

Patrick Troughton, the Second Doctor, the “Mighty Trout,” the man who is often referred to as the originator of modern *Doctor Who* because he was the first to show how different and beautiful regeneration could be, how varied the character of the Doctor, how strong, yet how vulnerable the Doctor could be. This quote book is a work in progress, with still only three stories completely logged from Troughton’s tenure in the role, but you may look forward to more of his quotes very soon. For now, enjoy selected quotes from “The Power of the Daleks,” “The Enemy of the World,” and “The Web of Fear.”

Cheers,

Daniel Rider

PART ONE

QUOTES FROM THE DOCTOR'S WORLD

I. THE FIRST MOMENTS OF A NEW DOCTOR

POLLY WRIGHT: His face, his hair, look at it.

BEN JACKSON: He's breathing...and the TARDIS seems to be normal.

POLLY: Hey, what are we gonna do? We can't just leave the Doctor here.

BEN: What, him? The Doctor?

POLLY: Well, that's who came through the doors. There was no one else outside. Ben, d'you remember what he said in the tracking room? Something about 'This old body of mine is wearing a bit thin.'

BEN: So he gets himself a new one?

POLLY: Well, yes.

BEN: Oh, do me a favor.

POLLY: And whatever happened, happened in here.

BEN: But it's impossible.

POLLY: Not so long ago we'd have been saying that about a lot of things.

- "The Power of the Daleks" 1

Stop. Stop! Concentrate on one thing. One thing... It's over. Hm, hm, hm! It's over.

-The Doctor, "The Power of the Daleks" 1

Muscles are still a bit tight.

-The Doctor, "The Power of the Daleks" 1

Nails need growing.

-The Doctor, "The Power of the Daleks" 1

POLLY WRIGHT: It is the Doctor. I know it is. I think.

BEN JACKSON: It's not only his face that's changed. He doesn't even act like him.

- "The Power of the Daleks" 1

DOCTOR: The Doctor was a great collector, wasn't he?

POLLY WRIGHT: But you're the Doctor.

DOCTOR: Oh, I don't look like him.

BEN JACKSON: Who are we?

DOCTOR: Don't you know?

- "The Power of the Daleks" 1

Why do you keep saying "the Doctor" if you mean you?

-Ben Jackson, "The Power of the Daleks" 1

BEN JACKSON: Now look, the Doctor always wore this. So if you're 'im, it should fit now, shouldn't it?... There, that settles it.

SECOND DOCTOR: I'd like to see a butterfly fit into a chrysalis case after it's spread its wings.

POLLY WRIGHT: Then you did change!

SECOND DOCTOR: Life depends on change and renewal.

BEN JACKSON: Oh, so that's it. You've been renewed, have ya?

SECOND DOCTOR: I've been renewed, have I? That's it. I've been renewed. It's part of the TARDIS. Without it, I couldn't survive.

- "The Power of the Daleks" 1

POLLY WRIGHT: He's a very different Doctor, Ben.

BEN JACKSON: Yeah, maybe. Just where do we stand, though?

- *"The Power of the Daleks" 1*

POLLY WRIGHT: He does know us. He said "Ben." Didn't you hear him?

BEN JACKSON: Yeah, I heard. But he might just have been copying you, though, mightn't he?

- *"The Power of the Daleks" 1*

POLLY WRIGHT: Well, he hasn't done anything.

BEN JACKSON: No, that's just the trouble. He knows what happened back at the TARDIS, yet will he tell us? Will he come out and say? Will he admit to being the Doctor?

- *"The Power of the Daleks" 1*

BEN JACKSON: Of course, the real Doctor was always going on about the Daleks.

POLLY WRIGHT: Real Doctor?

DOCTOR: Real Doctor? Oh—oh, you mean the real Doctor.

- *"The Power of the Daleks" 2*

BEN JACKSON: You know, it's little things like this that make it difficult to believe that you're the Doctor... The other one, I mean, the proper one. Oh, nuts, you know what I mean.

DOCTOR: Nuts? Yes, certainly, here we are. Crackers?

BEN: You, my old china, are an out and out phony!

DOCTOR: China. Yes, I went there once, I believe. Met Marco Polo.

BEN: No, not "China." China! China and plate! Mate, friend.

DOCTOR: Yes, Marco Polo, a friend. I believe he was.

POLLY WRIGHT: Don't listen to him, Doctor. I know who you are.

DOCTOR: Shh! Shh.

POLLY: It's a—

BEN: Well, well, a touch of the bugs. Microphones.

POLLY: Someone's been listening to what we were saying!

BEN: Yeah, so that's why you were messing about and talking nonsense.

DOCTOR: I never talk nonsense.

POLLY: Ahem, hem.

DOCTOR: Well, hardly never.

- *"The Power of the Daleks" 2*

HENSELL: You seem to be in two minds.

BEN JACKSON: Yeah, and two bodies.

- *"The Power of the Daleks" 2*

II. THE SECOND DOCTOR

In His Own Words

I am a Time Lord.

-The Doctor, "The Two Doctors" 1

I'm the nicest possible person!

-"The Enemy of the World" 1

I will not have anything to do with violence!

-"The Enemy of the World" 5

I am not a student of human nature. I am a professor of a far wider academy of which human nature is merely a part.

-"The Faceless Ones"

DOCTOR: I never talk nonsense.

POLLY: Ahem, hem.

DOCTOR: Well, hardly never.

-"The Power of the Daleks" 2

I'm—I'm not here to cause trouble. I—I'm just interested, that's all.

-The Doctor, "The Power of the Daleks" 3

I did a lot of damage, did I?

-The Doctor, "The Power of the Daleks" 6

Well...it is a fact, Jamie, that I do tend to get involved.

-"The War Games"

DOCTOR: Oh, I used my own special technique.

ERIC KLIEG: Oh really Doctor, and may we know what that is?

DOCTOR: Keeping my eyes open and my mouth shut.

-"The Tomb of the Cybermen"

[To His Friends](#)

To me, you're the most wonderful and marvelous man that's ever dropped out of the skies.

-Astrid Ferrier, "The Enemy of the World" 1

The Doctor's bound to come up with something.

-Victoria Waterfield, "The Web of Fear" 5

I'm sure the Doctor will think of something.

-Professor Travers, "The Web of Fear" 5

You were a hero, and you know it.

-Anne Travers, "The Web of Fear" 6

He's a right little delinquent, isn't he?

-Ben Jackson, "The Power of the Daleks" 3

BEN JACKSON: I ‘ope you know what you’re doin’.

DOCTOR: So do I.

- *“The Power of the Daleks” 3*

DOCTOR: Have faith, Brigadier. Have I ever led you astray?

BRIGADIER LETHBRIDGE-STEWART: On many occasions.

DOCTOR: Yes... well, this will be the exception.

- *“The Five Doctors”*

It seems to be your forte, Doctor; confusing people.

- *Brigadier Lethbridge-Stewart,*
“The Three Doctors”

To Other Doctors

So you're my replacements — a dandy and a clown!

- *The First Doctor, “The Three Doctors”*
(The Second Doctor was the “clown” here.)

Scarecrow!

- *The Third Doctor, “The Five Doctors”*

Second Doctor

The flautist.

- *The Fourth Doctor, “Dimensions in Time” 1*

Regarding his Fur Coat

Hmmm... No.

-The Sixth Doctor, "The Twin Dilemma" 1

To His Enemies

A dangerous man.

-Janley, "The Power of the Daleks" 4

You! Your mind will be invaluable to me.

-The Great Intelligence, "The Web of Fear" 5

Your mind surpasses that of all other creatures.

-The Great Intelligence, "The Web of Fear" 5

Always questioning? Even now, you're seeking to destroy me?

-The Great Intelligence (in Travers' body),

"The Web of Fear" 5

Pickled in time like gherkins in a jar.

- The Rani, referring to both the First and Second Doctors, whom she has caught in a temporal trap in "Dimensions in Time" 1

To Strax

The Second Doctor proved of no military value whatsoever. A buffoon, more accustomed to grasping a musical toot tube than a pulse rifle. He felt the hand of Sontaran justice, from the lauded hero Stike.

-Strax, "Strax Field Report: The Doctors"

To Others

LESTERSON: He's got some phobia about these, these—

DOCTOR: Daleks.

-"The Power of the Daleks" 2

You've done nothing but meddle and interfere ever since you landed on Vulcan.

-Lesterson, "The Power of the Daleks" 3

You must be a complete fool or very clever.

-Donald Bruce, "The Enemy of the World" 5

His Views on Other Doctors

First Doctor

DOCTOR: The Doctor was a great collector, wasn't he?

POLLY WRIGHT: But you're the Doctor.

DOCTOR: Oh, I don't look like him.

-"The Power of the Daleks" 1

Third Doctor

Fancypants!

-*“The Five Doctors”*

Fifth Doctor

So you're the latest one, hmm?

-*“The Five Doctors”*

Ah... certainly the most impudent.

-*“The Five Doctors”*

Sixth Doctor

Do try and keep out of my way in future and in past, there's a good fellow. The time continuum should be big enough for the both of us... Just.

-*The Second Doctor, “The Two Doctors”*

It’s a sort of space...House. House we live in.

-Victoria Waterfield, “The Enemy of the World” 6

BRIGADIER LETHBRIDGE-STEWART: So this is what you've been doing with UNIT funds and equipment all this time. How's it done, some sort of optical illusion?

SECOND DOCTOR: No, no, no...they come like this, really.

- *“The Three Doctors”*

How dare you? How dare you transmat that...“object” into my kitchen?

JAMIE McCRIMMON: Are you sure we’ve come to the right place?

DOCTOR: Oh, of course I am!

- *“The Two Doctors” 1*

DOCTOR: It's not been here before! It's a teleport control! You'd think I'd never flown a TARDIS solo!

JAMIE: What's it do?

DOCTOR: It gives the Time Lords dual control! Infernal cheek. I shall complain when this is all over.

- "The Two Doctors" 1

Operating the TARDIS

Anyway, as you know, the TARDIS has a mind of its own. You know you can't control it.

- Jamie McCrimmon, "The Web of Fear" 1

On the TARDIS' Tendency to Land on Earth

SECOND DOCTOR: Funny, isn't it?

JAMIE: What?

SECOND DOCTOR: How we keep ending up on your Earth.

- "The Web of Fear" 1

IV. TIME AND TIME TRAVEL

The Nature of Time

I haven't got any time to waste.

-Lesterson, "The Power of the Daleks" 2

Well, I must say goodbye, Brigadier. I really shouldn't be here at all. I'm not exactly breaking the laws of time, but I am bending them a little.

-The Second Doctor, "The Five Doctors"

DOCTOR: What's the time?

BEN JACKSON: Time we went 'ome.

-"The Power of the Daleks" 4

The Possibility of Time Travel

We're just travelers, that's all.

-The Doctor, "The Power of the Daleks" 4

Can Time Be Rewritten?

V. THE COMPANIONS

Clara Oswald

Always, there's the Doctor. I'm running to save the Doctor again and again... And he hardly ever hears me. But I've always been there... right from the day he started running.

-Clara Oswald, "The Name of the Doctor"

Polly Wright

The girl's got something.

-Valmar, "The Power of the Daleks" 5

We've been forgettin' about Polly.

-Ben Jackson, "The Power of the Daleks" 3

She's looking around... She's interested. I like that.

-The Doctor, "The Power of the Daleks" 3

Talk too much, don't you?

-Kebble, "The Power of the Daleks" 5

VALMAR: I've no idea who she is. She was just snooping around.

JANLEY: I sent her. We want her kept out of the way.

-"The Power of the Daleks" 3

She wouldn't have wandered off. I know she wouldn't!

-Ben Jackson, "The Power of the Daleks" 3

DOCTOR: Ben, if you were a Dalek, what would be your next move?

BEN JACKSON: I'm talkin' about Polly.

DOCTOR: Oh, no, no, no, no. She's a clever girl, but she couldn't answer this.

-*"The Power of the Daleks" 3*

[Ben Jackson](#)

DOCTOR: Ah! Congratulations, Ben!

BEN: What did I do? What did I do?

DOCTOR: You just used your brain, that's what you did.

-*"The Power of the Daleks" 3*

Look, Doctor, I don't want to appear dim...

-*Ben Jackson, "The Power of the Daleks" 3*

I can't do crosswords.

-*Ben Jackson, "The Power of the Daleks" 4*

POLLY WRIGHT: I'd like to see you come up against a real man.

KEBBLE: Like who?

POLLY: Like Ben, for instance.

-*Polly Wright, "The Power of the Daleks" 5*

Don't worry, that boy can take care of himself.

-*The Doctor, "The Power of the Daleks" 5*

Here, when I was a kid, we used to live opposite a brewery. You could take a walk and get tipsy all in one go.

-Ben Jackson, "The Power of the Daleks" 1

Jamie McCrimmon

DOCTOR: You look very nice in that dress, Victoria.

VICTORIA: Thank you. Don't you think it's a bit...

DOCTOR: A bit short? Oh, I shouldn't worry about that. Look at Jamie's.

-"The Tomb of the Cybermen"

Ohh, such a soft white skin, whispering of a—a tender succulence.

-Shockeye, "The Two Doctors" 1

DOCTOR: Jamie, stay with me, don't wander off.

JAMIE: Do I ever?

DOCTOR: It has been known.

-"The Two Doctors" 1

Victoria Waterfield

I got Victoria to where she wanted to go. Though why she wants to learn graphology, I have no idea.

-The Doctor, "The Two Doctors" 1

Companion Issues

DOCTOR: Don't go wandering off. Uh. Stay with me.

JAMIE Mc CRIMMON: Do I ever.

DOCTOR: It has been known.

- The Two Doctors" 1

Let me do the talking, hmm? All you have to do is to stand in the background and admire my diplomatic skills."

- The Doctor, "The Two Doctors" 1

My companion is not for sale!

-The Doctor, "The Two Doctors" 1

VI. MONSTERS AND ENEMIES

The Androgums

SHOCKEYE: I am Shockeye of the Quawncing Grig.

SECOND DOCTOR: I'm not interested in the pedigree of an Androgum.

- *"The Two Doctors" 1*

The Daleks

I call them what they are, Daleks.

- *The Doctor, "The Power of the Daleks" 2*

They must be destroyed!

- *The Doctor, "The Power of the Daleks" 3*

It recognized the Doctor. It recognized him.

- *Ben Jackson, "The Power of the Daleks" 2*

BEN JACKSON: You're scared. What can it do?

DOCTOR: Nothing yet.

LESTERSON: This creation is called, I understand, a Dalek.

BEN: It knew who you were. It sounds ridiculous, but it did.

DOCTOR: Knew who I was...

- *"The Power of the Daleks" 2*

LESTERSON: Now, look at it. I have merely given it electrical power, but it is capable of storing it. Moreover, it responds to orders. Turn around... Move that chair... Stop! You see? Well, just think what this could do for our mining program, our processing, packaging. Dozens of labor jobs, Governor. It may even supply the end to all this colony's problems.

DOCTOR: Yes, it will end the colony's problems, because it will end the colony.

DALEK: I am your servant.

LESTERSON: It—it spoke! Janley, did you hear it? It—it can actually talk.

DOCTOR: It can do many things, Lesterson. But the thing it does most efficiently is exterminate human beings. It destroys them, without mercy, without conscience. It destroys them. Utterly. Completely. It destroys them.

DALEK: I am your servant. I am your servant. I am your servant. I am your servant. I am your servant.

- "The Power of the Daleks" 2

DOCTOR: Alien, yes. Very alien.

- "The Power of the Daleks" 1

Polly, Ben, come in and meet the Daleks.

- The Doctor, "The Power of the Daleks" 1

DOCTOR: I knew I should find them here. I knew it.

BEN JACKSON: Ah, they look harmless. Not very lively.

POLLY WRIGHT: What do you think? Two hundred years in a swamp and you wouldn't look very lively either. Nothing could live through that, could it?

BEN: Live?

DOCTOR: Nothing human, no.

- "The Power of the Daleks" 1

Well, there were three Daleks in here. What's happened to the other one?

-The Doctor, "The Power of the Daleks" 1

DOCTOR: What was the first thing you noticed when you looked inside that capsule?

BEN: Well, th-th-the Daleks.

DOCTOR: You were astounded?

POLLY JACKSON: Yes.

DOCTOR: Amazed?

BEN: Yes.

DOCTOR: You didn't even give them a glance! Why? Because you'd been in there and seen them. Where is the third Dalek?

LESTERSON: I don't know what you're talking about.

DOCTOR: You opened up the capsule without permission. You found the inner compartment containing three Daleks. You took one of them away and you hid it!

LESTERSON: Hi-hid it? What-what nonsense!

- "The Power of the Daleks" 2

POLLY WRIGHT: We opened an inner compartment in the capsule, and Lesterson had already been in there.

LESTERSON: I don't deny that.

BEN JACKSON: And he's nicked a Dalek!

- "The Power of the Daleks" 2

DOCTOR: These lumps of metal—Daleks—I want them broken up, or melted down. Up or down, I don't care which, but destroyed!

LESTERSON: I refuse to allow it!

-“The Power of the Daleks” 2

Well, Lesterson’s crackers about that capsule. He wouldn’t want anyone nosing about.

-Ben Jackson, “The Power of the Daleks” 2

BEN JACKSON: Oh, well, I vote we go back to the TARDIS. I’ve had enough of this dump.

DOCTOR: Have you? What about the Daleks?

BEN: Well, they’re dead.

POLLY WRIGHT: Well, what about that thing we saw in the capsule? That was alive all right.

BEN: Yeah, well, can’t explain that.

DOCTOR: I can. And that’s why we have to stay.

-“The Power of the Daleks” 2

RESNO: It’s moving!

LESTERSON: Now, note this, Janley. Number one attachment with sucker stick, responding. Number two attachment, not moving. Number three attachment with lens, responding.

-“The Power of the Daleks” 2

RESNO: I tell you, it’s intelligent. It’s watching me, Lesterson, weighing me up. I can sense it.

LESTERSON: Don’t be a fool.

RESNO: I don’t like it, I tell you. We don’t know what these things can do!

LESTERSON: No, and we never shall know, shall we, unless we take film of every reaction. Now get on with your work, man... Resno!

-“The Power of the Daleks” 2

JANLEY: Is it time?

LESTERSON: Yes, yes, I think so. I feel quite excited.

JANLEY: So you should. It's a wonderful achievement.

LESTERSON: Yes, yes, but the wonderful thing, Janley, is that we don't know the full scope of the experiment. Ooh—who knows where we may go from here? Who knows what this Dalek may do?

JANLEY: It's harmless now?

LESTERSON: Yes, yes, yes.

- *"The Power of the Daleks" 2*

LESTERSON: Governor, I've just completed a-an experiment which could revolutionize the whole colony. Bear with me.

DOCTOR: Lesterson, what have you done? What have you done?

LESTERSON: I'll show you.

- *"The Power of the Daleks" 2*

HENSELL: So, Lesterson, they're even capable of speech.

LESTERSON: Yes. But then, why not? After all, they have a certain intelligence.

HENSELL: Yes, I know, but in—

LESTERSON: But it is—is it—it is an intelligence that we can control.

HENSELL: So what you want is permission to continue your experiments?

LESTERSON: Governor, think on what it would mean if we were to set it to work in the mines. It could double our production overnight.

BRAGEN: Consider the effects it could have on our whole economy.

HENSELL: Yes, and the effect of that on Earth... Yes, yes, they could be very grateful.

DOCTOR: I shall stop you. I will.

HENSELL: All right, Lesterson, permission granted.

DOCTOR: Permission? Permission for what?

LESTERSON: To continue my work, Examiner.

DOCTOR: But—but didn't you all hear what I said? The Daleks must be destroyed!

LESTERSON: Oh-ho—Never!

DOCTOR: Very well. If not by my order, then by Earth's.

- *"The Power of the Daleks" 3*

HENSELL: Ah, Examiner, just a moment. Tell me, why are you so against this project?

DOCTOR: But I've told you! I realize I can't give you any proof, but you've no idea of the danger.

LESTERSON: No.

DOCTOR: Yes. Danger! I shall be contacting Earth just as soon as radio communications have been restored... You're my servant, are you?

DALEK: I—I am.

DOCTOR: Very well. Immobilize yourself...Go on. I order it! Immediately!...Huh!

- *"The Power of the Daleks" 3*

LESTERSON: Why did you stop obeying? You were given an order.

DALEK: He has gone.

LESTERSON: Then you obey on—

DALEK: His order was wrong. I cannot serve human beings if I am immobilized. You gave me power. Your orders are right. I serve you.

HENSELL: Lesterson. Lesterson, it reasons. Just how limited is its intelligence?

LESTERSON: Now, there is no cause for a—for concern, Governor. Just you wait until you see the amount of work it can do. And now, I'm really going to put you through your paces. Follow me, Dalek.

DALEK: I obey.

- *"The Power of the Daleks" 3*

BEN JACKSON: First things first. The Daleks are the important thing.

DOCTOR: Ah! Congratulations, Ben!

BEN: What did I do? What did I do?

DOCTOR: You just used your brain, that's what you did. The Daleks *are* the most important thing.

-*"The Power of the Daleks" 3*

DOCTOR: Problem. Smash the Daleks, and the people here will lock us up or kill us. Let the Daleks go, and we'll all be exterminated.

BEN JACKSON: We could just go back to the TARDIS. At least you'll be safe to think there.

-*"The Power of the Daleks" 3*

[The Nature of the Daleks](#)

Daleks. I know the misery they cause, the destruction.

-*The Second Doctor, "The Power of the Daleks" 2*

Afraid, are you?

-*Janley, "The Power of the Daleks" 5*

The Daleks? Of course I'm afraid, and so should you be.

-*Polly Wright, "The Power of the Daleks" 5*

They *are* evil!

-*Lesterson, "The Power of the Daleks" 4*

Evil. Horrible.

-Lesterson, "The Power of the Daleks" 5

The Daleks won't care who they fight. They'll exterminate every human being on this planet.

-The Doctor, "The Power of the Daleks" 6

POLLY WRIGHT: Human beings can't be friends with Daleks. They don't have friends.

VALMAR: I don't see why not.

POLLY: It's a kind of hatred for anything unlike themselves. They think they're superior.

-Polly Wright, "The Power of the Daleks" 5

We will conquer. We will conquer. We will conquer.

-Daleks, "The Power of the Daleks" 3

A Dalek is bet—is not the same as a human. If I am to help, I must know everything.

-Dalek, "The Power of the Daleks" 3

JAMIE McCRIMMON: What is the "Dalek Factor"?

SECOND DOCTOR: You want me to guess? It means to obey, to fight, to destroy, to exterminate.

-The Second Doctor, "The Evil of the Daleks"

[The Physical Dalek](#)

Now, it's reasonable to assume that this, the sucker stick, acts like some kind of a hand.

-Lesterson, "The Power of the Daleks" 2

JANLEY: It's a bit frightening.

LESTERSON: Yes. Now, I cannot think what this short stubby arm is for.

JANLEY: Could the lens attachment be an eye?

LESTERSON: Yes, yes, yes. Yes. Now, it's quite possible that this, uh, Dalek...now, there must be some kind of directing influence. And there may even be a simplified brain. Positronic, I shouldn't wonder. Oh! Oh, if only we could open it up.

- *"The Power of the Daleks" 2*

RESNO: Look at the eye-stick! It's watching us!

LESTERSON: Don't be absurd.

RESNO: It was, I tell you. I saw it.

LESTERSON: You can't use the phrase "watching us." You'll have us believing that this old thing has an intelligence next. Now, get on with your work, man.

- *"The Power of the Daleks" 2*

RESNO: Ugly-looking brutes, aren't they? Hey, what's he wanna muck about with them for? Leave well alone, that's what I say.

JANLEY: You're a fine one to be a research assistant. "Leave well alone!" There'll be no progress on this planet with people like you around.

RESNO: We're doing all right as we are.

- *"The Power of the Daleks" 2*

POLLY WRIGHT: But—but they're things. I—I mean they're dead. They must be.

DOCTOR: This light is dead. Now the watch.

BEN JACKSON: Do you mean these things just need power?

- *"The Power of the Daleks" 2*

It was a sort of disembodied hand, a sort of *claw*. It was horrible.

-Ben Jackson, "The Power of the Daleks" 2

Yeah, now I've seen that claw thing, well, wouldn't want to shake hands with it, let's put it that way.

-Ben Jackson, "The Power of the Daleks" 2

BRAGEN: Is that the gun you told me of?... How powerful is it?

JANLEY: It killed Resno, Lesterson's assistant.

-"The Power of the Daleks" 3

Valmar thinks he can work in a switch to turn it on and off.

-Janley, "The Power of the Daleks" 3

This could win us the revolution.

-Valmar, "The Power of the Daleks" 3

The lethal power must come from here.

-Valmar, "The Power of the Daleks" 3

It should have quite a good range.

-Valmar, "The Power of the Daleks" 3

Don't be frightened of it, Ben. It's not armed.

-The Doctor, "The Power of the Daleks" 3

DALEK: We are your servants. We do not need guns.

LESTERSON: I'm very glad. I knew the Examiner was wrong about you.

- "The Power of the Daleks" 3

Lesterson removed the armaments of the Daleks he discovered. I've rearmed this one, but with a controlling device. We can regulate the fire power and turn it off and on whenever we choose.

- Valmar, "The Power of the Daleks" 4

But you can't control a thing like that. It'll turn on us.

- Kebble, "The Power of the Daleks" 4

VALMAR: I can control it.

KEBBLE: Prove it. Ah, you daren't! I'm not talking about that thing firing at the wall or bits or metal or anything. I mean people. Have you tested whether it ca—you can stop it from killing people? Our people?

- Kebble, "The Power of the Daleks" 4

KEBBLE: How do you know a Dalek can tell the difference between the Governor's people and our people?

VALMAR: But I can tell the difference, you fool, and I control it.

KEBBLE: We want something better than words.

JANLEY: Test it on me. Will that satisfy you?

- "The Power of the Daleks" 4

VALMAR: Now, when I tell you to fire—

DALEK: I am your servant.

-*"The Power of the Daleks" 4*

You haven't disarmed the Dalek. Well, go on, take the gun away. We don't want any accidents.

-*Janley, "The Power of the Daleks" 4*

The Intelligence of the Daleks

LESTERSON: You know, it's amazing. You have an almost human interest and curiosity.

DALEK: A Dalek is bet—is not the same as a human. If I am to help, I must know everything.

-*"The Power of the Daleks" 3*

Why do human beings kill human beings?

-*Dalek, "The Power of the Daleks" 5*

Their original thinking terrifies me.

-*Lesterson, "The Power of the Daleks" 4*

They know everything that's going on. Everything! They even know what you're thinking.

-*Lesterson, "The Power of the Daleks" 6*

Daleks can build c-computers with one hundred percent accuracy.

-*Dalek, "The Power of the Daleks" 3*

LESTERSON: Incredible! Good. Let's move on to test fourteen.

DALEK: I am ready.

LESTERSON: When sodium acts on ethyl alcohol, what is the resulting derivative?

DALEK: Sodium ethoxide. C2 H5 ONA.

LESTERSON: Just five second, Janley. Just the time it took to speak the answer.

JANLEY: It's right, too.

LESTERSON: But of course it's right.

-*"The Power of the Daleks"* 3

LESTERSON: Very well then, Examiner, shall we test its knowledge of physics?

DOCTOR: Oh, oh, splendid, splendid. Please, please, carry on.

LESTERSON: Thank you. What is the First Law of Thermodynamics?

DALEK: When heat is transformed into any other kind of energy or vice versa, the total quantity of energy remains invariable. That is to say, the quantity of heat which disappears is equivalent to the quantity of the other kind of energy produced.

-*"The Power of the Daleks"* 3

Can—can you imagine what kind of positronic brain this robot has, Janley? Think of the store of knowledge that it must carry.

-*Lesterson, "The Power of the Daleks"* 3

Better brains than us, I suppose?

-*Kebble, "The Power of the Daleks"* 5

[History](#)

BEN JACKSON: Of course, the real Doctor was always going on about the Daleks.

POLLY WRIGHT: Real Doctor?

DOCTOR: Real Doctor? Oh—oh, you mean the real Doctor.

-*"The Power of the Daleks"* 2

[The Power of the Daleks](#)

I only know what the Doctor has told me. He says they're capable of exterminating whole nations.

-Polly Wright, "The Power of the Daleks" 5

It can do many things, Lesterson. But the thing it does most efficiently is exterminate human beings.

-The Doctor, "The Power of the Daleks" 2

DOCTOR: All is not well with this colony! Add to that one Dalek!

BEN JACKSON: Oh, blimey, you don't half make mountains, don't you? One Dalek?

SECOND DOCTOR: Yes! All that is needed to wipe out this entire colony.

-"The Power of the Daleks" 2

The guns don't work against them!

-Guard, "The Power of the Daleks" 6

We will get our power. We will get our power. We will get our power.

-Daleks, "The Power of the Daleks" 3

DALEK: Power we can turn into static. Then we will conquer.

DALEKS: We will conquer. We will conquer. We will conquer.

-"The Power of the Daleks" 3

DALEK: Turn back the power supply.

LESTERSON: I will. I will. But I want you to remember that I control you.

DALEK: We are your servants.

LESTERSON: I know. Remember it. I gave you each a special charge to bring you back to life.

Any further power you need must come from this generator, and I control it. Is that clear?

DALEK: We obey.

LESTERSON: Where are they going?

DALEK: To await your orders, master.

- *"The Power of the Daleks" 4*

LESTERSON: I'm glad we understand each other.

DALEK: We understand the human mind.

- *"The Power of the Daleks" 4*

DOCTOR: I wonder how much longer they'll be able to move around on these floors.

BEN JACKSON: Eh?

DOCTOR: The floors. They're not metal.

- *The Doctor, "The Power of the Daleks" 4*

DOCTOR: The Daleks. They're powered by static electricity. It's like blood to them, a—a constant life stream.

QUINN: Static isn't workable.

DOCTOR: It is to the Daleks. They've conquered static just as they've conquered anti-magnetics.

QUINN: I'm not going to listen to any more of this nonsense.

- *"The Power of the Daleks" 5*

JANLEY: What is this cable you Daleks are laying, anyway?

DALEK: Daleks operate on static electricity.

JANLEY: Static! Is that possible?

DALEK: To create static, the Daleks need a complete cable circuit.

JANLEY: I see! You convert our electricity into your own power.

DALEK: That is correct.

-*"The Power of the Daleks" 5*

Static, do you see? They need a constant supply of static from the floor. Some sort of electrical field.

-*The Doctor, "The Power of the Daleks" 4*

LESTERSON: How did you get there? I cut off the power.

DALEK: We can store power. We will soon have our own.

-*"The Power of the Daleks" 5*

VALMAR: Why can't you carry on with the power you're drawing from the colony? Why go to all this trouble?

DALEK: Until now, we have had to recharge from the colony supply. With static power, the Daleks will be twice as...*useful*.

-*"The Power of the Daleks" 5*

An electrical circuit of their own supplying static electricity! I wonder how much longer we've got?

-*The Doctor, "The Power of the Daleks" 5*

I didn't realize they'd have a circuit of their own.

-*The Doctor, "The Power of the Daleks" 5*

They're duplicating! I've seen them! And they've got their own power now. And I—I can't stop them!

-*Lesterson, "The Power of the Daleks" 5*

I tried to turn the power off, but they were miles ahead of me.

-Lesterson, *"The Power of the Daleks"* 6

DALEK: The static circuit is nearly complete.

DALEK 2: Soon we can abandon the power we are using.

-*"The Power of the Daleks"* 6

DALEK 2: Static power is being stored. We can dismantle the human electric system.

-*Dalek 2, "The Power of the Daleks"* 6

BEN JACKSON: You've done all this. Why'd you give 'em power in the first place?

LESTERSON: Well, I *could* control it, you see. And then...Janley got one of her men—Valmar, I think it was—Yes! And he rigged up a secret cable. It's carrying power directly from the colony's supply.

DOCTOR: Where? Where is it, Lesterson?

LESTERSON: Valmar's the only one who can answer that. Or the Daleks, of course. They know everything. Yes! You should ask the Daleks.

-*"The Power of the Daleks"* 6

QUINN: There must be some way of cutting off the power!

DOCTOR: What makes you think I want to do that?

-*Quinn, "The Power of the Daleks"* 6

The Law of the Daleks

DALEK: The law of the Daleks is in force.

DALEK 2: Extermination of humans.

-*"The Power of the Daleks"* 6

What They Think of Humans

Your usefulness is over.

-Dalek, "The Power of the Daleks" 6

DALEK: We do not need humans now.

LESTERSON: Ah, but—but you wouldn't kill me. I gave you life.

DALEK: Yes, you gave us life. [LESTERSON IS THEN EXTERMINATED]

- "The Power of the Daleks" 6

The Trickiness of the Daleks

DALEK: We are your friends.

DALEK 2: We will serve you.

- "The Power of the Daleks" 6

VALMAR: Can we trust them?

JANLEY: We must!

- "The Power of the Daleks" 6

The Daleks are going to help us.

-Janley, "The Power of the Daleks" 5

JANLEY: We help them, they help us.

DALEK: Yes. We are your servants.

- "The Power of the Daleks" 4

We will fight...for you.

-Dalek, "The Power of the Daleks" 6

LESTERSON: You know, there are some people here who believe that you're an enemy.

DALEK: I am your servant.

- "The Power of the Daleks" 3

Oh...no! It's a trick.

-Lesterson, "The Power of the Daleks" 5

I—I—It's a lie!

-Lesterson, "The Power of the Daleks" 5

DALEK: We are your servants.

POLLY: While it suits you.

- "The Power of the Daleks" 5

BRAGEN: The Daleks will do as I tell them.

DOCTOR: We shall see, shan't we?

- "The Power of the Daleks" 5

DOCTOR: So, they've given you the run of the colony, have they?

DALEK: We obey. Do I bring liquid for the visitors?

- "The Power of the Daleks" 4

DOCTOR: It's madness!

BEN JACKSON: What is?

DOCTOR: Letting them run a-around like this.

BEN: Hey, wait a minute. Bragen had one acting as a servant, and we've just left him.

DOCTOR: One Dalek in Bragen's office. Three Daleks just gone down the corridors. That makes four.

BEN: Where'd the fourth one come from?

DOCTOR: Well, Lesterson can't have been making them. Perhaps there were more in the capsule than we thought.

- "The Power of the Daleks" 4

DOCTOR: Lesterson?

LESTERSON: Yes?

DOCTOR: You haven't been building Daleks, have you?

LESTERSON: Building? No, I wouldn't know how to begin.

DOCTOR: And there were only three in the capsule?

LESTERSON: Yes.

DOCTOR: Well, we've just seen four. One in the Governor's office and three in the corridor.

LESTERSON: But that's not possible!

DOCTOR: There's only one explanation. The Daleks are reproducing themselves.

JANLEY: These things are machines. How could they reproduce?

DOCTOR: Machines? What makes you think they're just machines? The Daleks are brilliant engineers. Nothing is beyond them given the right materials.

LESTERSON: What?

DOCTOR: I said nothing is beyond them given the right materials.

LESTERSON: Oh!

- "The Power of the Daleks" 4

There are four. They can't be reproducing!

-Lesterson, "The Power of the Daleks" 4

DALEK: Dalek nine complete.

DALEK 2: Check.

DALEK: Dalek ten complete.

DALEK 2: Check.

DALEK: Dalek eleven complete.

DALEK 2: Check.

DALEK: Dalek twelve complete.

DALEK 2: Check.

DALEK: Dalek thirteen complete.

DALEK 2: Check.

DALEK: Dalek fourteen complete.

DALEK 2: Check.

DALEK: Dalek fifteen complete.

DALEK 2: Check.

DALEK: Dalek sixteen complete.

DALEK 2: Check.

-“The Power of the Daleks” 4

We are the new race of Daleks.

-Daleks, “The Power of the Daleks” 4

They’re conspiring together! Oh, why didn’t I realize?

-Lesterson, “The Power of the Daleks” 4

They’re in there, making themselves! Duplicating!

-Lesterson, "The Power of the Daleks" 5

DALEK: No more than three Daleks to be seen together at any one time.

DALEK 2: I obey.

DALEK: We are not ready yet to teach these human beings the law of the Daleks.

- "The Power of the Daleks" 5

DALEK: Daleks can build c-computers with one hundred percent accuracy.

LESTERSON: One hundred percent?

DALEK: If you provide materials and our own power unit, a computer will be built.

LESTERSON: A hundred percent? But that would be an enormous saving for the—for the colony.

DALEK: Then you will get the materials?

LESTERSON: I'll go and speak to the Governor at once.

DALEK: I will be ready to dictate the blueprint when you return.

- "The Power of the Daleks" 3

DALEK: I have sent the human being for material.

DALEK 2: And power?

DALEK: Yes. Power we can turn into static. Then we will conquer.

DALEKS: We will conquer. We will conquer. We will conquer.

- "The Power of the Daleks" 3

LESTERSON: The Daleks. They've given me another list of materials they need.

JANLEY: Let me see. We've got all those things?

LESTERSON: Yes, but why these quantities, Janley? Why?! How can they have used up all the materials I gave them? What is it? Why, it's only a matter of a few hours ago.

JANLEY: They're building new things for us.

LESTERSON: Yes, well, I don't want them to do anything without consulting me. What is it that they do inside there?

JANLEY: You're worrying too much.

LESTERSON: Look, Janley, say what you like, but I'm beginning to believe that the Examiner is right about the Daleks. Their original thinking terrifies me. If we can control them, fine. But if not—

JANLEY: Yes?

LESTERSON: Then I shall have them destroyed. It's too dangerous.

- *"The Power of the Daleks" 4*

BRAGEN: I am the leader of the Daleks.

DOCTOR: Well, see if you can stop this one from killing me.

BRAGEN: Stop! You heard me, that's an order. Turn away. Fetch the guard.

DALEK: I...obey.

- *"The Power of the Daleks" 4*

JANLEY: The Daleks are going to help us.

POLLY WRIGHT: Us being the rebels, I suppose.

JANLEY: If you like.

POLLY: And when you've won, the Daleks will just go back to being servants again? You're bigger fools than I thought.

DALEK: We are your servants.

POLLY: While it suits you.

- *"The Power of the Daleks" 5*

POLLY WRIGHT: You want the Daleks to fight the Governor. But don't you see? They'll turn on you, too.

KEBBLE: What? Three big pepper pots?

VALMAR: One of them did kill Resno. And you saw what the Daleks did to that sheet of metal.

POLLY: And that's just the beginning.

- *"The Power of the Daleks" 5*

DALEK: We are to wait here until the human beings fight among themselves.

DALEK 2: Then we will strike.

DALEK: And exterminate!

DALEKS: Exterminate! Exterminate! Exterminate! Exterminate! Exterminate! Exterminate!
Exterminate! Exterminate! Exterminate! Exterminate! Exterminate! Exterminate!

- *"The Power of the Daleks" 5*

DALEKS: Exterminate! Exterminate! Exterminate!

DALEK 2: Orders received. Exterminate all humans!

DALEK: Exterminate all humans!

DALEK 2: Exterminate! Annihilate! Destroy! Daleks conquer and destroy!

DALEKS: Daleks conquer and destroy! Daleks conquer and destroy! Daleks conquer and
destroy! Daleks conquer and destroy! ...

- *"The Power of the Daleks" 5*

DALEK: Take up positions, ready to exterminate all human beings.

DALEK 3: Exterminate!

DALEKS: Exterminate! Exterminate! Exterminate! Exterminate!

- *"The Power of the Daleks" 6*

DALEK: Order received. Daleks commence extermination.

DALEKS: Exterminate! Exterminate! Exterminate!

- *"The Power of the Daleks" 6*

DALEK 2: Obey or you shall be exterminated.

QUINN: I thought they obeyed us?

- *"The Power of the Daleks" 6*

[How to Fight a Dalek](#)

We've got to stop them.

- *Quinn, "The Power of the Daleks" 6*

Can't we do anything?! They're murdering anybody one by one!

- *Polly Wright, "The Power of the Daleks" 6*

BRAGEN: This is Bragen speaking. I'm speaking to the Daleks. Daleks, listen to me. I am the Governor. You must work for me... I will give you whatever you want, but immobilize your guns. This is the Governor speaking.

BEN JACKSON: He's nuts, trying to talk to the Daleks.

- *"The Power of the Daleks" 6*

No use, Bragen. The Daleks have stopped obeying your orders.

- *Quinn, "The Power of the Daleks" 6*

The guns don't work against them!

- *Guard, "The Power of the Daleks" 6*

We turn off the electricity, disarm them, and then everything is safe again.

- *Lesterson, "The Power of the Daleks" 3*

I tried to turn the power off, but they were miles ahead of me.

-Lesterson, "The Power of the Daleks" 6

There must be some way of cutting off the power!

-Quinn, "The Power of the Daleks" 6

Well, why can't you just take all the plugs out and cut the power off?

-Ben Jackson, "The Power of the Daleks" 6

We have to dismantle the gun, that's all.

-Valmar, "The Power of the Daleks" 6

They forget that I control them. I gave them life back again, and now I—I've taken it away. Finished it, stopped it.

-Lesterson, "The Power of the Daleks" 5

I know what I'm going to do. Laser torches. Melt them down. I'm going to melt the Daleks down to pools of metal!

-Lesterson, "The Power of the Daleks" 5

I'm going to wipe out the Daleks!

-Lesterson, "The Power of the Daleks" 5

LESTERSON: Marvelous creatures. You have to admire them.

BEN JACKSON: But we've gotta stop them!

LESTERSON: Oh, it's too late for that. They're the new species, you see, taking over from homo sapiens. Man's had his day. Finished now.

-"The Power of the Daleks" 6

All we can do is marvel at the creatures who are taking our place.

-Lesterson, "The Power of the Daleks"

I was merely telling my friend that the day of the Daleks is coming to an end.

-The Doctor, "The Evil of the Daleks"

QUINN: It was a miracle. How'd you do it?

DOCTOR: Eh? What'd I do? What'd I do?

BEN JACKSON: You destroyed the Daleks, that's what you did.

POLLY WRIGHT: No need to be modest about it.

DOCTOR: Did I do that?

POLLY: You know you did.

VALMAR: You used the power from the colony's electric supply, overfed it, and blew up their temporary static circuit. Well, didn't you?

DOCTOR: Did I do all that? Heh heh heh.

VALMAR: You may have stopped the Daleks, but have you any idea of the damage you've done to the colony?

DOCTOR: Oh. There was a blow back, was there?

VALMAR: A blow back? Our power supply has been destroyed! It'll be months before we can get things back to normal!

-"The Power of the Daleks" 6

I did a lot of damage, did I?

-The Doctor, "The Power of the Daleks" 6

Oh, that is unfortunate.

-The Doctor, "The Power of the Daleks" 6

I think we'd better get out of here before they send us the bill.

-The Doctor, "The Power of the Daleks" 6

Misunderstanding the Daleks

BRAGEN: Dalek?

LESTERSON: It's the name the Examiner has given to two metal creations that I've discovered inside the capsule.

BEN JACKSON: Yeah, and they're dangerous! Evil!

LESTERSON: Lumps of metal. Quite inactive.

BEN: That's what you think, mate. If you'd seen—

LESTERSON: I consider it my duty as a scientist to e—to examine, and investigate these objects.

-"The Power of the Daleks" 2

Ha ha! Oh, it's marvelous. Oh!

-Lesterson, "The Power of the Daleks" 3

Oh, you needn't worry about them anymore, Doctor. Just a heap of old iron now.

On Meeting Aliens in General

There are some corners of the universe which have bred the most terrible things. Things which act against everything we believe in. They must be fought.

-The Second Doctor, "The Moonbase"

Well, in view of the facts that I've already presented - the ray gun, this pen and one or two other things - I think we're dealing with people who are not from this planet.

On Dealing with Enemies

The Master

The Rani

Mayday, mayday. This is an urgent message for all of the Doctors. It's vitally important that you listen carefully to me, for once. Our whole existence is being threatened by a renegade Time Lord known only as the Rani. She hates me. She even hates children.

- The Fourth Doctor, "Dimensions in Time" 1

Her evil is all around us. I can hear the heartbeat of a killer. She's out there somewhere.

VII. THE TIME LORDS

GALLIFREY

THE TIME WAR

ELEVENTH DOCTOR: We're flying our three TARDISes into your lower atmosphere.

TENTH DOCTOR: We're positioned at equidistant intervals around the globe. "Equidistant." So grown up.

WAR DOCTOR: Just about ready to do it.

GENERAL: Ready to do what?

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISes, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

GENERAL: It's delusional. The—the calculations alone would take hundreds of years.

ELEVENTH DOCTOR: Oh, hundreds and hundreds.

TENTH DOCTOR: But don't worry, I started a very long time ago.

FIRST DOCTOR: Calling the War Council of Gallifrey. This is the Doctor.

ELEVENTH DOCTOR: You might say, I've been doing this all my lives.

SECOND DOCTOR: Good luck.

THIRD DOCTOR: Standing by.

SECOND DOCTOR: Ready.

FOURTH DOCTOR: Commencing calculations.

FIFTH DOCTOR: Soon be there.

SEVENTH DOCTOR: Across the boundaries that divide one universe from another.

SIXTH DOCTOR: Got to lock on to his coordinates.

NINTH DOCTOR: And for my next trick.

GENERAL: I didn't know when I was well off. All twelve of them!

TWELFTH DOCTOR: No, sir. Ha! All thirteen!

ANDROGAR: Sir! The Daleks know that something is happening. They're increasing their fire power.

GENERAL: Do it, Doctor. Just do it. Do it!

ELEVENTH DOCTOR: Okay. Gentlemen, we're ready. Geronimooooooooo!

TENTH DOCTOR: Allons-y!

WAR DOCTOR: Oh, for God's sake. Gallifrey stands!

A Tellurian? Oh! I have not seen one of these before.

-Shockeye, "The Two Doctors" 1

The humanoid mind. You are inquisitive.

-Cyber Controller, "The Tomb of the Cybermen"

Why do human beings kill human beings?

-Dalek, "The Power of the Daleks" 5

Revenge is a very human emotion.

-The Great Intelligence, "The Web of Fear" 5

The humans are being exterminated.

-Dalek, "The Power of the Daleks"

Man's had his day. Finished now.

-Lesterson, "The Power of the Daleks" 6

We saw your rocket overshoot the landing area... Don't worry. Most of the ships from Earth do overshoot.

-Quinn, *“The Power of the Daleks”* 1

IX. ALIEN WORLDS

Space Station Chimera

JAMIE McCRIMMON: “Just a wee laboratory,” eh?

DOCTOR: Well, it’s, uh...obviously...it’s grown.

JAMIE: It’s like twenty castles in the sky!

- *“The Two Doctors” 1*

DOCTOR: Now then, I...think we’ll just dematerialize to avoid their detection beams, and slip in quietly.

JAMIE McCRIMMON: Uh, I thought you said they were friendly.

DOCTOR: Friendly? I should think they’ll be overwhelmingly so.

JAMIE: Then why are we “slipping in quietly”?

DOCTOR: Jamie, some of the most brilliant scientists in the universe have assembled here to work together in pure research. I don’t want them to know that I’ve arrived!

JAMIE: Why not?

DOCTOR: Think of the commotion. They’d all be scrambling around, wanting my autograph.

- *“The Two Doctors” 1*

Vulcan

The planet is a large one.

- *Bragen, “The Power of the Daleks” 4*

There’s a lot to see in the colony.

-The Doctor, "The Power of the Daleks" 3

Well, I think it's pretty dull around here. I don't know why we don't just go back in the TARDIS.

-Ben Jackson, "The Power of the Daleks" 1

Oh, well, I vote we go back to the TARDIS. I've had enough of this dump.

-Ben Jackson, "The Power of the Daleks" 2

Oh, well, the way I see it, this lot's too busy arguing amongst themselves to do much about anything.

-Ben Jackson, "The Power of the Daleks" 3

DOCTOR: Mustn't underestimate any of them. Lesterson's a first class scientist, first class. He opened the capsule. He realized that the Daleks could be reactivated.

BEN JACKSON: Yeah, that could be the answer. Let's kidnap Lesterson, and hide him away for a bit. Well, it would stop him bringing the Daleks back to life, wouldn't it?...I thought it was pretty bright.

- "The Power of the Daleks" 3

The Doctor saved the colony from being completely wiped out.

-Ben Jackson, "The Power of the Daleks" 6

X. THE SONIC SCREWDRIVER

Hmm. Works by sound, does it?

-The Doctor, remarking on a sonic lock and key to a prison cell in "The Power of the Daleks" 4 (A possible inspiration for the sonic screwdriver?)

Yes. It's quite a simple sort of lock, really.

-The Doctor, "The Power of the Daleks" 4

I'm afraid you'll find these locks are foolproof.

-Quinn, "The Power of the Daleks" 5

I don't seem to be able to hit the right note. Do you have any more water?

-The Doctor, "The Power of the Daleks" 5

XI. RECORDER

Look, why don't you stop blowing that thing and talk to us properly?

-Ben Jackson, "The Power of the Daleks" 1

I'm sorry Doctor, but I must insist. My place is with the men out there, trying to do something about that... whatever it is out there, not standing about here, messing around, looking for some damn fool flute!

-Brigadier Lethbridge-Stewart,

"The Three Doctors"

Oh, how did he get that thing back again?

-Ben Jackson, "The Power of the Daleks" 1

XII. BOW TIES

Bow ties are cool.

-The Eleventh Doctor, "The Eleventh Hour"

XIII. JELLY BABIES

XIV. TWO HEARTS

XV. NAME DROPPING

SECOND DOCTOR: I simply don't understand it.

POLLY: Doctor, it wouldn't, I mean it couldn't possibly have anything to do with Lister, could it?

SECOND DOCTOR: Lister?

POLLY: Well, I mean, you did say that you took your degree in Glasgow in 1888. It does seem an awful long time from now, 2070 or whatever it is.

SECOND DOCTOR: Polly, are you suggesting that I'm not competent to carry out these tests?

POLLY: Oh, no. No, no, no, no. I was just wondering if there was anything that Joseph Lister didn't know in 1888 that might possibly help you now.

- *"The Moonbase"*

XVI. REGENERATION

I've been renewed. It's part of the TARDIS. Without it, I couldn't survive.

There can be no question of that.

-Hensell, "The Power of the Daleks" 3

I hope you're sure of your facts, Bragen.

-Hensell, "The Power of the Daleks" 5

Facts, Kent...I must have facts!

-The Doctor, "The Enemy of the World" 3

BEN JACKSON: Let's get our facts straight.

DOCTOR: Ah ha! Excellent. Good thinking, good thinking.

- "The Power of the Daleks" 2

DALEK: Watch and report.

DALEK 2: I obey.

-*"The Power of the Daleks" 4*

HENSELL: Well, your report, man. Hurry up. I've got a very full schedule.

BRAGEN: There is nothing to report.

-*"The Power of the Daleks" 4*

Well, what about Bragen's report, then? These are facts, Quinn. Now, what have you got to say about it?

-*Hensell, "The Power of the Daleks" 2*

The evidence confirms it.

-*Bragen, "The Power of the Daleks" 3*

Yes, if you've got anything to add to that, you'd better say it now.

-*Hensell, "The Power of the Daleks" 3*

There's enough doubt in your mind to make you go on asking questions. That's why we came here.

-*The Doctor, "The Enemy of the World" 5*

Logic, my dear Zoe, merely enables one to be wrong with authority.

-*The Doctor, "The Wheel in Space"*

SECOND DOCTOR: I am the Examiner.

HENSELL: Why are you here?

SECOND DOCTOR: To examine. And I intend to start my examination at once.

-*“The Power of the Daleks” 1*

Time I put you through some tests, I think.

-*The Doctor, “The Power of the Daleks” 1*

LESTERSON: Incredible! Good. Let’s move on to test fourteen.

DALEK: I am ready.

-*Lesterson, “The Power of the Daleks” 3*

He’d talk his way out of a quicksand.

-*Giles Kent, “The Enemy of the World” 5*

QUINN: I can’t explain that.

BRAGEN: Well, I’m sure you can’t.

-*“The Power of the Daleks” 2*

People killed, London invaded, all because of my wretched curiosity.

-*Professor Travers, “The Web of Fear” 6*

I may be stupid, but I’m not daft.

-The Second Doctor, "The Enemy of the World" 3

SECOND DOCTOR: Just one small question: Why do you want to blow up the world?

ZAROFF: Why? You, a scientist, ask me why? The achievement, my dear Doctor. The destruction of the world. The scientist's dream of supreme power!

- "The Underwater Menace"

SECOND DOCTOR: Don't you see what this is going to mean to all the people who come to serve Klieg the all powerful? Why, no country, no person would dare to have a single thought that was not your own. Eric Klieg's own conception of the, of the way of life!

THE DOCTOR: They're human beings, if that's what you mean. Indulging their favorite past time—trying to destroy each other.

-"The Enemy of the World" 1

Have you any idea what happens to people who've been involved in a nuclear war?...Those who are lucky enough to escape annihilation have their bodies eaten away by radiation poisoning. They're deformed in mind and body... They have a kind of society, but it's evil, corrupt!

-Salamander, "The Enemy of the World" 5

-The Doctor, "The Power of the Daleks" 2

Excellent. Excellent.

-The Doctor, "The Power of the Daleks" 3

You talk in pure quotes, old boy.

-Chorley, "The Web of Fear" 1

It's comforting to know that we have your superior strength to call on, should we need it.

-Victoria Waterfield, "The Tomb of the Cybermen"

Nice bow tie. Bow ties are cool.

-The Eleventh Doctor, "Vincent and the Doctor"

XXXVI. INSULTING SOMEONE

You imbecile!

-Hensell, "The Power of the Daleks" 5

Fools. Stupid fools.

-The Doctor, "The Power of the Daleks" 2

You're bigger fools than I thought.

-Polly Wright, "The Power of the Daleks" 5

LESTERSON: You fool! What do you think you're doing?

DOCTOR: I'm saving your life!

- "The Power of the Daleks" 3

Are you off your head, mate?

-Ben Jackson, "The Power of the Daleks" 3

Are you ill?

-Janley, "The Power of the Daleks" 5

You clod.

-Polly Wright, "The Power of the Daleks" 1

Just like her mother! Always interfering in things she knows nothing about.

-Professor Travers, "The Web of Fear" 1

Dastari, you have more letters after your name than anyone I know, enough for two alphabets. How is it that you can still be a stupid, incorrigible and thoroughly objectionable old idiot?!

-The Second Doctor, "The Two Doctors"

You should be examining your own brain cells, Dastari, most of them must have leaked out of your ears or you wouldn't be involved in this madness!

-The Second Doctor, "The Two Doctors"

Stop bleating like a Welsh baa-lamb.

-Staff Sgt. Arnold, "The Web of Fear" 5

You blithering Welsh imbecile! Why can't you do what you're told!

-The Second Doctor, "The Web of Fear" 6

JAMIE: You must have been a nasty little boy.

BENIK: Oh, I was. But I had a very enjoyable childhood.

-Benik, "The Enemy of the World" 5

What a nasty little man you are, to be sure.

-Donald Bruce, "The Enemy of the World" 6

He has no sensual refinement.

-Shockeye, "The Two Doctors" 1

You're a stupid old fool.

-Professor Travers, "The Web of Fear" 1

Stubborn old goat!

-Professor Travers, "The Web of Fear" 1

Of course it doesn't make any sense if you haven't got any sense.

-Benik, "The Enemy of the World" 6

You always were a tiresome man, Kent.

-Salamander, "The Enemy of the World" 6

Don't you realize you're dispensable, and the world is going to get along fine without you from now on.

-Giles Kent, "The Enemy of the World" 6

I didn't need you once. I still don't need you.

-Salamander, "The Enemy of the World" 6

What are you smiling at you... hairy legged highlander?

-The Second Doctor, "The Two Doctors"

I don't know what you're talking about, Evans, and quite frankly I don't care.

-Colonel Lethbridge-Stewart, "The Web of Fear" 5

XXXVII. AGING

Here, hasn't he got old?

-Jamie McCrimmon, "The Web of Fear" 2

It's my hands. Can't control them! Getting old, that's my trouble.

-Professor Travers, "The Web of Fear" 2

Prepare for a great darkness to cloud your mind.

-The Great Intelligence, "The Web of Fear" 6

XXXVIII. DEATH AND FUNERALS

LESTERSON: How is he? Is he better?

JANLEY: He's dead.

-“The Power of the Daleks” 4

She's dead. There's nothing you can do for her.

-Quinn, “The Power of the Daleks” 6

We need more time.

-The Doctor, “The Power of the Daleks” 6

Our time's up. We're all together.

-Staff Sgt. Arnold, “The Web of Fear” 6

On Remembering Lost Loved Ones

Oh yes, I can when I want to. And that's the point, really. I have to really want to, to bring them back in front of my eyes. The rest of the time they... they sleep in my mind and I forget. And so will you. Oh yes, you will. You'll find there's so much else to think about. To remember. Our lives are different to anybody else's. That's the exciting thing, that nobody in the universe can do what we're doing.

-The Second Doctor, “The Tomb of the Cybermen”

We will survive.

-Cyber Controller, “The Tomb of the Cybermen”

XXXIX. WISE SAYINGS

Our lives are different to anybody else's. That's the exciting thing, that nobody in the universe can do what we're doing.

-The Second Doctor, "The Tomb of the Cybermen"

You've got to take care of Number One in this world.

-Evans, "The Web of Fear" 3

Give a monkey control of its environment, and it will fill the world with bananas!

-The Second Doctor, "The Two Doctors"

We will survive.

-Cyber Controller, "The Tomb of the Cybermen"

XLVI. THANKS

Oh, thank you, thank you.

-The Doctor, "The Power of the Daleks" 3

Well, I mean I didn't expect the brass bands to be playin', but I wouldn't have thought a thank you would've hurt anybody.

-Ben Jackson, "The Power of the Daleks" 6

XLVII. CONGRATULATIONS

DOCTOR: Ah! Congratulations, Ben!

BEN: What did I do? What did I do?

DOCTOR: You just used your brain, that's what you did.

- "The Power of the Daleks" 3

No need to be modest about it.

- Polly Wright, "The Power of the Daleks" 6

XLVIII. ENCOURAGEMENT

Life depends on change and renewal.

-The Second Doctor, "The Power of the Daleks" 1

Good luck, my dears.

XLIX. LOVE

L. FRIENDSHIP

DOCTOR: We got off on the wrong foot, Lesterson, but—but I'm a reasonable man, and—and I've been thinking perhaps I was hasty.

LESTERSON: Well, if—if you—if you really want to call a truce...

DOCTOR: ...My dear fellow, I—I'd like to be friends.

- "The Power of the Daleks" 3

Can't leave your mates when they're in trouble, can you?

- Evans, "The Web of Fear" 3

LI. BIRTHDAY

LII. SORRY

My humblest apologies.

-Shockeye, "The Two Doctors" 1

PART FOUR

OTHER QUOTES

(Alphabetical by Topic)

ANAGRAMS

DOCTOR: Ben, I've just found a message in code. It's an anagram. You just take the capital letters, see? Work it out yourself.

BEN JACKSON: Oh, I can't do crosswords.

- "The Power of the Daleks" 4

APOLOGIES

He sends his apologies.

- Bragen, "The Power of the Daleks" 2

ARGUING

Stop these arguments, both of you. I've had enough.

- Hensell, "The Power of the Daleks" 3

BATHROOM ETIQUETTE

There's somebody in there.

- Ben Jackson, "The Power of the Daleks" 3

BIG BUSINESS

Greed and ambition, that's all it is. Wait till they find out what their precious production figures have cost them!

-The Doctor, "The Power of the Daleks" 3

BLAME

Don't you try and pin this on me, boy-o! Strikes me anything goes wrong around here and I'm always the one to get the blame.

-Evans, "The Web of Fear" 4

BUSY

The guard tried to tell us you were busy. You're not a bit, are you?

-The Doctor, "The Power of the Daleks" 4

CARING

Your solicitude is touching. Nevertheless, it is wasting time.

-The Great Intelligence, "The Web of Fear" 6

CARPE DIEM

Come on, Resno, man, get on with it. We haven't got all day.

-Lesterson, "The Power of the Daleks" 2

CHARLIE BRAGEN

BEN JACKSON: Here, I bet old Charlie Bragen did it.

POLLY WRIGHT: Charlie?

BEN: Well, Fred wouldn't suit him, would it?

- *"The Power of the Daleks" 2*

DOCTOR: There's only one possible way that you could know that I'm not the Examiner.

BEN JACKSON: Yeah, by knowing what the real Examiner looked like.

DOCTOR: Exactly, Ben. Exactly! Only two people know of his arrival on this planet. Myself, and his murderer.

- *"The Power of the Daleks" 3*

BEN JACKSON: He'd make a right Father Christmas, wouldn't he?

DOCTOR: Oh, I'd rather fight a hundred of his sort than just one Dalek.

- *"The Power of the Daleks" 3*

The guard tried to tell us you were busy. You're not a bit, are you?

- *The Doctor, "The Power of the Daleks" 4*

DOCTOR: Bragen.

BRAGEN: Of course. Who else is fitted to be leader of the rebels?

DOCTOR: No doubt you want to be leader of the Daleks, too.

BRAGEN: I am the leader of the Daleks.

- *"The Power of the Daleks" 4*

BRAGEN: The Governor will hardly listen to an impostor.

DOCTOR: An impostor? How do you propose to prove that?

BRAGEN: My guards are now going to produce the body of the real Examiner from the mercury swamp.

DOCTOR: The one you murdered.

BRAGEN: The one you pretended to be.

DOCTOR: Murder's a far worse crime than impersonation.

BRAGEN: Yes, but you can't prove I'm a murderer, while I can prove that you're an impostor.

-*"The Power of the Daleks" 4*

Everything leads back to friend Bragen.

-*Quinn, "The Power of the Daleks" 4*

The people will do exactly as they are told.

-*Bragen, "The Power of the Daleks" 5*

Yes, obey me. From now on, I'll have complete obedience from everyone!

-*Bragen, "The Power of the Daleks" 5*

BRAGEN: The Daleks will do as I tell them.

DOCTOR: We shall see, shan't we?

-*"The Power of the Daleks" 5*

VALMAR: Bragen. The colony's become too small for him. He wants us out of the way now.

BEN JACKSON: Yeah, well, it often happens that way, mate, when you follow blokes like him.

-*"The Power of the Daleks" 6*

He's got to be stopped.

-*Janley, "The Power of the Daleks" 6*

BRAGEN: Now, I shall restore law and order on this planet.

QUINN: Not your law, Bragen. That's finished for good.

BRAGEN: You'll obey me or—

QUINN: Your day is over, Bragen. No one will obey you now.

- *"The Power of the Daleks" 6*

COCKNEY RHYMING SLANG

BEN: You, my old china, are an out and out phony!

DOCTOR: China. Yes, I went there once, I believe. Met Marco Polo.

BEN: No, not "China." China! China and plate! Mate, friend.

DOCTOR: Yes, Marco Polo, a friend. I believe he was.

- *"The Power of the Daleks" 2*

COME ALONG

What we want is in Lesterson's laboratory. Come along.

- *The Doctor, "The Power of the Daleks" 3*

Come along, Jamie.

- *The Doctor, "The Two Doctors" 1*

Oh, come along, Ben. Come along!

- *The Doctor, "The Power of the Daleks" 3*

COMIC CON

DOCTOR: Now then, I...think we'll just dematerialize to avoid their detection beams, and slip in quietly.

JAMIE McCRIMMON: Uh, I thought you said they were friendly.

DOCTOR: Friendly? I should think they'll be overwhelmingly so.

JAMIE: Then why are we "slipping in quietly"?

DOCTOR: ... I don't want them to know that I've arrived!

JAMIE: Why not?

DOCTOR: Think of the commotion. They'd all be scrambling around, wanting my autograph.

- "The Two Doctors" 1

CONSEQUENCES

This could have far reaching consequences.

-Hensell, "The Power of the Daleks" 5

CORRECTING MISTAKES

If I was wrong then, I have a chance to rectify it now.

-Bragen, "The Power of the Daleks" 3

COUP D'ETAT

HENSELL: How long do you think your handful of guards can hang out when the people hear that I am being kept a prisoner in my own capital?

BRAGEN: The people will do exactly as they are told, Hensell. It will, of course, be easier for them if you cooperate with us.

- "The Power of the Daleks" 5

HENSELL: So, Bragen, you want my cooperation, do you?

BRAGEN: It would save bloodshed. I might even let you keep the title of Governor.

HENSELL: Might you now? I'll tell you what you will do. You'll order your guards to disarm and place yourself under arrest immediately!

BRAGEN: So you reject my offer. I thought it a generous one, in the circumstances.

- "The Power of the Daleks" 5

I will not be intimidated.

-Hensell, "The Power of the Daleks" 5

Of course not. In character to the last, Hensell. Kill him!

-Bragen, "The Power of the Daleks" 5

CRIME

Murder's a far worse crime than impersonation.

-The Doctor, "The Power of the Daleks" 4

If you'd listened to me in the first place, you wouldn't be locked up here now.

-Quinn, "The Power of the Daleks" 4

Well, your imprisonment hasn't been entirely wasted.

-The Doctor, "The Power of the Daleks" 4

If we make a fool of ourselves, I don't care. We report it!

-Ben Jackson, "The Power of the Daleks" 3

LESTERSON: I-It'll have to be reported.

JANLEY: Don't worry. No one will find the body.

LESTERSON: Oh, Janley...you've done a terrible thing.

- "The Power of the Daleks" 4

Why don't you arrest us? Because there's a doubt, isn't there?

- The Doctor, "The Power of the Daleks" 3

POLLY WRIGHT: But we've got to defend Quinn.

BEN JACKSON: Yeah, I know. He's innocent until he's proved guilty. But he *is* guilty.

POLLY: He's the Deputy Governor.

BEN: So what? I had a headmaster once who got nicked for not paying his bus fare. And then there's the motive. Don't forget the motive.

POLLY: Like what, for instance?

BEN: Well, he's the Deputy Governor, right? Maybe he wants to be Governor.

POLLY: Oh, that's ridiculous.

BEN: Well... he was caught red-handed in the Communications room with a pair of pliers. And don't tell me he was plucking his eyebrows either.

POLLY: Look, there are some people you know are all right. You just know by looking at them.

- "The Power of the Daleks" 2

The evidence confirms it.

-Bragen, "The Power of the Daleks" 3

It's only circumstantial evidence.

-Quinn, "The Power of the Daleks" 2

Let us conduct this inquiry in an orderly manner.

-Hensell, "The Power of the Daleks" 3

Well, we couldn't have helped him, Polly, even if we'd wanted to. The Governor's already reached his verdict.

-Ben Jackson, "The Power of the Daleks" 3

I still think Quinn's innocent.

-Polly Wright, "The Power of the Daleks" 3

DOCTOR: We'll help him, Polly, but later.

POLLY WRIGHT: Yes, but—

DOCTOR: Now, this is a case where a little injustice is better than wholesale slaughter.

-The Doctor, "The Power of the Daleks" 3

BEN JACKSON: Some joker has kidnapped Polly and sent us this note.

DOCTOR: Yes.

BEN: Well, we wanna know what you're doing to find her.

BRAGEN: Now that the communications are restored, we can start a search.

BEN: Yeah, I can just imagine what kind of job you'll make of that.

-"The Power of the Daleks" 4

You will be returned to prison and properly guarded this time.

-Bragen, "The Power of the Daleks" 5

CRITICS

We've all got enough to do without having to worry about some amateur critic from Earth interfering.

-Hensell, "The Power of the Daleks" 1

DAMAGE

I did a lot of damage, did I?

-The Doctor, "The Power of the Daleks" 6

Oh, that is unfortunate.

-The Doctor, "The Power of the Daleks" 6

I think we'd better get out of here before they send us the bill.

-The Doctor, "The Power of the Daleks" 6

DETENTION

QUINN: I hope you're not thinking of detaining me, Bragen.

BRAGEN: I've no option. I could hardly let you run around loose after this, could I? All right, guards.

- "The Power of the Daleks" 2

DOCTOR WHO

I shall complain when this is over.

-The Doctor, "The Two Doctors" 1

DOUBT

DOCTOR: There's a doubt, isn't there? Because it might, it just might, go against you.

BRAGEN: All right, all right, so neither of us wants to make a move.

- "The Power of the Daleks" 3

DRIVING

SECOND DOCTOR: Splendid! We've hit conterminous time again.

JAMIE McCRIMMON: Well, we've certainly hit something.

- "The Two Doctors" 1

EXPLAIN LATER

BRAGEN: I'm sure you can offer some suitable explanation.

QUINN: I can. But not to you.

- "The Power of the Daleks" 2

All right. Well, we shall talk about it tomorrow.

-Hensell, "The Power of the Daleks" 1

FACEBOOK

LESTERSON: Connecting, now.

RESNO: No connections responding.

LESTERSON: Not at all?

RESNO: No.

LESTERSON: Are you sure?

RESNO: There's nothing wrong here.

LESTERSON: Well, let's see.

-*"The Power of the Daleks" 2*

FASHION

I would like a hat like that.

-*The Doctor, "The Power of the Daleks" 4*

Oh, what a nice new uniform. Very smart, very smart.

-*The Doctor, "The Power of the Daleks" 4*

HENSELL: Bragen, see that the Examiner and his party get some proper clothes.

SECOND DOCTOR: We are wearing proper clothes.

-*"The Power of the Daleks" 1*

FOOD

Ah ha, fruit!

-*The Doctor, "The Power of the Daleks" 2*

GUNS

What do you think your guns are for?

-*Bragen, "The Power of the Daleks" 6*

Enough of guns.

-Quinn, "The Power of the Daleks" 6

Well, go on, take the gun away. We don't want any accidents.

-Janley, "The Power of the Daleks" 4

GREED

Greed and ambition, that's all it is. Wait till they find out what their precious production figures have cost them!

-The Doctor, "The Power of the Daleks" 3

GUARDS

QUINN: These comic opera guards of yours do have some uses after all.

BRAGEN: I pick them for their physical fitness.

QUINN: I thought it wasn't for their IQ.

-"The Power of the Daleks" 1

If those muscle boys of yours had any brains, they'd stop things like this.

-Quinn, "The Power of the Daleks" 2

I'm on my way there now, if I can push past Bragen's army of layabouts.

-Quinn, "The Power of the Daleks" 1

I refuse to allow my guards to be sacrificed.

-Bragen, "The Power of the Daleks" 6

HELP

We'll help him, Polly, but later.

-The Doctor, "The Power of the Daleks" 3

If I am to help, I must know everything.

-Dalek, "The Power of the Daleks" 3

Everything you need, you can have.

-Lesterson, "The Power of the Daleks" 3

VALMAR: Pass me that small screwdriver.

POLLY WRIGHT: I can't. My hands are tied. Anyway, I wouldn't help you even if I could.

VALMAR: Okay.

-"The Power of the Daleks" 5

I wouldn't help you even if I could.

-Polly Wright, "The Power of the Daleks" 5

IDEAS

Lesterson watches over his ideas like a mother hen.

-Bragen, "The Power of the Daleks" 2

IMPORTANT

It's important! It's desperately important!

-Lesterson, "The Power of the Daleks" 5

INTERFERENCE

Don't try to stop me!

-Lesterson, "The Power of the Daleks" 5

Please don't interfere.

-Hensell, "The Power of the Daleks" 1

Just get out of my way!

-Lesterson, "The Power of the Daleks" 5

LAW

We are not ready yet to teach these human beings the law of the Daleks.

-Dalek, "The Power of the Daleks" 5

LEADERSHIP

Well, somebody has to do something.

-Janley, "The Power of the Daleks" 1

LEAVE WELL ALONE

RESNO: Ugly-looking brutes, aren't they? Hey, what's he wanna muck about with them for? Leave well alone, that's what I say.

JANLEY: You're a fine one to be a research assistant. "Leave well alone!" There'll be no progress on this planet with people like you around.

RESNO: We're doing all right as we are.

-*"The Power of the Daleks" 2*

LUCK

Events turned out against him, that's all.

-*Quinn, "The Power of the Daleks" 5*

MULTI-DOCTOR MOMENTS

Certainly I—I mean we, heh—are difficult to get rid of. Ah ha ha ha, ha ha ha ha.

-*The Seventh Doctor, "Dimensions in Time" 2*

MURDER

Murder's a far worse crime than impersonation.

-*The Doctor, "The Power of the Daleks" 4*

But why? Why was he killed?

-*Quinn, "The Power of the Daleks" 5*

MYSTERY

It's a mystery, isn't it?

-*Bragen, "The Power of the Daleks" 1*

NOT ME

It has nothing to do with me.

-Bragen, *"The Power of the Daleks" 1*

PATIENCE

SHOCKEYE: So now we wait.

CHESSENE: Not for long.

-*"The Two Doctors" 1*

Sometimes, Governor, a few years is a long time to wait.

-Bragen, *"The Power of the Daleks" 3*

PERMISSION

If there was a bomb under this floor timed to go off in five minutes, would you ask my permission before you ripped up the floorboards?

-*The Doctor, "The Power of the Daleks" 2*

PERSEVERENCE

BRAGEN: That might be difficult.

DOCTOR: But not impossible.

-*"The Power of the Daleks" 2*

POLITICS

Governors are all the same. He wouldn't ask for help. If he sent the word, it would look as if he couldn't do the job properly.

-*Ben Jackson, "The Power of the Daleks" 2*

QUINN: Hensell's trouble is he thinks he can run this colony on his personality alone.

DOCTOR: But even if he knew of the danger, could he do anything?

- "The Power of the Daleks" 4

The Governor's popular. He can count on the mine workers at the perimeter for support.

- Quinn, "The Power of the Daleks" 4

You won't get away with it, you know. The Governor knows all about you rebels. He'll smash the lot of you when he's ready.

- Resno, "The Power of the Daleks" 2

Will you be quiet! Where do you both think you are? This is a scientific laboratory. Kindly keep your politics out of it.

- Lesterson, "The Power of the Daleks" 2

BRAGEN: Unless you're trying to create trouble here to undermine the Governor's position.

HENSELL: Bragen, you'd better explain that.

BRAGEN: If you're removed, who takes your place? The Deputy Governor, of course. And that's the real reason behind all this trouble, isn't it, Quinn?

- "The Power of the Daleks" 3

HENSELL: I chose Quinn myself. I trained him for the job. Why, in a few years time, he'd have had this seat.

BRAGEN: Sometimes, Governor, a few years is a long time to wait.

- "The Power of the Daleks" 3

Bragen, I'm making a tour of the perimeter. I put you in direct charge here. See that Lesterson gets everything he wants, will you?

-Hensell, "The Power of the Daleks" 3

PRISONERS

CHESSENE: Shockeye, their last supper would have added luster to your reputation.

SHOCKEYE: Ohh!

CHESSENE: Ah, ha ha. Except that they won't live to remember it.

-"The Two Doctors" 1

PRIVACY

Once his door is closed, no one, not even you, Examiner, is allowed into his room.

-Bragen, "The Power of the Daleks" 2

REBELS

So far, we've been concerned with testing the strength of the Governor with a few acts of sabotage. But now we're ready to take over.

-Janley, "The Power of the Daleks" 4

The rebels. They're nothing more than one or two fanatics.

-Bragen, "The Power of the Daleks" 3

Don't let them fool you about the rebels. They're strong. Try and find out where they hold their meetings.

-Quinn, "The Power of the Daleks" 3

The rebels are well-organized.

-The Doctor, "The Power of the Daleks" 4

Don't let them concentrate in large groups. Hit them before they organize.

-Bragen, "The Power of the Daleks" 6

Do not trust the rebels.

-Bragen, "The Power of the Daleks" 6

QUINN: How can I be in league with the rebels?

BRAGEN: The evidence confirms it.

QUINN: Well, I even warned of their dangers.

BRAGEN: As part of your overall plan.

QUINN: You wouldn't even take the matter seriously.

BRAGEN: If I was wrong then, I have a chance to rectify it now.

- "The Power of the Daleks" 3

BRAGEN: He left me in control.

JANLEY: We could take over the colony now.

BRAGEN: No. No, it has to be absolutely right. I don't want to take over a colony full of rebels, do I, Janley?

JANLEY: I don't know. You're making me help them.

BRAGEN: Only to stir them up to create enough trouble to get rid of Hensell, and then, then we crush them. The whole colony will be grateful, and I'll be Governor.

- "The Power of the Daleks" 3

JANLEY: We've won. The revolution's over. I'll pass the word to Valmar, Kebble and the rest.

BRAGEN: Wait. The revolution is not quite over yet.

JANLEY: What more can we do? Hensell's dead, you're the new Governor. The battle's over.

BRAGEN: Not quite. You mentioned Kebble, Valmar and that rabble. Well, now *they* must be dealt with.

JANLEY: But those are our own men.

BRAGEN: Of course.

JANLEY: I don't understand.

BRAGEN: Do you think I can ever be secure in that chair while that rabble are still loose? They rebelled against Hensell yesterday. Tomorrow it'll be my turn. Well, let them rebel. Tell them the guards have taken control. Let them attack, and they we crush them utterly.

JANLEY: You say *we*.

BRAGEN: Yes. We've come a long way together, you and I. Are you going to back down now?

JANLEY: Couldn't you just arrest them?

BRAGEN: Everyone must be killed.

JANLEY: Must they all be slaughtered?

BRAGEN: All of them.

-*"The Power of the Daleks" 6*

Well, it seems Bragen's gone power mad. He wants the rebels to revolt, then he can finish 'em off.

-*Ben Jackson, "The Power of the Daleks" 6*

REBUILDING

There's a lot of clearing up to be done. We will rebuild together.

-*Quinn, "The Power of the Daleks" 6*

RISK

I don't take needless risks.

-Janley, "The Power of the Daleks" 4

SERVANTS

Stand aside. Servants shouldn't question.

-The Doctor, "The Power of the Daleks" 3

SIGHT

Get him out of my sight!

-Hensell, "The Power of the Daleks" 3

STARING

POLLY WRIGHT: Doctor, when he was talking to you, you were staring at the other man.

SECOND DOCTOR: Yes, very rude of me, wasn't it? Terrible manners... To tell you the truth, I was studying his reaction, seeing if he agreed with the story.

-"The Power of the Daleks" 1

STAY HERE

You stay here. I shan't be long.

-The Doctor, "The Power of the Daleks" 2

SURPRISE

Let's go and surprise them.

-Lesterson, "The Power of the Daleks" 2

TRULY RANDOM

Jamie: Oh, no, you're not thinking of what I think you're thinking of, are you?

The Doctor: That, I think, Jamie, depends upon what you think I am thinking!

- *"The Dominators"*

Officially I'm here quite unofficially.

- *The Second Doctor, "The Two Doctors"*

UNIT

You've had this place redecorated, haven't you? Hmm, don't like it.

- *The Second Doctor, "The Five Doctors"*

WANDERING OFF

She wouldn't have wandered off. I know she wouldn't!

DANIEL RIDER is a writer and stay-at-home dad living in Denver, Colorado, USA. Other than this series of quote books, he has one novel, *Indian Summer*, and a number of short stories and poems out in the world. He is currently working on several projects, including an illustrated children's book and a second novel.

CHERYL DUNCAN runs the amazing shop Bonehead Totes, Bags and Other Cool Stuff, where one can find all kinds of wonderful accessories to wear and carry, a number of them *Doctor Who* items. In her spare time, she creates fabulous *Who* photo edits, like the one that graces the cover of this book, and watches David Tennant's stories on a constant, beloved loop. Cheryl hails from Englewood, Florida, USA.

AARON GITTOES specially created the font on the cover of this book for his Facebook page Doctor Who Fan Art, but he is graciously letting us use it. Aaron lives in New South Wales, Australia, where he produces fantastic *Doctor Who* photo edits and art. He hopes someday he may get hired by the BBC to continue this work professionally.

BYRON THORESEN-JONES is an artist, songwriter, filmmaker, and marketer in Chicago, Illinois, USA. As a teenager in the 1980s, he cut his teeth working on a *Doctor Who* audio series with Daniel Rider, and he has recently illustrated several comics based on that old audio series. He both runs the website for the *Talk Like the Doc* quote books and acts as an indispensable editor for the series.

Doctor WHO 2 is a Facebook page that celebrates *Doctor Who* throughout the years. Started by Daniel Rider and Byron Thoresen-Jones in Winter 2012, it has gained a number of admins and followers, and it is a place where friends and fellow *Who* enthusiasts can gather to gab about this wonderful 50-year-old show and share thoughts, ideas, and art.
