## PREFACE

The Eighth Doctor.

Kind, considerate, handsome, “slightly psychic” and slightly *human* (depending on your level of revisionist history), Paul McGann’s Doctor had an amazing calmness about him even when he was at his most urgent. In a word, he was awesome, and despite only a brief outing in the 1996 TV movie *Doctor Who*, he won our hearts and firmly took his place in the *Doctor Who* canon, going on to appear in Big Finish audio dramas, a new 2003 version of “Shada” with his Doctor, and ultimately in the minisode “The Night of the Doctor” where he finally got to regenerate, although the man he turned into was probably “not the one you were expecting.”

I was a graduate student at Auburn University in Alabama when the TV movie broadcast, and I watched it with a group of fellow enthusiasts from my apartment complex, in the apartment manager’s actual apartment. It was a day of celebration, cheering, and pizza, one of my favorite memories ever in my long history of watching this wonderful show. And the movie itself, recorded on a VHS tape back in my own apartment, soon became my most watched *Doctor Who* story, especially the first 30 minutes which I played over and over for days, and then watched every morning before going to teach Freshman English. That opening title sequence pumped me up to teach, and as an English major I got a grammarian thrill every time I heard the Master correct Dr. Grace Holloway’s English. The Eighth Doctor kissed *well*, certainly not *good*. Yay, English! Yay, *Doctor Who*! And most of all, yay, Paul McGann as the Doctor! (Not so yay on the kiss at the time, like many Whovians, but I eventually got over it.)

All in all, the Eighth Doctor is sensational. He may only have gotten two TV outings, but these two certainly offered an abundant helping of great quotations. I hope you enjoy perusing them as much as I enjoyed compiling them.

Cheers,

Daniel Rider

## [HOW TO USE THIS BOOK](#)

Not so long ago, when my daughter was still wearing diapers and it fell to me as the daddy to change them at necessary (and quite obvious) intervals, I found myself repeating one phrase over and over, every time: “Change, my dear, and not a moment too soon.” This quotation, from Sixth Doctor Colin Baker’s very first moments in “The Caves of Androzani” soon became my diaper-changing mantra. It set me wondering: *How many other **Doctor Who** quotations could be applied so perfectly to the things we do every day? And how fun would it be if we actually knew and could use those quotations in our everyday lives?*

In this PDF (one of thirteen, one for each Doctor), you will find an easily navigable Chapter Index broken into four sections: Quotes from the Doctor’s World, Quotes for Use in Everyday Life, Greeting Cards (for quotes to use in situations of sympathy, friendship, birthdays, etc.), and Other Topics. You can use the hyperlinks in the Chapter Index to get around easily, or, if you’ve got something specific in mind, you can use the “Find” function to search out specific words or phrases you want to look up. For instance, if you want to find out what the Eighth Doctor has to say about the famous psychologist Sigmund Freud, just type in “Freud” in the “Find” box, and there you go. And feel free to change the size and appearance of the document for your reading pleasure and ease.

Have fun!

## PART ONE

# QUOTES FROM THE DOCTOR'S WORLD

## I. THE FIRST MOMENTS OF A NEW DOCTOR

In all my travels through space and time, and nearing the end of my seventh life, I was finally beginning to realize that you could never be too careful.

*-The Doctor, "Doctor Who: The Movie"*

Three gunshot wounds. Heart's going crazy. Must have taken something.

*-Bruce the ambulance driver,  
"Doctor Who: The Movie"*

Hold in there, old guy. Chang Lee'll help you.

*-Chang Lee, "Doctor Who: The Movie"*

One bullet went straight through his shoulder. No damage. The other two are in his left leg.

*-Nurse Wheeler, "Doctor Who: The Movie"*

NURSE CURTIS: Two hearts?... Look, two hearts.

DR. SALINGER: As if! It's a double exposure, Curtis. Let's get these bullets out, then.

*-"Doctor Who: The Movie"*

NURSE WHEELER: Heart's still going like crazy.

DR. SALINGER: Well, we'll have to bring in cardiology.

*-"Doctor Who: The Movie"*

We've already taken out all the bullets, and now we're going to listen to your heart and try to find out why it's so wild, and then I'm going to fix it. You'll be fine.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

SEVENTH DOCTOR: Whatever you're about to do, stop.

DR. GRACE HOLLOWAY: Mr. Smith, you're going to be all right.

SEVENTH DOCTOR: No. I am not human. I am not like you.

*-"Doctor Who: The Movie"*

No, I'm not human. I'm not human. I'm not...

*-The Seventh Doctor, "Doctor Who: The Movie"*

DR.SALINGER: Massive seizure! Get that probe out of there!

DR. GRACE HOLLOWAY: I'm trying!

NURSE CURTIS: Picture's out.

GRACE: Damn it!

NURSE WHEELER: We're dropping off fast.

DR. SALINGER: Just pull it out!

GRACE: Come to me!

DR. SALINGER: Get it out of there, Grace!

GRACE: It's no good. I can't get it out of him.

DR. SALINGER: Grace, he's flat-lining.

GRACE: The probe's snapped. It's still in him.

DR. SALINGER: Clear! Clear! Clear! Clear! Clear!

*-"Doctor Who: The Movie"*

He died.

*-Nurse Curtis, "Doctor Who: The Movie"*

DR. SALINGER: Time of death?

NURSE CURTIS: 10:03.

*-"Doctor Who: The Movie"*

Tag him as a John Doe and book him for an autopsy.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

John Doe, on the toe. Oh, we've got a nice autopsy booked for you tomorrow morning, mister, followed by a sauna or a Swedish herbal wrap. What would be your pleasure?

*-Pete, "Doctor Who: The Movie"*

Sweet dreams.

*-Pete, "Doctor Who: The Movie"*

Who am I? Who am I? WHO...AM...I?

*-The Doctor, "Doctor Who: The Movie"*

It's alive. He's alive. Ohh, it's alive. He's alive!

*-Dr. Victor Frankenstein, Frankenstein  
as seen in "Doctor Who: The Movie"*

Oh my God! God, no!

*-Pete, "Doctor Who: The Movie"*

PETE: It wasn't the same guy.

DR. GRACE HOLLOWAY: Sounds like you saw the guy who stole the body.

PETE: He was wearing a shroud and a JD tag on his toe.

-*"Doctor Who: The Movie"*

CHANG LEE: You know, I was told he was dead.

MASTER: Yeah, well, that body had died, but now he's regenerated into another one.

-*"Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Okay, you're trying to tell me that you've come back from the dead.

DOCTOR: Yes.

GRACE: No. Sorry. The dead stay dead. You can't turn back time.

DOCTOR: Yes, you can.

-*"Doctor Who: The Movie"*

I was dead too long this time. The anesthetic almost destroyed the regenerative process.

-*The Doctor, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: You all right?

DOCTOR: Better, yes...

GRACE: Good.

DOCTOR: ...now I don't have a piece of primitive wiring in my cardiovascular system.

-*"Doctor Who: The Movie"*

Who am I? Who am I? WHO...AM...I?

*-The Doctor, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Maybe you have selective amnesia brought on by shock.

DOCTOR: Maybe. I can't remember.

*- "Doctor Who: The Movie"*

I don't know who I am, but I know you know me.

*-The Doctor, "Doctor Who: The Movie"*

DOCTOR: How's my blood?

DR. GRACE HOLLOWAY: It's not blood.

*- "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Maybe you're the result of some weird genetic experiment.

DOCTOR: I don't think so.

*- "Doctor Who: The Movie"*

I know who I am! I...am...the Doctor!

*-The Doctor, "Doctor Who: The Movie"*

## II. THE EIGHTH DOCTOR

### *In His Own Words*

Who am I? Who am I? WHO... AM... I?

*-The Doctor, "Doctor Who: The Movie"*

I'm a doctor. But probably not the one you're expecting.

*- The Doctor, "The Night of the Doctor"*

Well, look on the bright side. I'm not a Dalek.

*- The Doctor, "The Night of the Doctor"*

I'm easy to find. I'm the guy with two hearts.

*- The Doctor, "Doctor Who: The Movie"*

DOCTOR: You're not afraid of heights, are you?

DR. GRACE HOLLOWAY: Yeah!

DOCTOR: So am I.

*- The Doctor, "Doctor Who: The Movie"*

OHILA: You are the good man, as you call yourself?

DOCTOR: I call myself the Doctor.

OHILA: It's the same thing in your mind.

DOCTOR: I'd like to think so.

*- The Doctor, "The Night of the Doctor"*

Yes, that's right. I am a Time Lord.

- *The Doctor, "Doctor Who: The Movie"*

Yes, I'm a Time Lord, but I'm one of the nice ones.

- *The Doctor, "The Night of the Doctor"*

I'm half human. On my mother's side.

- *The Doctor, "Doctor Who: The Movie"*

I'm not part of the war. I swear to you, I never was.

- *The Doctor, "The Night of the Doctor"*

Grace, I came back to life before your eyes. I held back death. Look, I can't make your dream come true forever, but I can make it come true today.

- *The Doctor, "Doctor Who: The Movie"*

### *To His Friends*

He likes me to call him Doctor.

-*Dr. Grace Holloway, "Doctor Who: The Movie"*

Oh! Great. I finally meet the right guy and he's from another planet.

-*Dr. Grace Holloway, "Doctor Who: The Movie"*

He's so young!

*-Chang Lee, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: He's, um—he's British.

DOCTOR: Yes, I suppose I am.

*-"Doctor Who: The Movie"*

You really are insane, aren't you?

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

Can't you give him a sedative?

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: I'm gonna miss you.

DOCTOR: How can you miss me? I'm—I'm easy to find. I'm the guy with two hearts, remember.

*-"Doctor Who: The Movie"*

CASS: Go back to your battlefield. You haven't finished yet. Some of the universe is still standing.

DOCTOR: I'm not leaving this ship without you.

CASS: Then you're gonna die right there. Best news all day.

DOCTOR: Cass. Cass. Cass! Cass! Cass!

*-"The Night of the Doctor"*

There you go, interfering again.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

And here he is at last. The man to end it all. My sisters, the Doctor has returned to Karn. We have always known in our bones that one day he would return here. Such a pity he's dead.

*-Ohila, "The Night of the Doctor"*

### *To His Enemies*

You are my life.

*-The Master, "Doctor Who: The Movie"*

That's what he calls himself: Doctor!

*-The Master, "Doctor Who: The Movie"*

MASTER (*lying*): He's taken most of my regenerations.

CHANG LEE: What did he do with them?

MASTER: Unspeakable crimes.

CHANG LEE: Like what?

MASTER: Genghis Khan.

CHANG LEE: What about him?

MASTER: That was him.

CHANG LEE: No way.

MASTER: Yes, way. Look, I'm no saint, but he is evil, and he's doing it all with my body.

*-"Doctor Who: The Movie"*

The Doctor is half human. No wonder...

*-The Master, "Doctor Who: The Movie"*

### *To Strax*

Little is known of the Eighth Doctor's exploits except that he chose to become a *female* for this incarnation, and engaged in the futile pursuit of romantic attachment and obsession with footwear. He gave up such pointless pastimes to become a warrior fit to fight the greatest war in history.

*-Strax, "Strax Field Report - The Doctors"*

### *To Others*

You have helped us in the past.

*-Ohila, "The Night of the Doctor"*

He's back...and it's about time.

*-"Doctor Who: The Movie"—advertising material*

#### What is the TARDIS?

DOCTOR: Welcome aboard.

CASS: Aboard what?

DOCTOR: I'll show you.

*-"The Night of the Doctor"*

What was that thing?

*-Chinese Gangster, "Doctor Who: The Movie"*

The TARDIS is my ship that carries me through time and space. T-A-R-D-I-S. It stands for “Time and Relative Dimension in Space.”

*-The Doctor, “Doctor Who: The Movie”*

### *How Awesome is the TARDIS?*

This is a Type Forty TARDIS, able to take you to any planet in the universe and to any date in that planet’s existence.

*-The Doctor, “Doctor Who: The Movie”*

Two hundred and fifty million light years away. Whew. That’s a good ten minutes in this old thing.

*-The Doctor, “Doctor Who: The Movie”*

This is amazing.

*-Dr. Grace Holloway, “Doctor Who: The Movie”*

### *Bigger on the Inside*

A police box?

*-Dr. Grace Holloway, “Doctor Who: The Movie”*

Don’t worry, it’s bigger on the inside.

*-The Doctor, “The Night of the Doctor”*

This is amazing.

*-Dr. Grace Holloway, “Doctor Who: The Movie”*

CASS: What did you say? Bigger on the inside, is that what you said?

DOCTOR: Come on, you'll love it.

CASS: Is this a TARDIS?

DOCTOR: Yes, but you'll be perfectly safe, I promise you.

- *"The Night of the Doctor"*

### *The Faulty Chameleon Circuit*

DR. GRACE HOLLOWAY: Why a police box?

DOCTOR: Its cloaking device got stuck on a previous misadventure. I like it like this!

- *"Doctor Who: The Movie"*

### *How Reliable is the TARDIS?*

Is this thing reliable?

- *Dr. Grace Holloway, "Doctor Who: The Movie"*

### *The Parts of the TARDIS*

#### *The Doors*

DOCTOR: Temporal physics.

DR. GRACE HOLLOWAY: Oh, you mean like interdimensional transference. That would explain the spatial displacement we experienced as we passed over the threshold.

DOCTOR: Yes, if you like.

- *"Doctor Who: The Movie"*

### [The TARDIS Key](#)

DOCTOR: Now I always leave a spare key—

DOCTOR and DR. GRACE HOLLOWAY (*together*): —on a secret compartment above the door.

DOCTOR: Great minds think alike. Up you go. It's in a cubbyhole above the "P."

-*"Doctor Who: The Movie"*

Weird.

-*Chang Lee, "Doctor Who: The Movie"*

### [The TARDIS Console](#)

DR. GRACE HOLLOWAY: This looks pretty low-tech.

DOCTOR: Low-tech?

-*"Doctor Who: The Movie"*

### [The Cloister Bell](#)

That's a warning.

-*The Doctor, "Doctor Who: The Movie"*

### [The Eye of Harmony](#)

DR. GRACE HOLLOWAY: What's the Eye of Harmony?

DOCTOR: It's the power source at the heart of the TARDIS.

-*“Doctor Who: The Movie”*

Here is the Eye of Harmony, the heart of the structure. Everything gets its power from here.

-*The Master, “Doctor Who: The Movie”*

Awesome!

-*Chang Lee, “Doctor Who: The Movie”*

If I look into the Eye of Harmony, my soul will be destroyed.

-*The Doctor, “Doctor Who: The Movie”*

CHANG LEE: So how can it help us find him [The Doctor?]

MASTER: Well... If we *can* open the Eye, we *will* find him.

-*“Doctor Who: The Movie”*

MASTER: See if you can pull this reflector staff from its mooring.

CHANG LEE: This thing?

MASTER: Mm-hmm. You can do it. Yes. Good. Now, look in the beam of light. If the TARDIS really likes you, the Eye will open.

CHANG LEE: Why don't you look?

MASTER: You pulled the staff from the stone.

-*“Doctor Who: The Movie”*

The Eye of Harmony is open. If I don't close it, get my TARDIS and the Master off this planet [Earth], this planet will no longer exist!

-*The Doctor, “Doctor Who: The Movie”*

DOCTOR: In seven hundred years, no one has managed to open the Eye. How did you do it?

MASTER: Simple. Lee is human, and you are only half.

*-“Doctor Who: The Movie”*

If the Eye of Harmony isn't closed, this planet will be sucked through it! Grace, I need to fix the timing mechanism on the TARDIS and close the Eye. I need an atomic clock. Grace, please, help me find one.

*-The Doctor, “Doctor Who: The Movie”*

I shall prove to you that the Eye of Harmony is open. Look at this... You see? Already the molecular structure of the planet is changing... At first in subtle ways, but soon in catastrophic ways... By midnight tonight, this planet will be pulled inside out. There will be nothing left.

*-The Doctor, “Doctor Who: The Movie”*

If this is true, the Eye has been open too long and there is no future. I only hope—Oh, no!

*-The Doctor, “Doctor Who: The Movie”*

DOCTOR: Whatever's happening can't be stopped by closing the Eye.

DR. GRACE HOLLOWAY: Well, how come you didn't know that?

DOCTOR: I haven't opened the Eye before.

GRACE HOLLOWAY: Now you tell me.

DOCTOR: Grace, closing the Eye may not be enough. We have to go back to before the Eye was open. Maybe even before we arrived.

GRACE HOLLOWAY: This is a time machine.

DOCTOR: With no power.

GRACE HOLLOWAY: What?

DOCTOR: The Eye being open so long must have drained the TARDIS.

GRACE HOLLOWAY: Great!

DOCTOR: I'm sorry.

GRACE HOLLOWAY: You must have the power to get back. You must!

DOCTOR: Not enough.

GRACE HOLLOWAY: What about all those glorious predictions? All that knowledge about what's going to happen to Gareth, to me, to this city? That must come from somewhere. Think!

DOCTOR: Wait, wait, wait, wait, wait, wait, wait. Are you any good at setting alarm clocks?

*- "Doctor Who: The Movie"*

DOCTOR: We pre-set the coordinates just as I divert the power from within the Eye itself into the time rotor here.

DR. GRACE HOLLOWAY: We jump-start the TARDIS?

DOCTOR: We jump start the TARDIS.

*- "Doctor Who: The Movie"*

### *Operating the TARDIS*

And I thought surgery was difficult.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

### *Is the TARDIS Alive?*

The TARDIS likes you.

*-The Master, "Doctor Who: The Movie"*

What a sentimental old thing this TARDIS is.

*-The Doctor, "Doctor Who: The Movie"*

## IV. TIME AND TIME TRAVEL

### *The Nature of Time*

Time. Time! Time.

*-The Doctor, "Doctor Who: The Movie"*

Time, time, time, time, time, time, time...

*-Song from "Doctor Who: The Movie"*

It's about time.

*-"Doctor Who: The Movie"—advertising material*

DR. GRACE HOLLOWAY: You can't turn back time.

EIGHTH DOCTOR: Yes, you can.

*-"Doctor Who: The Movie"*

The universe hangs by such a delicate thread of coincidence. It's useless to meddle with it, unless, like me, you're a Time Lord.

*-The Doctor, "Doctor Who: The Movie"*

That's all the time we have.

*-News Anchor, KKBE Channel 7, San Francisco,*

*"Doctor Who: The Movie"*

*The Possibility of Time Travel*

DR. GRACE HOLLOWAY: So, time travel's possible?

DOCTOR: Anything's possible.

-*"Doctor Who: The Movie"*

## V. THE COMPANIONS

### Clara Oswald

Always, there's the Doctor. I'm running to save the Doctor again and again... And he hardly ever hears me. But I've always been there... right from the day he started running.

*-Clara Oswald, "The Name of the Doctor"*

### Grace Holloway

Amazing Grace.

*-Dr. Salinger, "Doctor Who: The Movie"*

I can't afford to lose you.

*-Hospital Director Swift,  
"Doctor Who: The Movie"*

CHANG LEE: I know that woman. She was the surgeon who operated on him [The Doctor] last night.

MASTER: Well, if we find her, we'll find him.

*-Chang Lee, "Doctor Who: The Movie"*

I am a doctor.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

It was a childish dream that made you a doctor. You dreamt you could hold back death. Isn't that true?

*-The Doctor, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Doctor?

DOCTOR: Yes?

GRACE: I only have one life. Could you remember that?

DOCTOR: I'll try.

GRACE: Thank you.

*-"Doctor Who: The Movie"*

Don't be sad, Grace. You'll do great things.

*-The Doctor, "Doctor Who: The Movie"*

DOCTOR: Come with me.

DR. GRACE HOLLOWAY: You come with me.

DOCTOR: Me come with you?

GRACE: Yes.

DOCTOR: Me come with you? It's tempting.

*-"Doctor Who: The Movie"*

I know who I am, and that's enough.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

Chang Lee

The Asian child.

*-The Master, "Doctor Who: The Movie"*

Well, I never... The TARDIS really likes you.

*-The Master, "Doctor Who: The Movie"*

You! You took my things.

*-The Doctor, "Doctor Who: The Movie"*

MASTER: Lee is the son I have always yearned for.

DOCTOR: Oh, please...

*-"Doctor Who: The Movie"*

MASTER: What do you want, Lee?

CHANG LEE: What do you mean?

MASTER: If you could have anything, anything at all, what would it be?

CHANG LEE: I don't know. A million bucks.

MASTER: Only a million...

CHANG LEE: Okay, two million.

MASTER: Think bigger.

CHANG LEE: A billion dollars!

MASTER: And what would that buy you?

CHANG LEE: Power.

MASTER: Power.

-*“Doctor Who: The Movie”*

CHANG LEE: We’re a team, right?

MASTER: Yes, we’re a...team.

-*“Doctor Who: The Movie”*

DOCTOR: What’s he been telling you?

CHANG LEE: When he gets his body back from you, I’m gonna be rich.

DOCTOR: And you believe him?

CHANG LEE: Why shouldn’t I?

DOCTOR: I suppose he neglected to mention that there won’t be any place left to spend your money?

-*“Doctor Who: The Movie”*

DOCTOR: Lee, this is your last chance!

CHANG LEE: This is my only chance!

MASTER: He’s right, Doctor. There’s nothing for him here. No family, no gangs, only death. But with me, he gets to see the universe.

DOCTOR: This is his last chance to stay alive and you know it!

-*“Doctor Who: The Movie”*

Next Christmas, take a vacation. Just don’t be here.

-*The Doctor, “Doctor Who: The Movie”*

[Cass](#)

She wasn't my companion.

*-The Doctor, "The Night of the Doctor"*

DOCTOR: You're young to be crewing a gunship, Cass.

CASS: I wanted to see the universe. Is it always like this?

DOCTOR: If you're lucky.

*-"The Night of the Doctor"*

DOCTOR: Where are the rest of the crew?

CASS: Teleported off.

DOCTOR: But you're still here.

CASS: I teleported them.

DOCTOR: Why you?

CASS: Everyone else was screaming.

*-"The Night of the Doctor"*

I'm crashing. Don't need a doctor.

*-Cass, "The Night of the Doctor"*

Cass. Cass. Cass! Cass! Cass!

*-The Doctor, "The Night of the Doctor"*

We are still attempting to extract her from the wreckage.

*-Ohila, "The Night of the Doctor"*

She's almost certainly dead. No one could survive that crash.

*-Ohila, "The Night of the Doctor"*

Doctor, attend your patient.

*-Ohila, "The Night of the Doctor"*

OHILA: You're wasting your time. She is beyond even our help.

DOCTOR: She wanted to see the universe.

OHILA: She didn't miss much. It's very nearly over.

DOCTOR: I could have saved her. I could have got her off, but she wouldn't listen.

OHILA: Then she was wiser than you. She understood there was no escaping the Time War. You are a part of this, Doctor, whether you like it or not.

DOCTOR: I would rather die.

OHILA: You're dead already. How many more will you let join you. If she could speak, what would she say?

DOCTOR: To me, nothing. I'm a Time Lord. Everything she despised.

OHILA: She would beg for your help, as we beg your help now.

*- "The Night of the Doctor"*

Cass, I apologize.

*-The Doctor, "The Night of the Doctor"*

## VI. MONSTERS AND ENEMIES

### *The Daleks*

Exterminate! Exterminate!

*-Daleks, "Doctor Who: The Movie"*

### *The Master*

It was on the planet Skaro that my old enemy the Master was finally put on trial. They say he listened calmly as his list of evil crimes was read, and sentence passed. Then he made his last, and I thought somewhat curious, request. He demanded that I, the Doctor, a rival Time Lord, should take his remains back to our home planet, Gallifrey... It was a request they should never have granted.

*-The Doctor, "Doctor Who: The Movie"*

The Master is a rival Time Lord... Pure evil. I was bringing home his remains from Skaro, where his final incarnation had been exterminated by the Daleks, or so we thought... But he wasn't dead.

*-The Doctor, "Doctor Who: The Movie"*

The Master. He's out there. He's out there.

*-The Seventh Doctor, "Doctor Who: The Movie"*

He's on his last life, fighting to survive. And the science has shown us over and over, in the fight for survival, there are no rules.

*-The Doctor, "Doctor Who: The Movie"*

MASTER: What do you know of last chances?

DOCTOR: More than you!

-*“Doctor Who: The Movie”*

DR. GRACE HOLLOWAY: Why don't you have the ability to transform yourself into another species like the—[Master]?

EIGHTH DOCTOR: Well, I do, but only when I die.

-*“Doctor Who: The Movie”*

MASTER (*now in Bruce the ambulance driver's body*): I must find the Doctor. This body won't last long. I need the Doctor's body.

MIRANDA (*Bruce's wife*): Hmm... A sense of humor. No more snoring. You don't need a doctor. Come back to bed, honey.

MASTER: My name is not Honey.

MIRANDA: Oh, well, what would you like me to call you, then?

MASTER: Master will do.

MIRANDA: Well, come back to bed...Master. Aaaaaaaahhhhhh!!!

-*“Doctor Who: The Movie”*

Look, I'm no saint.

-*The Master, “Doctor Who: The Movie”*

NURSE CURTIS: You're sick.

THE MASTER: Thank you.

-*“Doctor Who: The Movie”*

He's planning to take my body, so that he will live and I will die!

*-The Doctor, "Doctor Who: The Movie"*

He wants me to look into the Eye. If I look into the Eye of Harmony, my soul will be destroyed. He will take my body!

*-The Doctor, "Doctor Who: The Movie"*

I've got to stop... him.

*-The Seventh Doctor, "Doctor Who: The Movie"*

The guy from the ambulance?

*-Chang Lee, "Doctor Who: The Movie"*

I am not Bruce. It took me a minute with the talking and the walking, but I am not Bruce. I am merely inside his body.

*-The Master, "Doctor Who: The Movie"*

Why the shades?

*-Nurse Curtis, "Doctor Who: The Movie"*

I always *dress* for the occasion.

*-The Master, "Doctor Who: The Movie"*

CHANG LEE: You kill me.

MASTER: You want me to kill you?

CHANG LEE: No! No, I mean, uh, you make me laugh, man. You're a funny guy.

MASTER: I'm glad one of us is amused.

CHANG LEE: Hey, look, cheer up, man. You'll get your body back soon. And then, uh, we're a team, right?

MASTER: Yes, we're a...team.

-*"Doctor Who: The Movie"*

MASTER: We have no time to waste.

DOCTOR: But time to change.

MASTER: I always *dress* for the occasion.

DOCTOR: Well, I'm glad to see that you are aware of the gravity of the situation.

-*"Doctor Who: The Movie"*

Lee, this is my TARDIS. This is my Eye, and I'm in my own body. The Master has run out of all his lives. Now he plans to steal mine. That's the truth!

-*The Doctor, "Doctor Who: The Movie"*

MASTER: I have wasted all my lives because of you, Doctor, and I will be rid of you.

DOCTOR: All your lives. Didn't you tell Lee I'd stolen your lives? Lee, he's lying. He's used all his lives. Now he wants mine. Like I told you, this is my TARDIS, this is my body... He said it himself, Lee! He's wasted his lives, all of them!

-*"Doctor Who: The Movie"*

No! You lied to me!

-*Chang Lee, "Doctor Who: The Movie"*

MASTER: I'm taking your lives, Doctor... I can hear your thoughts, Doctor. I can feel your memories. Oh. Oh...

DOCTOR: This cannot be how it ends! Stop this. Please. Stop!

-*“Doctor Who: The Movie”*

Doctor... Soon I will have all your lives.

-*The Master, “Doctor Who: The Movie”*

DOCTOR: You want dominion over the living, yet all you do is kill!

MASTER: Life is wasted on the living!

-*“Doctor Who: The Movie”*

I'm alive! I'm alive!

-*The Master, “Doctor Who: The Movie”*

I am alive!

-*The Master, “Doctor Who: The Movie”*

DOCTOR: Your life force is dying, Master.

MASTER: Noooooooooo!

-*“Doctor Who: The Movie”*

## VII. THE TIME LORDS

It's not often one has a Time Lord in one's living room.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

### Gallifrey

DOCTOR: Look over there, on the other side of your galaxy. That's home.

DR. GRACE HOLLOWAY: Gallifrey.

DOCTOR: Two hundred and fifty million light years away. Whew.

*-"Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Well, you have no recollection of family.

DOCTOR: No. No, no, no, no, wait, wait, wait, wait. I remember I'm, uh, I, I—I'm with my father, we're lying back in the grass. It's a warm Gallifreyan night.

GRACE: Gallifreyan?

DOCTOR: Gallifrey! Yes, this must be where I live. Now, where is that?

GRACE: I've never heard of it. Wh-what do you remember?

DOCTOR: A meteor storm. Th—the sky above us was dancing with lights. Purple, green, brilliant yellow!

*-"Doctor Who: The Movie"*

## The Time War

The war between the Daleks and the Time Lords threatens all reality.

*-Ohila, "The Night of the Doctor"*

DOCTOR: I'm not part of the war. I swear to you, I never was.

CASS: You're a Time Lord.

DOCTOR: Yes, I'm a Time Lord, but I'm one of the nice ones.

CASS: Get away from me.

DOCTOR: Well, look on the bright side. I'm not a Dalek.

CASS: Who can tell the difference anymore?

*- "The Night of the Doctor"*

DOCTOR: It's not my war. I will have no part of it.

OHILA: You can't ignore it forever.

DOCTOR: I help where I can. I will not fight.

*- "The Night of the Doctor"*

OHILA: You are a part of this, Doctor, whether you like it or not.

DOCTOR: I would rather die.

OHILA: You're dead already. How many more will you let join you?

*- "The Night of the Doctor"*

OHILA: We beg your help now. The universe stands on the brink. Will you let it fall? Fast or strong, wise or angry? What do you need now?

DOCTOR: Warrior.

-*“The Night of the Doctor”*

I don't suppose there's a need for a doctor any more. Make me a warrior now.

-*The Doctor, “The Night of the Doctor”*

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISES, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

GENERAL: It's delusional. The—the calculations alone would take hundreds of years.

ELEVENTH DOCTOR: Oh, hundreds and hundreds.

TENTH DOCTOR: But don't worry, I started a very long time ago.

FIRST DOCTOR: Calling the War Council of Gallifrey. This is the Doctor.

ELEVENTH DOCTOR: You might say, I've been doing this all my lives.

SECOND DOCTOR: Good luck.

THIRD DOCTOR: Standing by.

SECOND DOCTOR: Ready.

FOURTH DOCTOR: Commencing calculations.

FIFTH DOCTOR: Soon be there.

SEVENTH DOCTOR: Across the boundaries that divide one universe from another.

SIXTH DOCTOR: Got to lock on to his coordinates.

NINTH DOCTOR: And for my next trick.

GENERAL: I didn't know when I was well off. All twelve of them!

TWELFTH DOCTOR: No, sir. Ha! All thirteen!

ANDROGAR: Sir! The Daleks know that something is happening. They're increasing their fire power.

GENERAL: Do it, Doctor. Just do it. Do it!

ELEVENTH DOCTOR: Okay. Gentlemen, we're ready. Geronimooooooooo!

TENTH DOCTOR: Allons-y!

WAR DOCTOR: Oh, for God's sake. Gallifrey stands!

- *"The Day of the Doctor"*

## VIII. HUMANS

I love humans. Always seeing patterns in things that aren't there.

*-The Doctor, "Doctor Who: The Movie"*

### Earth

This planet is about to be destroyed and I'm stuck in a traffic jam.

*-The Doctor, "Doctor Who: The Movie"*

MASTER: I never liked this planet, Doctor.

DOCTOR: Well, that's good, because any minute now, it shall cease to exist.

*-"Doctor Who: The Movie"*

## IX. THE SISTERHOOD OF KARN

And here he is at last. The man to end it all. My sisters, the Doctor has returned to Karn. We have always known in our bones that one day he would return here. Such a pity he's dead.

*-Ohila, "The Night of the Doctor"*

DOCTOR: You're the Sisterhood of Karn, Keepers of the Flame of utter boredom.

OHILA: Eternal life.

DOCTOR: That's the one.

OHILA: Mock us if you will, but our elixir can trigger your regeneration, bring you back.

*- "The Night of the Doctor"*

DOCTOR: Why would you do this for me?

OHILA: You have helped us in the past.

DOCTOR: You were never big on gratitude.

OHILA: The war between the Daleks and the Time Lords threatens all reality. You are the only hope left.

*- "The Night of the Doctor"*

Time Lord science is elevated here on Karn. The change doesn't have to be random. Fat or thin, young or old, man or woman.

*-Ohila, "The Night of the Doctor"*

## X. THE SONIC SCREWDRIVER

This is when I wish I had my sonic screwdriver.

*-The Doctor, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Brian? Yep. Keep 'em.

DOCTOR: Thank you.

*- "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Good idea. Let's go for a walk.

*- "Doctor Who: The Movie"*

Yes!...These shoes! They fit perfectly. Yes.

*-The Doctor, "Doctor Who: The Movie"*

### XIII. TWO HEARTS

You have two hearts. Who are you?

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Listen, why don't you just have a seat and open your shirt. I want to listen to your heart.

DOCTOR: Hearts. Plural.

GRACE: Right. Right.

*-"Doctor Who: The Movie"*

NURSE CURTIS: Two hearts?... Look, two hearts.

DR. SALINGER: As if! It's a double exposure.

*-"Doctor Who: The Movie"*

SWIFT (*Hospital Director*): Two hearts. No wonder you got lost.

DR. GRACE HOLLOWAY: Exactly.

SWIFT: Or maybe...this really was a double exposure.

*-"Doctor Who: The Movie"*

SWIFT (*Hospital Director*): A man died last night because you lost your way.

DR. GRACE HOLLOWAY: You bet I did. You saw the x-ray. The guy had two hearts.

*-"Doctor Who: The Movie"*

This is no double exposure.

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

Please, please, I have two hearts. You have to get me out of here before they kill me again.  
Please, please, you have to help me. Drive!

*-The Doctor, "Doctor Who: The Movie"*

## XIV. BERYLLIUM ATOMIC CLOCK

Please. I need a beryllium atomic clock. This is 1999, isn't it?

*-The Seventh Doctor, "Doctor Who: The Movie"*

If the Eye of Harmony isn't closed, this planet [Earth] will be sucked through it! Grace, I need to fix the timing mechanism on the TARDIS and close the Eye. I need an atomic clock. Grace, please, help me find one.

*-The Doctor, "Doctor Who: The Movie"*

We must get to the Doctor before he finds a clock.

*-The Master, "Doctor Who: The Movie"*

NEWS ANCHOR: It isn't just any old clock. It happens to be the most accurate atomic clock in the world and it's right here at the Institute of Technological Advancement and Research in downtown San Francisco, so don't go away.

DOCTOR: That must be a beryllium clock.

*-"Doctor Who: The Movie"*

I'm on the Board of Trustees at the Institute [of Technological Advancement and Research].

*-Dr. Grace Holloway, "Doctor Who: The Movie"*

DOCTOR: Grace, why did you not say you had access to a beryllium clock?

DR. GRACE HOLLOWAY: I was more concerned about the Eye of Destruction.

DOCTOR: Harmony!

GRACE: Yes, yes. And the fact that the planet will be sucked through it at midnight. I mean, face it. It's not often one has a Time Lord in one's living room, Doctor.

*-“Doctor Who: The Movie”*

Welcome to the Institute of Technological Advancement and Research. After dinner, Professor Wagg will invite you to join him in celebrating the official starting of the world's most accurate time piece, the San Francisco Beryllium Atomic Clock.

*-Speaker, “Doctor Who: The Movie”*

Ladies and gentlemen, in three minutes the world will enter a new millennium, and with it, a new standard of accuracy will come to how we measure time.

*-Professor Wagg, “Doctor Who: The Movie”*

My life's work. Om. Om.

*-Professor Wagg, “Doctor Who: The Movie”*

We only need the tiniest part of it.

What do you mean, it won't start?

*-Professor Wagg, “Doctor Who: The Movie”*

## XV. NAME DROPPING

DOCTOR: I remember! I was with Puccini before he died.

DR. GRACE HOLLOWAY: Name dropper.

DOCTOR: No, I was, I was, I was... He died before he could finish *Turandot*. Alfano finished it based on his notes. It was so sad.

*-"Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: He likes me to call him Doctor.

MASTER: Well...

GRACE: You know, Freud had a name for that.

MASTER: Transference.

DOCTOR: Yes, very witty, Grace. At least Freud would have taken me seriously.

GRACE: He'd have hung up his pipe if he'd met you.

DOCTOR: Actually, we did meet.

GRACE: Oh, that's right. He's a Time Lord.

DOCTOR: We got on very well.

GRACE: Did you know Madame Curie, too?

DOCTOR: Intimately.

GRACE: Did she kiss as good as me?

MASTER: As well as you.

-*“Doctor Who: The Movie”*

## XVI. REGENERATION

DR. GRACE HOLLOWAY: Okay, you're trying to tell me that you've come back from the dead.

*- "Doctor Who: The Movie"*

You know, my body can do this twelve times.

*-The Master, "Doctor Who: The Movie"*

I have thirteen lives.

*-The Doctor, "Doctor Who: The Movie"*

*-The Doctor, "Doctor Who: The Movie"*

DR. GRACE HOLLOWAY: Why don't you have the ability to transform yourself into another species like the—[Master]?

DOCTOR: Well, I do, but only when I die.

DOCTOR: I'm trying to help.

CASS: Go back to your battlefield. You haven't finished yet. Some of the universe is still standing.

DOCTOR: I'm not leaving this ship without you.

CASS: Then you're gonna die right there. Best news all day.

DOCTOR: Cass. Cass. Cass! Cass! Cass!

*- "The Night of the Doctor"*

OHILA: No one could survive that crash.

DOCTOR: I did.

OHILA: No. We restored you to life, but it's a temporary measure. You have a little under four minutes.

DOCTOR: Four minutes? That's ages. What if I get bored, or need a television, couple of books? Anyone for chess? Bring me knitting.

OHILA: You have so little breath left. Spend it wisely.

*- "The Night of the Doctor"*

OHILA: The war between the Daleks and the Time Lords threatens all reality. You are the only hope left.

DOCTOR: It's not my war. I will have no part of it.

OHILA: You can't ignore it forever.

DOCTOR: I help where I can. I will not fight.

OHILA: Because you are the good man, as you call yourself?

DOCTOR: I call myself the Doctor.

OHILA: It's the same thing in your mind.

DOCTOR: I'd like to think so.

*- "The Night of the Doctor"*

OHILA: We beg your help now. The universe stands on the brink. Will you let it fall? Fast or strong, wise or angry? What do you need now?

DOCTOR: Warrior.

*- "The Night of the Doctor"*

I don't suppose there's a need for a doctor any more. Make me a warrior now.

*-The Doctor, "The Night of the Doctor"*

Get out. Get out! All of you.

*-The Doctor, "The Night of the Doctor"*

DOCTOR: Will it hurt?

OHILA: Yes.

DOCTOR: Good.

*- "The Night of the Doctor"*

Charley, C'rizz, Lucie, Tamsin, Molly, friends, companions I've known, I salute you. And Cass, I apologize. Physician, heal thyself.

*-The Doctor, "The Night of the Doctor"*

Doctor no more.

*-The War Doctor, "The Night of the Doctor"*

## A NOTE ON THE SPELLING

While *Doctor Who* is clearly a British television show, as an American, I faced a conundrum when it came to choosing which spelling of certain words to use. Should I use the original British spellings, which would admittedly be more authentic, or use American spelling and make the job of my American spell-checker much easier? Ultimately, I went with American spellings. Please don't be offended. The quotations themselves, and the show they come from, are just as good.
