PREFACE

David Tennant leapt brilliantly onto our screens as the Doctor in 2005's "Parting of the Ways." I didn't know what he'd be like at all, but by the end of "The Christmas Invasion," he'd totally won me over. It's very exciting to be putting this book of Tennant-era quotes together.

At the moment, there's still not very much here, but still, there is a start. Scroll through the Chapter Index and follow the hyperlinks for what we've got so far. And don't worry—much more will follow soon.

Allons-y!

Cheers,

PART ONE

QUOTES ABOUT THE DOCTOR'S WORLD

I. THE FIRST MOMENTS OF A NEW DOCTOR

II. THE TENTH DOCTOR

In His Own Words

I'm the Doctor. I'm nine hundred and four years old. I'm from the planet Gallifrey in the constellation of Kasterborous. I am the Oncoming Storm, the Bringer of Darkness...

- *"The Day of the Doctor"*

Aww. I wanted to be ginger!

- *"The Christmas Invasion"*

Had a bit of fun, you know. Traveled about, did this and that. Got into trouble. You know me. It was brilliant.

- *"The End of Time, Part One"*

Oh, I've seen conflict like you wouldn't believe. But it wasn't this face.

- *The Doctor, "The Day of the Doctor"*

ELIZABETH I: How dare you? I'm the Queen of England.

DOCTOR: I'm not English.

- *"The Day of the Doctor"*

Got married. That was a mistake. Good Queen Bess. And let me tell you, her nickname is no longer—ahem...

- *The Tenth Doctor, "The End of Time, Part One"*

To His Friends

The hero.

-Clara Oswald, "The Day of the Doctor"

He's tall and thin, wears a brown suit, maybe a blue suit. He's got a long brown coat. Modern sort of hair, all sticky-uppy, right? Oh, and on page two, be on the lookout for a police box exactly like the old ones.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

Nice suit.

-Clara Oswald, "The Day of the Doctor"

It's a long time since I had a photo with a handsome man.

-Minnie, "The End of Time, Part One"

DONNA NOBLE: You are completely impossible!

TENTH DOCTOR: Not impossible. Just a bit unlikely.

-"The Doctor's Daughter"

You should not have delayed.

-Ood Sigma, "The End of Time, Part One"

He doesn't like endings.

-River Song, "The Name of the Doctor"

You have a stomach for war. This face has seen conflict; it's clear as day.

-Queen Elizabeth I, "The Day of the Doctor"

Stay alive, my love. I am not done with you yet.

-Queen Elizabeth IA, "The Day of the Doctor"

Live for me, my darling. We shall be together again.

-Queen Elizabeth IB, "The Day of the Doctor"

And here you are, eh? Same old face. Didn't I tell you you'd be all right?

-Wilfred "Wilf" Mott,

"The End of Time, Part Two"

WOMAN: Perhaps he's coming back.

WILF: Oh, that would make my Christmas.

- "The End of Time, Part One"

We need the Doctor more than ever.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

Oh my gosh, Doctor, you're a sight for sore eyes.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

Might I say, sir, it is an honor to see you again.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

You're so clever.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

Please, Doctor. Please save us. Please save us. Please save us. Please save us.

Osgood, "The Day of the Doctor"

Any old idiot can be a hero.

-Clara Oswald, "The Day of the Doctor"

[To Other Doctors](#)

Well, number ten once regenerated and kept the same face. I had vanity issues at the time.

-The Eleventh Doctor, "The Time of the Doctor"

Oh, very skinny. That is proper skinny. I've never seen it from the outside. It's like a special effect.

-The Eleventh Doctor, "The Day of the Doctor"

Ha! Matchstick man.

-The Eleventh Doctor, "The Day of the Doctor"

Oh, he's cool. Isn't he cool? I'm the Doctor and I'm all cool. Oops, I'm wearing sandals.

-The Eleventh Doctor, "The Day of the Doctor"

DOCTOR: What are you doing here? I'm busy.

ELEVENTH DOCTOR: Oh, busy. I see. Is that what we're calling it, eh? Eh?—Hello, ladies.

DOCTOR: Don't start.

ELEVENTH DOCTOR: Listen, what you get up to in the privacy of your own regeneration is your business.

DOCTOR: One of them is a Zygon.

ELEVENTH DOCTOR: Ugghh...I'm not judging you.

- *"The Day of the Doctor"*

WAR DOCTOR: Good afternoon. I'm looking for the Doctor.

DOCTOR: Well, you've certainly come to the right place.

WAR DOCTOR: Good. Right. Well, who are you boys? Oh, of course. Are you his companions?

ELEVENTH DOCTOR: His companions?

WAR DOCTOR: They get younger all the time. Well, if you could point me in the general direction of the Doctor?.....Really?

DOCTOR: Yeah. Really.

WAR DOCTOR: You're me? Both of you?

DOCTOR: Yup.

WAR DOCTOR: Even that one?

ELEVENTH DOCTOR: Yes!

WAR DOCTOR: You're my future selves?

TENTH AND ELEVENTH DOCTOR: Yes!

WAR DOCTOR: Am I having a midlife crisis? Why are you pointing your screwdrivers like that? They're scientific instruments, not water pistols. Look like you've seen a ghost.

- *"The Day of the Doctor"*

Do you have to talk like children? What is it that makes you so ashamed of being a grown up?

-The War Doctor, "The Day of the Doctor"

...with your sandals...

-The War Doctor, "The Day of the Doctor"

WAR DOCTOR: I don't know who you are, either of you. I haven't got the faintest idea.

MOMENT: They're you. They're what you become if you destroy Gallifrey. The man who regrets and the man who forgets.

-"The Day of the Doctor"

WAR DOCTOR: Those men. Extraordinary.

MOMENT: They were you.

WAR DOCTOR: No. They are the Doctor.

MOMENT: You're the Doctor, too.

WAR DOCTOR: No. Great men are forged in fire. It is the privilege of lesser men to light the flame, whatever the cost.

-"The Day of the Doctor"

All things considered... time I grew up.

-The War Doctor, "The Day of the Doctor"

Go back. Go back to your lives. Go and be the Doctor that I could never be. Make it worthwhile.

-The War Doctor, "The Day of the Doctor"

ELEVENTH DOCTOR: I demand to be incarcerated in the Tower immediately with my co-conspirators, Sandshoes and Granddad.

WAR DOCTOR: Granddad?

DOCTOR: They're not sandshoes.

WAR DOCTOR: Yes, they are.

- *"The Day of the Doctor"*

ELEVENTH DOCTOR: Hahahahaha.

TENTH DOCTOR: Is something funny? Did I miss a funny thing?

ELEVENTH DOCTOR: Sorry. It just occurred to me, this is what I'm like when I'm alone.

- *"The Day of the Doctor"*

We may have had our differences, which is frankly odd in the circumstances, but, I tell you what, boys. *We* are incredibly clever.

- *The Eleventh Doctor, "The Day of the Doctor"*

TENTH DOCTOR: Trenzalore. We need a new destination, because...I don't wanna go.

ELEVENTH DOCTOR: He always says that.

- *"The Day of the Doctor"*

[To His Enemies](#)

Oh, he loves playing with Earth girls. Ugh!

- *The Master, "The End of Time, Part Two"*

[To Strax](#)

The Time Lord known as *the Doctor*. Sontaran Enemy Number One.

-Strax, "Deep Breath" Cinema Prequel

After another kissing incident, [the Ninth] Doctor liked girls so much, he decided to become one. The Tenth Doctor _____ self-improvement and personal development that led to his regeneration into... the *Tenth Doctor*. He just didn't want to go.

-Strax, "Deep Breath" Cinema Prequel

A blight on the Sontaran race! His encounters with members of *my* clone batch were as insolent as they were infuriating. It was a delight to observe this Doctor meet his doom. I took great satisfaction seeing *him* get it in the back of *his* neck. Huh!

-Strax, "Strax Field Report: The Doctors"

[To Others](#)

The man who regrets.

-The Moment, "The Day of the Doctor"

They call it the Legend of the Blue Box. This was the site of a convent, back in the 1300s. It's said a demon fell from the sky. Then a man appeared. A man in a blue box. They called him the sainted physician. He smote the demon and then disappeared.

-Woman, "The End of Time, Part One"

[His Views on Other Doctors](#)

[The War Doctor](#)

You. How can you be here? More to the point, why are you here?

-The Tenth Doctor, "The Day of the Doctor"

Why are we all together? Why are we all here? Well, me and Chinny, we were surprised, but you came looking for us. You knew it was going to happen. Who told you?

-The Tenth Doctor, "The Day of the Doctor"

WAR DOCTOR: Ooh, the way you both look at me. I'm trying to think of a better word than dread.

TENTH DOCTOR: It must be really recent for you.

WAR DOCTOR: Recent?

ELEVENTH DOCTOR: The Time War. The last day The day you killed them all.

TENTH DOCTOR: The day *we* killed them all.

ELEVENTH DOCTOR: Same thing.

- "The Day of the Doctor"

This is not a decision you will ever be able to live with.

-The Tenth Doctor, "The Day of the Doctor"

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

- "The Day of the Doctor"

DOCTOR: Still, loving the posh gravelly thing. It's very convincing.

ELEVENTH DOCTOR: Ha! Brave words, Dick Van Dyke.

- "*The Day of the Doctor*"

TENTH DOCTOR: All those years, burying you in my memory.

ELEVENTH DOCTOR: Pretending you didn't exist. Keeping you a secret, even from myself.

TENTH DOCTOR: Pretending you weren't the Doctor, when you were the Doctor more than anybody else.

ELEVENTH DOCTOR: You were the Doctor on the day it wasn't possible to get it right.

- "*The Day of the Doctor*"

The Eleventh Doctor

ELIZABETH I: Who is this man?

DOCTOR: That's just what I was wondering.

- "*The Day of the Doctor*"

You're not.

- *The Doctor*, "*The Day of the Doctor*"

DOCTOR: Compensating?

ELEVENTH DOCTOR: For what?

DOCTOR: Regeneration. It's a lottery.

-*"The Day of the Doctor"*

What are you doing here? I'm busy.

-*The Doctor, "The Day of the Doctor"*

DOCTOR: Why are we all together? Why are we all here? Well, me and Chinny, we were surprised...

ELEVENTH DOCTOR: Oi, Chinny?

DOCTOR: Yeah, you do have a chin.

-*"The Day of the Doctor"*

Well, frankly, let's be honest, the chin—

-*The Tenth Doctor, "The Day of the Doctor, Theater Introduction"*

Anyway, good to know my future is in safe hands.

-*The Tenth Doctor, "The Day of the Doctor"*

WINSTON: Were you misbehaving, Minnie?

MINNIE: I certainly was. Way hey.

How Awesome is the TARDIS?

You know the sound the TARDIS makes? That wheezing groaning. That sound bring hope wherever it goes.

-The Moment, "The Day of the Doctor"

TENTH DOCTOR: Ah. Right. Yes. Bigger on the inside. Do you like it?

WILF: I—I thought it'd be cleaner.

IV. TIME AND TIME TRAVEL

The Nature of Time

WILF: Listen, Doctor, if this is a time machine, that man you're chasing, why can't you just pop back to yesterday and catch him?

TENTH DOCTOR: I can't go back inside my own timeline. I have to stay relative to the Master within the causal nexus. Understand?

WILF: Not a word.

TENTH DOCTOR: Welcome aboard.

WILF: Thank you.

- "The End of Time, Part One"

People assume that time is a strict progression of cause to effect, but, actually, from a non-linear, non-subjective viewpoint, it's more like a big ball of wibbly-wobbly... timey-wimey... stuff.

- The Tenth Doctor, "Blink"

ELEVENTH DOCTOR: It's a...a...timey-wimey thing.

WAR DOCTOR: Timey what? Timey-wimey?

DOCTOR: I've—I've no idea where he picks that stuff up.

- "The Day of the Doctor"

The Possibility of Time Travel

I'm a time traveler, figure it out.

- The Eleventh Doctor, "The Day of the Doctor"

The Awesomeness of Time Travel

You don't need to own the universe, just see it. To have the privilege of seeing the whole of time and space. That's ownership enough.

-The Tenth Doctor, "The End of Time, Part Two"

Can Time Be Rewritten?

TENTH DOCTOR: You're not actually suggesting that we change our own personal history?

ELEVENTH DOCTOR: We change history all the time. I'm suggesting something far worse.

-"The Day of the Doctor"

V. THE COMPANIONS

Clara Oswald

Always, there's the Doctor. I'm running to save the Doctor again and again... And he hardly ever hears me. But I've always been there... right from the day he started running.

-Clara Oswald, "The Name of the Doctor"

I was born to save the Doctor.

-Clara Oswald, "The Name of the Doctor"

TENTH DOCTOR: Anyway, good to know my future is in safe hands. Keep a tight hold on it, Clara.

CLARA OSWALD: Mm! On it.

- "The Day of the Doctor"

Rose Tyler

WAR DOCTOR: Oh, Bad Wolf girl, I could kiss you.

MOMENT: Yeah, that's gonna happen.

TENTH DOCTOR: Sorry, did you just say "Bad Wolf"?

- "The Day of the Doctor"

Donna Noble

It's never too early for margaritas, that's what I say.

-Donna Noble, "The End of Time, Part One"

If she ever remembers me, her mind will burn, and she will die.

-The Tenth Doctor, "The End of Time, Part One"

There he is. Shaun Temple. They're engaged. Getting married in the spring.

-Wilfred "Wilf" Mott, "The End of Time, Part One"

TENTH DOCTOR: Hold on, she's not going to be called Noble-Temple? That sounds like a tourist spot.

WILF: No. It's "Temple-Noble."

TENTH DOCTOR: Right. Is she happy? Is he nice?

WILF: Yeah, he's sweet enough. He's a bit of a dreamer. Mind you, he's on minimum wage, she's earning tuppence, so all they can afford is a tiny little flat. And then sometimes I see this look on her face, like she's so sad, but she can't remember why.

DOCTOR: She's got him.

WILF: She's making do.

DOCTOR: Aren't we all?

-"The End of Time, Part One"

Say goodbye to the freak, Granddad.

-The Master, "The End of Time, Part Two"

But really, did you think I'd leave my best friend without a defense mechanism?

-The Tenth Doctor, "The End of Time, Part Two"

[Sylvia Noble](#)

TENTH DOCTOR: You can't come with me.

WILF: Well, you're not leaving me with her.

TENTH DOCTOR: Fair enough.

- "The End of Time, Part One"

[River Song](#)

I died saving him. In return, he saved me to a database in the biggest library in the universe. Left me, like a book on a shelf. Didn't even say goodbye. He doesn't like endings.

-River Song, "The Name of the Doctor"

[Kate Stewart](#)

ZYGON KATE STEWART: You would destroy London?

KATE STEWART: To save the world, yes, I would.

ZYGON KATE STEWART: You're bluffing.

KATE: You really think so? Somewhere in your memory is a man called Brigadier Alistair Gordon Lethbridge-Stewart. I am his daughter.

- "The Day of the Doctor"

ELEVENTH DOCTOR: Science leads, Kate. Is that what you meant? Is that what your father meant?

KATE STEWART: Doctor?

ELEVENTH DOCTOR: Space-Time Telegraph, Kate. A gift from me to your father, hotline straight to the TARDIS.

-*“The Day of the Doctor”*

This is not a decision you will ever be able to live with.

-*The Tenth Doctor, “The Day of the Doctor”*

[Wilfred “Wilf” Mott](#)

DOCTOR: Who are you?

WILF: I'm Wilfred Mott.

DOCTOR: No. People have waited hundreds of years to find me and then you manage it in a couple of hours.

WILF: Well, just lucky I suppose.

DOCTOR: No, we keep on meeting, Wilf. Over and over again like something's still connecting us.

WILF: What's so important about me?

DOCTOR: Exactly. Why you?

-*“The End of Time, Part One”*

You're the only one, Wilf. The only connection I can think of. You're involved, if I could just work out how.

-*The Tenth Doctor, “The End of Time, Part One”*

WOMAN: You're an old soldier, sir. Only you were too late. The war was won and passed you by.

WILF: I did my duty.

WOMAN: You never killed a man.

WILF: No, I didn't. No, I—I did not, no, but don't say that like it's shameful.

WOMAN: The time will come when you must take arms.

-*“The End of Time, Part One”*

-The Tenth Doctor, "The End of Time, Part One"

A shadow is falling over creation. Something vast is stirring in the dark. The Ood have gained the power to see through time, because time is bleeding. Shapes of things once lost are moving through the veil, and these events from years ago threaten to destroy the future, and the present, and the past.

-Elder of the Ood, "The End of Time, Part One"

Zygons

We're being attacked by a shape-shifting alien from outer space, formerly disguised as my horse.

-The Doctor, "The Day of the Doctor"

A Zygon, yes. Big red rubbery thing, covered in suckers. Surprisingly good kisser.

-The Doctor, "The Day of the Doctor"

ELIZABETH I: The Zygons lost their own world. It burnt in the first days of the Time War. A new home is required.

CLARA OSWALD: So they want this one.

ELIZABETH: Not yet. Far too primitive. Zygons are used to a certain level of comfort.

-"The Day of the Doctor"

QUEEN ELIZABETH IA: Extraordinary. The creature has captured my exact likeness. This is exceptional.

QUEEN ELIZABETH IB: Exceptional? A queen would call it impertinent.

QUEEN ELIZABETH IA: A queen would feel compelled to admire the skill of the execution, before arranging one.

-"The Day of the Doctor"

Those creatures, they turn themselves into copies. And they need to keep the original alive, refresh the image so to speak.

-Osgood, "The Day of the Doctor"

QUEEN ELIZABETH IA: What does it want of us?

DOCTOR: That's what I'm tryin' to find out. Probably just your planet.

- *"The Day of the Doctor"*

QUEEN ELIZABETH IA: One might surmise that the creature would learn quickly to protect itself from any simple means of detection.

QUEEN ELIZABETH IB: Clearly you understand the creature better than I. But then, you have the advantage.

- *"The Day of the Doctor"*

ELEVENTH DOCTOR: Your Majesties. Probably a good time to run.

ELIZABETH IA and B: But what about the creature?

DOCTOR: Elizabeth, whichever one of you is the real one, turn and run in the opposite direction to the other one.

- *"The Day of the Doctor"*

ELIZABETH IA: Stay alive, my love. I am not done with you yet.

DOCTOR: Thanks. Lovely.

ELIZABETH IB: I understand. Live for me, my darling. We shall be together again.

DOCTOR: Well, won't that be nice?

ELEVENTH DOCTOR: One of those was a Zygon.

DOCTOR: Yeah.

ELEVENTH DOCTOR: Venom sacs in the tongue.

DOCTOR: Yeah, I'm getting the point, thank you.

- *"The Day of the Doctor"*

SOLDIERS: The Queen.

ELIZABETH I: You don't seem to be kneeling. How tremendously brave of you.

DOCTOR: Which one are you? What happened to the other one?

ELIZABETH I: Indisposed. Long live the queen.

SOLDIERS: Long live the queen!

- *“The Day of the Doctor”*

TENTH DOCTOR: That is not the Queen of England, that’s an alien duplicate!

ELEVENTH DOCTOR: And you can take it from ‘im, ‘cause he’s really checked.

TENTH DOCTOR: Oh, shut up.

ELEVENTH DOCTOR: Venom sacs in the tongue.

TENTH DOCTOR: Seriously, stop it.

- *“The Day of the Doctor”*

Okay, so...the Queen of England is now a Zygon. But never mind that.

- *The Doctor, “The Day of the Doctor”*

ELIZABETH: My twin is dead in the forest. I am accustomed to taking precautions. These Zygon creatures never even considered that it was me who survived rather than their own commander. The arrogance that typifies their kind.

CLARA OSWALD: Zygons?

ELIZABETH: Men.

CLARA: And you actually killed one of them?

ELIZABETH: I may have the body of a weak and feeble woman, but at the time, so did the Zygon.

- *“The Day of the Doctor”*

Cup-a-Soup. What is Cup-a-Soup?

- *The War Doctor, “The Day of the Doctor”*

That's him! That's the Zygon in the picture now.

-Clara Oswald, "The Day of the Doctor"

I mean, I know we're supposed to keep an open mind, but are we supposed to believe in creatures that can hide in oil paintings...?

-McGillop, "The Day of the Doctor"

Well, if these creatures have got access to the Black Archive, we may just have lost control of the planet.

-Kate Stewart, "The Day of the Doctor"

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

ELEVENTH DOCTOR: And because I got it wrong, I'm going to make *you* get it right.

KATE: How?

TENTH DOCTOR: Any second now, you're gonna stop that countdown. Both of you, together.

ELEVENTH DOCTOR: And then you're going to negotiate the most perfect treaty of all time.

TENTH DOCTOR: Safeguards all round, completely fair on both sides.

ELEVENTH DOCTOR: And the key to perfect negotiation?

TENTH DOCTOR: Not knowing what side you're on.

ELEVENTH DOCTOR: So, for the next few hours, until we decide to let you out—

TENTH DOCTOR: No one in the room will be able to remember if they're human—

ELEVENTH DOCTOR: Or Zygon.

TENTH DOCTOR: Whoops—

ELEVENTH DOCTOR: --a-daisy.

KATE AND ZYGON KATE: Cancel the detonation!

ELEVENTH DOCTOR: Peace in our time.

-“The Day of the Doctor”

Look over there. Humans and Zygons working together in peace.

-The War Doctor, “The Day of the Doctor”

It’s funny, isn’t it? If I’m a Zygon, then my clothes must be Zygon, too. So, what happens if I lose a shoe or something?

-Zygon Osgood, “The Day of the Doctor”

On Dealing with Enemies

The Master

I had estates. Do you remember my father's land back home? Pastures of red grass, stretching far across the slopes of Mount Perdicion. We used to run across the field all day, calling up at the sky. Look at us now.

-*The Master, "The End of Time, Part One"*

MASTER: It began on Gallifrey, as children. Not that you'd call it a childhood. More a life of duty. Eight years old. I was taken for initiation, to stare into the Untempered Schism.

WILF: What does that mean?

TENTH DOCTOR: It's a gap in the fabric of reality. You can see into the Time Vortex itself. And it hurts.

MASTER: They took me there in the dark. I looked into time, old man, and I heard it calling to me. Drums. The never-ending drums.

"The End of Time, Part Two"

CHANCELLOR: History says the Master heard a rhythm. A torment that stayed with him for the rest of his life.

RASSILON: A drumbeat. A warrior's march.

CHANCELLOR: A symptom of insanity, my Lord.

RASSILON: A rhythm of four. The heartbeat of a Time Lord.

"The End of Time, Part Two"

The Master took the name of Saxon. He married a human, a woman called Lucy. And he corrupted her. She stood at his side while he conquered the Earth. I reversed everything he'd done so it never even happened, but Lucy Saxon remembered.

-The Tenth Doctor, "The End of Time, Part One"

I held him in my arms. I burnt his body. The Master is dead.

-The Tenth Doctor, "The End of Time, Part One"

Never. Never. Never. Never. Never dying. Never dying! Never dying! Never dying! Never dying! Hahahahaha!

-The Master, "The End of Time, Part One"

He knew that he might die and he made us ready.

-Governor of Broadfell Prison,

“The End of Time, Part One”

I'm afraid the previous Governor met with something of an accident, which took quite some time to arrange.

-Governor of Broadfell Prison,

“The End of Time, Part One”

He is returning...

-Elder of the Ood, “The End of Time, Part One”

Too late. Too late. Far too late. He has come.

-Elder of the Ood, “The End of Time, Part One”

He comes to us every night. I think all the peoples of the universe dream of him now.

-Elder of the Ood, “The End of Time, Part One”

The Master is part of a greater design, because a shadow is falling over creation. Something vast is stirring in the dark.

-Elder of the Ood, “The End of Time, Part One”

You can't bring him back! You can't!

-Lucy Saxon, “The End of Time, Part One”

Do you think it's him? Oh, that would be such a Christmas present.

-Abigail Naismith, "The End of Time, Part One"

Can't you hear it, Lucy? The noise? The drumbeat louder than ever before. The drums. The never ending drums. Oh, I have missed them.

-The Master, "The End of Time, Part One"

MASTER: It hurts. Doctor, the noise. The noise in my head, Doctor. One, two, three, four. One, two, three, four. One, two, three, four! Stronger than ever before. Can't you hear it?

TENTH DOCTOR: I'm sorry.

MASTER: Listen, listen, listen, listen. Every minute, every second, every beat of my hearts, there it is, calling to me. Please listen.

- "The End of Time, Part One"

I heard it. But there's no noise. There never has been. It's just your insanity. What is it? What's inside your head?

-The Tenth Doctor, "The End of Time, Part One"

All these years, you thought I was mad. King of the wasteland. But something is calling me, Doctor. What is it? What is it? What is it?

-The Master, "The End of Time, Part One"

I am so hungry.

-The Master, "The End of Time, Part One"

Want more. Want cheese and chips, and meat and gravy, and cream and beer, and pork and beef and fat, and great big chunks of hot, wet red.

-The Master, *"The End of Time, Part One"*

GINGER: You look like that bloke. Harold Saxon? The one that went mad.

MASTER: Heh heh heh. Now isn't that funny? Hah hah hah hah hah. Isn't that just the best thing of all? The master of disguise, stuck looking like the old Prime Minister? Ha heh heh heh. I can't hide anywhere. He can see me. He can smell me. Can't let him smell me. Doctor, Doctor, shocked her, stopped her, got to stop the smell. The stink. The filthy, filthy stink.

-*"The End of Time, Part One"*

This body was born out of death. All it can do is die.

-The Master, *"The End of Time, Part Two"*

I can smell him, but he's too far away.

-The Tenth Doctor, *"The End of Time, Part One"*

The madman sat in his empire of dust and ashes, little knowing of the glory he would achieve.

-The Narrator Rassilon,

"The End of Time, Part One"

You could be so wonderful.

-The Tenth Doctor, *"The End of Time, Part Two"*

TENTH DOCTOR: You're a genius. You're stone cold brilliant, you are. I swear, you really are. But you could be so much more. You could be beautiful. With a mind like that, we could travel

the stars. It would be my honor. 'Cause you don't need to own the universe, just see it. To have the privilege of seeing the whole of time and space. That's ownership enough.

MASTER: Would it stop then? The noise in my head?

TENTH DOCTOR: I can help.

MASTER: I don't know what I'd be without that noise.

TENTH DOCTOR: I wonder what I'd be without you.

MASTER: Yeah.

- "The End of Time, Part Two"

Actually, the most impressive thing about you is that after all this time, you're still bone dead stupid.

- The Tenth Doctor, "The End of Time, Part Two"

MASTER: I had estates. Do you remember my father's land back home? Pastures of red grass, stretching far across the slopes of Mount Perdition. We used to run across the field all day, calling up at the sky. Look at us now.

TENTH DOCTOR: All that eloquence. But how many people have you killed?

- "The End of Time, Part One"

MASTER: I am so hungry.

TENTH DOCTOR: Your resurrection went wrong. That energy. Your body's ripped open. Now you're killing yourself.

MASTER: That human Christmas out there. They eat so much. All that roasting meat, cakes and red wine. Hot, fat, blood, food. Pots, plates of meat, and flesh, and grease, and juice, and baking, burnt, sticky hot skin. Hot. It's so hot.

TENTH DOCTOR: Stop it.

MASTER: Sliced. Sliced. Sliced.

TENTH DOCTOR: Stop it.

MASTER: It's mine. It's mine. It's mine to eat and eat and eat.

TENTH DOCTOR: Stop it.

- "The End of Time, Part One"

MASTER: I like you.

JOSHUA NAISMITH: Thank you.

MASTER: You'd taste great.

- "The End of Time, Part One"

Your reputation precedes you, sir. I have no doubt you've laid traps. Perhaps explosives. A means of escape. Murder.

- Joshua Naismith, "The End of Time, Part One"

The Master, Harold Saxon, Skeletor, whatever you're calling him, what's he doing up there?

- The Tenth Doctor, "The End of Time, Part One"

Breaking news. I'm everyone. And everyone in the world is me!

- AMN TV Newscaster-Master,

"The End of Time, Part One"

The human race was always your favorite, Doctor. But now, there is a no human race. There is only the Master race. Hahahahahaha!

- The Master, "The End of Time, Part One"

Hush, now! Listen to your Master.

-The Master, "The End of Time, Part Two"

MASTER: Now then. I've got a planet to run. Is everybody ready?

NAISMITH-MASTER: Six billion, seven hundred and twenty seven million, nine hundred and forty nine thousand three hundred and thirty eight versions of us. Awaiting orders.

-"The End of Time, Part Two"

DOCTOR: Then let's find it. You and me.

MASTER: Except. Oh. Oh, wait a minute. Oh, yes. Oh, that's good.

DOCTOR: What? What is?

MASTER: The noise exists within my head, and now within six billion heads. Everyone on Earth can hear it. Imagine. Oh. Oh, yes... Don't you see? The drumbeat is calling from so far away. From the end of time itself. And now it's been amplified six billion times. Triangulate all those signals. I could find its source.

-"The End of Time, Part Two"

VII. THE TIME LORDS

These are the people you're gonna burn?

-Clara Oswald, "The Day of the Doctor"

GALLIFREY

I had estates. Do you remember my father's land back home? Pastures of red grass, stretching far across the slopes of Mount Perdition. We used to run across the field all day, calling up at the sky.

-The Master, "The End of Time, Part One"

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISES, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

-*“The Day of the Doctor”*

THE TIME WAR

Oh, I’ve seen conflict like you wouldn’t believe. But it wasn’t this face.

-*The Doctor, “The Day of the Doctor”*

The Zygons lost their own world. It burnt in the first days of the Time War.

-*Queen Elizabeth I, “The Day of the Doctor”*

ELEVENTH DOCTOR: The Time War. The last day. The day you killed them all.

DOCTOR: The day *we* killed them all.

ELEVENTH DOCTOR: Same thing.

-*“The Day of the Doctor”*

I don’t talk about it.

-*The War Doctor, “The Day of the Doctor”*

It’s history for them. All decided. They think their future is real. They don’t know it’s still up to you.

-*The Moment, “The Day of the Doctor”*

MOMENT: Go on, ask them. Ask them what you need to know.

WAR DOCTOR: Did you ever count?

ELEVENTH DOCTOR: Count what?

WAR DOCTOR: How many children there were on Gallifrey that day.

ELEVENTH DOCTOR: I have absolutely no idea.

WAR DOCTOR: How old are you now?

ELEVENTH DOCTOR: Ah, I don't know. I lose track. Twelve hundred and something, unless I'm lying. I can't remember if I'm lying about my age, that's how old I am.

WAR DOCTOR: Four hundred years older than me, and in all that time you never even wondered how many there were? You never once counted.

ELEVENTH DOCTOR: Tell me, what would be the point?

TENTH DOCTOR: Two point four seven billion.

WAR DOCTOR: You did count!

TENTH DOCTOR: You forgot? Four hundred years, is that all it takes.

ELEVENTH DOCTOR: I moved on.

TENTH DOCTOR: Where? Where can you be now that you can forget something like that?

ELEVENTH DOCTOR: Spoilers.

TENTH DOCTOR: No. No, no, no. For once, I would like to know where I'm going.

ELEVENTH DOCTOR: No, you really wouldn't.

WAR DOCTOR: I don't know who you are, either of you. I haven't got the faintest idea.

MOMENT: They're you. They're what you become if you destroy Gallifrey. The man who regrets and the man who forgets.

- "The Day of the Doctor"

The moment is coming. The Moment is me.

- The Moment, "The Day of the Doctor"

This is not a decision you will ever be able to live with.

-The Tenth Doctor, "The Day of the Doctor"

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

- "The Day of the Doctor"

MOMENT: You wanted a big red button. One big bang, no more Time Lords. No more Daleks. Are you sure?

WAR DOCTOR: I was sure when I came in here. There is no other way.

MOMENT: You've seen the man you will become.

WAR DOCTOR: Those men. Extraordinary.

MOMENT: They were you.

WAR DOCTOR: No. They are the Doctor.

MOMENT: You're the Doctor, too.

WAR DOCTOR: No. Great men are forged in fire. It is the privilege of lesser men to light the flame, whatever the cost.

MOMENT: You know the sound the TARDIS makes? That wheezing groaning. That sound bring hope wherever it goes.

WAR DOCTOR: Yes. Yes, I like to think it does.

MOMENT: To anyone who hears it, Doctor. Anyone, however lost. Even you.

- "The Day of the Doctor"

CLARA OSWALD: I told you. He hasn't done it yet.

WAR DOCTOR: Go away now, all of you. This is for me.

TENTH DOCTOR: These events should be time-locked. We shouldn't even be here.

ELEVENTH DOCTOR: So something let us through.

MOMENT: You clever boys.

WAR DOCTOR: Go back. Go back to your lives. Go and be the Doctor that I could ever be. Make it worthwhile.

TENTH DOCTOR: All those years, burying you in my memory.

ELEVENTH DOCTOR: Pretending you didn't exist. Keeping you a secret, even from myself.

TENTH DOCTOR: Pretending you weren't the Doctor, when you were the Doctor more than anybody else.

ELEVENTH DOCTOR: You were the Doctor on the day it wasn't possible to get it right.

TENTH DOCTOR: But this time—

ELEVENTH DOCTOR: You don't have to do it alone.

WAR DOCTOR: Thank you

TENTH DOCTOR: What we do today is not out of fear or hatred. It is done because there is no other way.

ELEVENTH DOCTOR: And it is done in the name of the many lives we are failing to save.

- *"The Day of the Doctor"*

ELEVENTH DOCTOR: What? What is it? What?

CLARA OSWALD: Nothing.

ELEVENTH DOCTOR: No, it's something. Tell me.

CLARA: You told me you wiped out your own people. I just—I never pictured you doing it, that's all.

- *"The Day of the Doctor"*

CLARA OSWALD: These are the people you're gonna burn?

TENTH DOCTOR: There isn't anything we can do.

ELEVENTH DOCTOR: He's right. There isn't another way. There never was. Either I destroy my own people or let the universe burn.

CLARA: Look at you. Oh—the three of you. The warrior, the hero, and you.

ELEVENTH DOCTOR: And what am I?

CLARA: Have you really forgotten?

ELEVENTH DOCTOR: Yes. Maybe, yes.

CLARA: We've got enough warriors. Any old idiot can be a hero.

ELEVENTH DOCTOR: Then what do I do?

CLARA: What you've always done. Be a doctor. You told me the name you chose was a promise.

TENTH DOCTOR: Never cruel or cowardly.

WAR DOCTOR: Never give up, never give in.

TENTH DOCTOR: You're not actually suggesting that we change our own personal history?

ELEVENTH DOCTOR: We change history all the time. I'm suggesting something far worse.

WAR DOCTOR: What, exactly?

ELEVENTH DOCTOR: Gentlemen, I have had four hundred years to think about this. I've changed my mind.

WAR DOCTOR: There's still a billion billion Daleks up there, attacking.

ELEVENTH DOCTOR: Yeah, there is. There is.

TENTH DOCTOR: *But* there's something those billion billion Daleks don't know.

ELEVENTH DOCTOR: 'Cause if they did, they'd probably send for reinforcements.

CLARA: What? What don't they know?

ELEVENTH DOCTOR: Ha! This time, there's three of us.

WAR DOCTOR: Oh! Ohhh, yes, that is good! That is brilliant!

TENTH DOCTOR: Oh, oh, oh, I'm getting that too. That is brilliant!

ELEVENTH DOCTOR: Ha, ha, ha! I've been thinking about it for centuries.

- *"The Day of the Doctor"*

CLARA OSWALD: So what are we doing? What's the plan?

WAR DOCTOR: The Dalek fleets are surrounding Gallifrey, firing on it constantly.

TENTH DOCTOR: The Sky Trench is holding, but... what if the whole planet just disappeared?

CLARA: Tiny bit of an ask.

TENTH DOCTOR: The Daleks would be firing on each other. They'd destroy themselves in their own crossfire.

WAR DOCTOR: Gallifrey would be gone, the Daleks would be destroyed, and it would look to the rest of the universe as if they'd annihilated each other.

CLARA OSWALD: But where would Gallifrey be?

TENTH DOCTOR: Frozen. Frozen in an instant of time, safe and hidden away.

ELEVENTH DOCTOR: Exactly.

WAR DOCTOR: Like a painting.

- *"The Day of the Doctor"*

GALLIFREY

STANDS

- *Message from the Doctor to Gallifrey High Command, "The Day of the Doctor"*

GENERAL: What's the mad fool talking about now?

ELEVENTH DOCTOR: Hello, hello, Gallifrey High Command, this is the Doctor speaking.

TENTH DOCTOR: Hello! Also the Doctor. Can you hear me?

WAR DOCTOR: Also the Doctor, standing ready.

GENERAL: Dear God, three of them. All my worst nightmares at once.

TENTH DOCTOR: General, we have a plan.

ELEVENTH DOCTOR: We should point out at this moment, it is a fairly terrible plan.

TENTH DOCTOR: And almost certainly won't work.

ELEVENTH DOCTOR: I was happy with "fairly terrible."

TENTH DOCTOR: Sorry, just thinking out loud.

ELEVENTH DOCTOR: We're flying our three TARDISES into your lower atmosphere.

TENTH DOCTOR: We're positioned at equidistant intervals around the globe. "Equidistant." So grown up.

WAR DOCTOR: Just about ready to do it.

GENERAL: Ready to do what?

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISES, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

GENERAL: It's delusional. The—the calculations alone would take hundreds of years.

ELEVENTH DOCTOR: Oh, hundreds and hundreds.

TENTH DOCTOR: But don't worry, I started a very long time ago.

FIRST DOCTOR: Calling the War Council of Gallifrey. This is the Doctor.

ELEVENTH DOCTOR: You might say, I've been doing this all my lives.

SECOND DOCTOR: Good luck.

THIRD DOCTOR: Standing by.

SECOND DOCTOR: Ready.

FOURTH DOCTOR: Commencing calculations.

FIFTH DOCTOR: Soon be there.

SEVENTH DOCTOR: Across the boundaries that divide one universe from another.

SIXTH DOCTOR: Got to lock on to his coordinates.

NINTH DOCTOR: And for my next trick.

GENERAL: I didn't know when I was well off. All twelve of them!

TWELFTH DOCTOR: No, sir. Ha! All thirteen!

ANDROGAR: Sir! The Daleks know that something is happening. They're increasing their fire power.

GENERAL: Do it, Doctor. Just do it. Do it!

ELEVENTH DOCTOR: Okay. Gentlemen, we're ready. Geronimooooooooo!

TENTH DOCTOR: Allons-y!

WAR DOCTOR: Oh, for God's sake. Gallifrey stands!

- "The Day of the Doctor"

I don't suppose we'll ever know if we actually succeeded. But at worst, we failed doing the right thing, as opposed to succeeding in doing the wrong.

-The War Doctor, "The Day of the Doctor"

RASSILON: What news of the Doctor?

CHANCELLOR: Disappeared, my Lord President.

PARTISAN: But we know his intention. He still possesses the Moment, and he'll use it to destroy Daleks and Time Lords alike.

CHANCELLOR: The Visionary confirms it.

-“The End of Time, Part One”

VISIONARY: Ending, burning, falling. All of it falling. The black and pitch and screaming fire, so burning.

PARTISAN: All of her prophecies say the same. That this is the last day of the Time War. That Gallifrey falls. That we die today.

VISIONARY: Ending. Ending. Ending. Ending!

PARTISAN: Perhaps it's time. This is only the furthest edge of the Time War. But at its heart, millions die every second, lost in bloodlust and insanity. With time itself resurrecting them, to find new ways of dying, over and over again. A travesty of life. Isn't it better to end it, at last?

RASSILON: Thank you for your opinion.

-“The End of Time, Part Two”

I will not die! Do you hear me? A billion years of Time Lord history riding on our backs. I will not let this perish. I will not!

-Rassilon, “The End of Time, Part Two”

CHANCELLOR: There is—um—there is one part of the prophecy, my Lord. Forgive me. I'm sorry. It's rather difficult to decipher, but it talks of two survivors beyond the final day. Two children of Gallifrey.

RASSILON: Does it name them?

CHANCELLOR: It foresees them locked in their final confrontation, the Enmity of Ages, which would suggest—

RASSILON: The Doctor! And the Master.

CHANCELLOR: One word keeps being repeated, my Lord. One constant word... Earth.

VISIONARY: Earth. Earth. Earth. Earth. Earth. Earth.

CHANCELLOR: Planet Earth. Indigenous species, the human race.

VISIONARY: Earth. Earth. Earth.

RASSILON: Maybe that's where the answer lies. Our salvation. On Earth.

Returning, returning, returning, it is slowly returning through the dark and the fire and the blood. Always returning, returning to this world. It is returning, and he is returning, and they are returning, but too late. Too late. Far too late.

-Elder of the Ood, “The End of Time, Part One”

Events that have happened are happening now.

-Elder of the Ood, “The End of Time, Part One”

A shadow is falling over creation. Something vast is stirring in the dark. The Ood have gained the power to see through time, because time is bleeding. Shapes of things once lost are moving through the veil, and these events from years ago threaten to destroy the future, and the present, and the past.

-Elder of the Ood, “The End of Time, Part One”

ELDER OF THE OOD: The darkness heralds only one thing.

OOD: The end of time itself.

-“The End of Time, Part One”

NARRATOR/RASSILON: And so it came to pass, on Christmas Day, that the human race did cease to exist. But... this was far more than humanity's end. This day was the day upon which the whole of creation would change forever. This was the day the Time Lords returned. For Gallifrey.

TIME LORDS: For Gallifrey!

NARRATOR/RASSILON: For victory!

TIME LORDS: For victory!

NARRATOR/RASSILON: For the end of time itself!

TIME LORDS: For the end of time itself!

ELEVENTH DOCTOR: No idea.

TENTH DOCTOR: There's always something we don't know, isn't there?

ELEVENTH DOCTOR: Reverse the polarity!—It's not working.

DOCTOR: We're both reversing the polarity.

ELEVENTH DOCTOR: Yes, I know that.

DOCTOR: There's two of us. I'm reversing it, you're reversing it back again. We're confusing the polarity!

- "The Day of the Doctor"

Why are you pointing your screwdrivers like that? They're scientific instruments, not water pistols.

-The War Doctor, "The Day of the Doctor"

Oh, the pointing again. They're screwdrivers! What are you gonna do, assemble a cabinet at them?

-The War Doctor, "The Day of the Doctor"

TENTH DOCTOR: The sonic won't work on that, it's too primitive.

ELEVENTH DOCTOR: Shall we ask for a better quality of door so we can escape?

- *“The Day of the Doctor”*

WAR DOCTOR: In theory, I can trigger an isolated sonic shift among the molecules, and the door should disintegrate.

DOCTOR: You have to calculate the exact harmonic resonance of the entire structure down to a subatomic level. Even the sonic could take years.

WAR DOCTOR: No, no, the sonic would take centuries. Oh, we might as well get started. Help to pass the timey-wimey.

- *“The Day of the Doctor”*

MOMENT: It’s the same screwdriver. Same software, different case.

WAR DOCTOR: Ah! Four hundred years!

TENTH DOCTOR: Sorry?

WAR DOCTOR: Well, at a software level, they’re all the same device, aren’t they? Same software, different case.

TENTH DOCTOR: Yeah.

ELEVENTH DOCTOR: So...

WAR DOCTOR: So...it would take centuries for the screwdriver to calculate how to disintegrate the door. Scanning the door, implanting the calculation as a permanent subroutine in the software architecture and, if you really are me, with your sandshoes and your dickie bow, and that screwdriver is still mine, that calculation is still going on.

TENTH DOCTOR: Yeah, still going.

ELEVENTH DOCTOR: Calculation complete.

THE MOMENT: Same software, different face.

ELEVENTH DOCTOR: Hey, four hundred years in four seconds. We may have had our differences, which is frankly odd in the circumstances, but, I tell you what, boys. We are incredibly clever.

TENTH DOCTOR: What does it do?

ROSSITER: Well, it mends. It's as simple as that. It's a medical device to repair the body. It makes people better.

TENTH DOCTOR: No, there's gotta be more. Every single warning says the Master's going to do something colossal.

WILF: So that thing's like a sickbed.

ADDAMS: Yes, more or less.

WILF: Well, pardon me for asking, but why is it so big?

TENTH DOCTOR: Oh, good question. Why is it so big?

ADDAMS: It doesn't just mend one person at a time.

ROSSITER: That would be ridiculous.

ADDAMS: It mends whole planets.

TENTH DOCTOR: It does what?

ADDAMS: It transmits the medical template across the entire population.

XVII. QUEEN ELIZABETH I

ELEVENTH DOCTOR: Where are we?

DOCTOR: England, 1562.

- *“The Day of the Doctor”*

DOCTOR: There you go, your Majesty, what did I tell you? Bigger on the inside.

ELIZABETH I: The door isn't. You nearly took my head off. It's normally me who does that. Ha ha ha...

- *“The Day of the Doctor”*

ELIZABETH I: Tell me, Doctor, why I'm wasting time on you. I have wars to plan.

DOCTOR: You have a picnic to eat.

ELIZABETH I: You could help me.

DOCTOR: Well, I'm helping you eat the picnic.

- *“The Day of the Doctor”*

ELIZABETH I: How dare you? I'm the Queen of England.

DOCTOR: I'm not English. Elizabeth, will you marry me?

ELIZABETH I: Oh, my dear sweet love. Of course I will.

DOCTOR: Ah! Gotcha!

ELIZABETH I: My love?

DOCTOR: One, the real Elizabeth would never have accepted my marriage proposal. Two, the real Elizabeth would notice when I just casually mentioned having a different face. But then the real Elizabeth isn't a shape-shifting alien from outer space. And—

ELIZABETH I: What's that?

DOCTOR: It's a machine that goes ding. Made it myself. Lights up in the presence of shape-shifter DNA. Ooo! Also can microwave frozen dinners from up to twenty feet and download comics from the future. I never know when to stop.

ELIZABETH I: My love, I do not understand.

DOCTOR: I'm not your love, and yes you do. You're a Zygon.

ELIZABETH I: A Zygon?

DOCTOR: Oh, stop it. It's over. A Zygon, yes. Big red rubbery thing, covered in suckers. Surprisingly good kisser. Think the real Queen of England would just decide to share her throne with any old handsome bloke in a tight suit—just 'cause he's got amazing hair, and a nice horse. Oh.—It was the horse. I'm gonna be King. Run!

ELIZABETH I: What's happening?

DOCTOR: We're being attacked by a shape-shifting alien from outer space, formerly disguised as my horse.

ELIZABETH I: Well, what does that mean?

DOCTOR: It means...we're gonna need a new horse.

ELIZABETH I: Where's it going?

DOCTOR: I'll hold it off. You run. Your people need you.

ELIZABETH I: And I need you alive for our wedding day. Oh!

DOCTOR: Oh, good work, Doctor, nice one. The Virgin Queen...So much for history.

ELIZABETH I: Whoa, whoa, whoa, whoa, whoa, whoa, whoah. Oh, very clever. Whatever you've got planned, forget it. I'm the Doctor. I'm nine hundred and four years old. I'm from the planet Gallifrey in the constellation of Kasterborous. I am the Oncoming Storm, the Bringer of Darkness, and you are...basically just a rabbit, aren't you? Okay, carry on. Just a general warning.

I am indeed me. A compliment that cannot be extended to yourself.

-*Queen Elizabeth IB, "The Day of the Doctor"*

ELEVENTH DOCTOR: Your Majesties. Probably a good time to run.

ELIZABETH IA and B: But what about the creature?

DOCTOR: Elizabeth, whichever one of you is the real one, turn and run in the opposite direction to the other one.

- *“The Day of the Doctor”*

ELIZABETH IA: Stay alive, my love. I am not done with you yet.

DOCTOR: Thanks. Lovely.

ELIZABETH IB: I understand. Live for me, my darling. We shall be together again.

DOCTOR: Well, won't that be nice?

ELEVENTH DOCTOR: One of those was a Zygon.

DOCTOR: Yeah.

ELEVENTH DOCTOR: Venom sacs in the tongue.

DOCTOR: Yeah, I'm getting the point, thank you.

- *“The Day of the Doctor”*

The Queen of England is bewitched.

- *Bentham, “The Day of the Doctor”*

SOLDIERS: The Queen.

ELIZABETH I: You don't seem to be kneeling. How tremendously brave of you.

TENTH DOCTOR: Which one are you? What happened to the other one?

ELIZABETH I: Indisposed. Long live the queen.

SOLDIERS: Long live the queen!

- *“The Day of the Doctor”*

TENTH DOCTOR: That is not the Queen of England, that's an alien duplicate!

ELEVENTH DOCTOR: And you can take it from 'im, 'cause he's really checked.

TENTH DOCTOR: Oh, shut up.

ELEVENTH DOCTOR: Venom sacs in the tongue.

TENTH DOCTOR: Seriously, stop it.

- *“The Day of the Doctor”*

Okay, so...the Queen of England is now a Zygon. But never mind that.

- *The Tenth Doctor, “The Day of the Doctor”*

TENTH DOCTOR: And d’you know why I know that you’re a fake? Because you’re such a bad copy. It’s not just the smell, or the unconvincing hair, or the atrocious teeth, or the eyes—just a bit too close together—, or the breath that could stun a horse. It’s because my Elizabeth, the real Elizabeth, would never be stupid enough to reveal her own plan. Honestly, why would you do that?

ELIZABETH I: Because it’s not my plan. And I *am* the real Elizabeth.

TENTH DOCTOR: Okay. So. Backtracking a moment just to lend some context to my earlier remarks.

ELIZABETH: My twin is dead in the forest. I am accustomed to taking precautions. These Zygon creatures never even considered that it was me who survived rather than their own commander. The arrogance that typifies their kind.

CLARA OSWALD: Zygons?

ELIZABETH: Men.

CLARA: And you actually killed one of them?

ELIZABETH: I may have the body of a weak and feeble woman, but at the time, so did the Zygon. The future of my kingdom is imperiled. Doctor, can I rely on your service?

TENTH DOCTOR: Well, I’m gonna need my TARDIS.

ELIZABETH: It has been procured already.

TENTH DOCTOR: Ah.

ELIZABETH: But first, my love, you have a promise to keep.

- *“The Day of the Doctor”*

CLERGYMAN: I now pronounce you man and wife.

CLARA OSWALD: Woo-hoo!

CLERGYMAN: You may kiss the bride.

DOCTOR: I can still die. If I'm killed before regeneration, then I'm dead. Even then, even if I change, it feels like dying. Everything I am dies. Some new man goes sauntering away, and I'm dead.

If I were human, I'd say it was Christmas.

To the west of the north of that world, the human race did gather, in the celebration of a pagan rite to banish the cold and the dark.

-Narrator (Rassilon), "The End of Time, Part One"

That human Christmas out there. They eat so much. All that roasting meat, cakes and red wine. Hot, fat, blood, food. Pots, plates of meat, and flesh, and grease, and juice, and baking, burnt, sticky hot skin. Hot. It's so hot.

And let me tell you, her nickname is no longer—ahem...

-The Tenth Doctor, "The End of Time, Part One"

The last time I was here, you said my song would be ending soon, and I'm in no hurry for that.

-The Tenth Doctor, "The End of Time, Part One"

WILF: Who have you got now?

TENTH DOCTOR: No one. Travelling alone. I thought it was better. But I did some things. It went wrong.

-"The End of Time, Part One"

And so it came to pass that the players took their final places, making ready the events that were to come. The madman sat in his empire of dust and ashes, little knowing of the glory he would achieve. While his savior looked upon the wilderness, in the hope of changing his inevitable fate. Far away, the idiots and fools dreamt of a shining new future. A future now doomed to never happen. As Earth rolled onwards into night, the people of that world did sleep, and shiver, somehow knowing that dawn would bring only one thing. The final day.

WAR DOCTOR: Well, this has all the makings of your lucky day.

- *"The Day of the Doctor"*

CLARA OSWALD: I think there's three of them now.

KATE STEWART: There's a precedent for that.

Three of us in one cell? That's gonna cause some nasty anomalies if we don't get out soon.

- *The Doctor, "The Day of the Doctor"*

Okay, so...the Queen of England is now a Zygon. But never mind that. Why are we all together? Why are we all here?

- *The Tenth Doctor, "The Day of the Doctor"*

We may have had our differences, which is frankly odd in the circumstances, but, I tell you what, boys. *We* are incredibly clever.

- *The Eleventh Doctor, "The Day of the Doctor"*

CLARA OSWALD: So they're both you, then, yeah?

ELEVENTH DOCTOR: Yes. You've met them before. Don't you remember?

CLARA: A bit.

WAR DOCTOR: One should certainly hope so. Well, gentlemen, it has been an honor, and a privilege.

TENTH DOCTOR: Likewise.

ELEVENTH DOCTOR: Doctor.

WAR DOCTOR: And if I grow to be half the man that you are, *Clara Oswald*, I shall be happy indeed.

CLARA OSWALD: That's right. Aim high. Heh heh.

WAR DOCTOR: I won't remember this, will I?

ELEVENTH DOCTOR: The time streams are out of sync. You can't retain it, no.

WAR DOCTOR: So I won't remember that I tried to save Gallifrey, rather than burn it. I'll have to live with that. But for now, for this moment, I am the Doctor again. Thank you.

Well, I didn't exactly come straight here. Had a bit of fun, you know. Traveled about, did this and that. Got into trouble. You know me. It was brilliant. I saw the Phosphorous Carousel of the Great Magellan Gestadt, saved a planet from the Red Carnivorous Maw, named a galaxy Alison. Got married. That was a mistake. Good Queen Bess. And let me tell you, her nickname is no longer—ahem...

KATE STEWART: He means you.

CLARA OSWALD: Why am I the witch?

-"The Day of the Doctor"

Arrest these men. Take them to the Tower!

-*Queen Elizabeth I, "The Day of the Doctor"*

The Tower is not to be taken lightly. Very few emerge again.

-*The Eleventh Doctor, "The Day of the Doctor"*

I demand to be incarcerated in the Tower immediately with my co-conspirators, Sandshoes and Granddad.

-*The Eleventh Doctor, "The Day of the Doctor"*

KATE STEWART: Dear God, that man's clever. Come on.

CLARA OSWALD: Where are we going?

KATE: My office, otherwise known as the Tower of London.

-*"The Day of the Doctor"*

TENTH DOCTOR: Tower of London, totally TARDIS-proof.

TENTH DOCTOR: That's not how it's supposed to be.

ELEVENTH DOCTOR: That's how the story ends. Nothing we can do about it. Trenzalore is where you're going.

TENTH DOCTOR: Oh, never say nothing.

- *"The Day of the Doctor"*

TENTH DOCTOR: Trenzalore. We need a new destination, because...I don't wanna go.

ELEVENTH DOCTOR: He always says that.

The Black Archive

The equipment here... is phenomenal. The humans don't realize what half this stuff does. We could conquer their world in a day.

If I were human, I'd say it was Christmas.

-Zygon McGillop, "The Day of the Doctor"

You'll realize there are protocols protecting this place.

-Kate Stewart, "The Day of the Doctor"

OSGOOD: In the event of alien incursion, the contents of this room are deemed so dangerous, it will self-destruct in—

KATE STEWART: Five minutes... There's a nuclear warhead twenty feet beneath us. Are you sitting comfortably?

ZYGON KATE STEWART: You would destroy London?

KATE: To save the world, yes, I would.

- "The Day of the Doctor"

ELEVENTH DOCTOR: *I know* about the Black Archive and I know about the security protocol. *Please* tell me you are not about to do something unbelievably *stupid*.

KATE STEWART: I'm sorry, Doctor.

...

ELEVENTH DOCTOR: Not as sorry as you will be. This is not a decision you will ever be able to live with.

- "The Day of the Doctor"

ELEVENTH DOCTOR: Kate Lethbridge-Stewart, what in the name of sanity are you doing?

KATE STEWART: The countdown can only be halted at my personal command. There's nothing you can do.

TENTH DOCTOR: Except make you both agree to halt it.

KATE: Not even three of you.

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

ELEVENTH DOCTOR: And because I got it wrong, I'm going to make *you* get it right.

KATE: How?

TENTH DOCTOR: Any second now, you're gonna stop that countdown. Both of you, together.

ELEVENTH DOCTOR: And then you're going to negotiate the most perfect treaty of all time.

TENTH DOCTOR: Safeguards all round, completely fair on both sides.

ELEVENTH DOCTOR: And the key to perfect negotiation?

TENTH DOCTOR: Not knowing what side you're on.

ELEVENTH DOCTOR: So, for the next few hours, until we decide to let you out—

TENTH DOCTOR: No one in the room will be able to remember if they're human—

ELEVENTH DOCTOR: Or Zygon.

TENTH DOCTOR: Whoops—

ELEVENTH DOCTOR: --a-daisy.

KATE AND ZYGON KATE: Cancel the detonation!

ELEVENTH DOCTOR: Peace in our time.
