PREFACE

The Seventh Doctor...

I would like to meet Sylvester McCoy. He seems like a nice guy, both as the Doctor, and himself in everything I've seen, but that's not really why I want to meet him.

The reason I want to meet Sylvester McCoy is because, in 1987, I missed the opportunity to see him when he came to Tacoma, Washington, as part of the *Doctor Who* USA Tour in September 1987. My best friend Byron went, and in addition to meeting McCoy, also met Jon Pertwee. I wish I had gone with him. Why didn't I go? Well, because I chose the Monkees 20th Reunion Tour over *Doctor Who*. Admittedly, that was a fun show, but...

Hmm.

But I'm over that, right? I made a tough choice, and now I'm all better, yeah?

Actually, it wasn't until after the tour rolled through town that I got to see my first McCoy story, although they had (of course) shown a bit of it at the tour, so Byron had told me all about it. But it was a while until I got to see the TARDIS being blasted across space in what I thought was a brilliant opening sequence for "Time and the Rani." And I thought Sylvester McCoy was brilliant, as well: funny, kind, a bit bumbling, a bit goofy, but all awesome. And I was thoroughly won over when he WENT BACK FOR HIS UMBRELLA!

Honestly, I was slightly torn about the Seventh Doctor at the start, still smarting from Colin Baker's firing, and completely on the side of the Sixth Doctor actor. Yet that didn't affect my impression of McCoy, and I loved his Doctor from the moment he woke up and said "The Rani!"

Cheers,

Daniel Rider

PART ONE

QUOTES ABOUT THE DOCTOR'S WORLD

I. THE FIRST MOMENTS OF A NEW DOCTOR

Leave the girl. It's the man I want. Take him to my laboratory.

-The Rani, "Time and the Rani" 1

II. THE SEVENTH DOCTOR

In His Own Words

In all my travels through space and time, and nearing the end of my seventh life, I was finally beginning to realize that you could never be too careful.

-The Eighth Doctor, "Doctor Who: The Movie"

I am not human. I am not like you.

-The Doctor, "Doctor Who: The Movie"

No, I'm not human. I'm not human. I'm not...

-The Doctor, "Doctor Who: The Movie"

To His Friends

Old guy.

-Chang Lee, "Doctor Who: The Movie"

GRACE HOLLOWAY: Somehow I don't think this man's name is Mr. Smith, do you?

DR. SALINGER: You get that feeling?

-"Doctor Who: The Movie"

To His Enemies

BEYUS: Have you managed to procure the means to repair your laboratory?

RANI: Oh yes...indeed I have.

- "Time and the Rani" 1

It's the Doctor I want out of the way.

- The Rani, "Dimensions in Time" 1

Although I will miss the challenge.

- The Rani, "Dimensions in Time" 1

To Strax

The Time Lord known as *the Doctor*. Sontaran Enemy Number One.

-Strax, "Deep Breath" Cinema Prequel

The Sixth Doctor's regeneration into his seventh form brings us to a great, and terrible, mystery. What happens to the rest of him? *Where...*is all the leftover Doctor? Stored somewhere, perhaps, in secret *fats*? Beware, fellow Sontarans, there may be more of him out there.

-Strax, "Deep Breath" Cinema Prequel

Doctor Seven showed great promise as a strategist, using intense cunning, guile and plotting to outmaneuver his greatest foes. Though ultimately he failed to maneuver out of the path of a volley of speeding bullets and expired at the hands of an incompetent boy with little medical expertise.

-Strax, "Strax Field Report: The Doctors"

To Others

Is he rich? 'Cause where we're going, he'd better be rich.

"Doctor Who: The Movie"*

-The Third Doctor, "Dimensions in Time" 1

Pickled in time like gherkins in a jar.

- The Rani, referring to both the First and Second Doctors, whom she has caught in a temporal trap in "Dimensions in Time" 1

It's no good; they're in different time zones. To them, we're the strangers.

-The Fifth Doctor, "Dimensions in Time" 1

Prepare to materialize at the center of the Earth time meridian, Greenwich.

-The Rani, "Dimensions in Time" 2

Yeah, well, time distortion of this nature requires an exact localized focus.

The Rani

Mayday, mayday. This is an urgent message for all of the Doctors. It's vitally important that you listen carefully to me, for once. Our whole existence is being threatened by a renegade Time Lord known only as the Rani. She hates me. She even hates children.

- The Fourth Doctor, "Dimensions in Time" 1

Her evil is all around us. I can hear the heartbeat of a killer. She's out there somewhere.

- The Fourth Doctor, "Dimensions in Time" 1

Well, what we're seeing here, Sarah, is the work of a genius. An expert in time distortion. Well, a time traveler, maybe, and an ingenious operator.

-The Third Doctor, "Dimensions in Time" 1

I have no feelings one way or the other. Outside of these experiments you have absolutely no significance.

-The Rani, "Time and the Rani" 1

VICTORIA WATERFIELD: Who was that terrible woman?

THIRD DOCTOR: Oh, it's the Rani.

-"Dimensions in Time" 2

The Rani. I take back what I said about an ingenious operator being behind these time jumps.

-The Fifth Doctor, "Dimensions in Time" 2

Who else could master such a difficult operation?

-The Rani, "Dimensions in Time" 2

I find your detachment difficult to understand.

-Beyus, "Time and the Rani" 1

I shall decide my needs.

-The Rani, "Time and the Rani" 1

I now have everything I want apart from one Earthling.

-The Rani, "Dimensions in Time" 2

Earthlings pose no threat to my technology, imbecile.

- The Rani, "Dimensions in Time" 1

Ha ha ha ha, ha ha ha!

-The Rani, "Dimensions in Time" 2

On Meeting Aliens in General

On Dealing with Enemies

The Master

It was on the planet Skaro that my old enemy the Master was finally put on trial. They say he listened calmly as his list of evil crimes was read, and sentence passed. Then he made his last, and I thought somewhat curious, request. He demanded that I, the Doctor, a rival Time Lord, should take his remains back to our home planet, Gallifrey... It was a request they should never have granted.

-The Eighth Doctor, "Doctor Who: The Movie"

The Master. He's out there. He's out there.

-The Doctor, "Doctor Who: The Movie"

The Master is a rival Time Lord... Pure evil. I was bringing home his remains from Skaro, where his final incarnation had been exterminated by the Daleks, or so we thought... But he wasn't dead.

-The Eighth Doctor, "Doctor Who: The Movie"

I've got to stop... him.

-The Doctor, "Doctor Who: The Movie"

VII. THE TIME LORDS

GALLIFREY

THE TIME WAR

ELEVENTH DOCTOR: We're flying our three TARDISes into your lower atmosphere.

TENTH DOCTOR: We're positioned at equidistant intervals around the globe. "Equidistant." So grown up.

WAR DOCTOR: Just about ready to do it.

GENERAL: Ready to do what?

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISes, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

GENERAL: It's delusional. The—the calculations alone would take hundreds of years.

ELEVENTH DOCTOR: Oh, hundreds and hundreds.

TENTH DOCTOR: But don't worry, I started a very long time ago.

FIRST DOCTOR: Calling the War Council of Gallifrey. This is the Doctor.

ELEVENTH DOCTOR: You might say, I've been doing this all my lives.

SECOND DOCTOR: Good luck.

THIRD DOCTOR: Standing by.

SECOND DOCTOR: Ready.

FOURTH DOCTOR: Commencing calculations.

FIFTH DOCTOR: Soon be there.

SEVENTH DOCTOR: Across the boundaries that divide one universe from another.

SIXTH DOCTOR: Got to lock on to his coordinates.

DOCTOR: And for my next trick.

GENERAL: I didn't know when I was well off. All twelve of them!

TWELFTH DOCTOR: No, sir. Ha! All thirteen!

ANDROGAR: Sir! The Daleks know that something is happening. They're increasing their fire power.

GENERAL: Do it, Doctor. Just do it. Do it!

ELEVENTH DOCTOR: Okay. Gentlemen, we're ready. Geronimooooooooo!

TENTH DOCTOR: Allons-y!

WAR DOCTOR: Oh, for God's sake. Gallifrey stands!

- *"The Day of the Doctor"*

VIII. HUMANS

Earthlings pose no threat to my technology, imbecile.

- *The Rani, "Dimensions in Time" 1*

IX. ALIEN WORLDS

Lakertya

Insolence could cost your people dearly, Beyus.

-The Rani, "Time and the Rani" 1

RANI: I shall decide my needs. They unfortunately require the use of Lakertyans.

BEYUS: You leave me with no illusions about the hatred that you hold for us.

RANI: Hatred? Ha. Another fantasy. I have no feelings one way or the other. Outside of these experiments you have absolutely no significance.

-The Rani, "Time and the Rani" 1

X. THE SONIC SCREWDRIVER

XI. TWO HEARTS

NURSE CURTIS: Two hearts?... Look, two hearts.

DR. SALINGER: As if! It's a double exposure.

-*"Doctor Who: The Movie"*

SWIFT (*Hospital Director*): Two hearts. No wonder you got lost.

GRACE HOLLOWAY: Exactly.

SWIFT: Or maybe...this really was a double exposure.

-*"Doctor Who: The Movie"*

SWIFT (*Hospital Director*): A man died last night because you lost your way.

GRACE HOLLOWAY: You bet I did. You saw the x-ray. The guy had two hearts.

-*"Doctor Who: The Movie"*

This is no double exposure.

-*Grace Holloway, "Doctor Who: The Movie"*

-Strax, "Deep Breath" Cinema Prequel

The Doctor is able, when damaged or injured, to renew his physical form. This is a process known as...*deterioration*.

-Strax, "Deep Breath" Cinema Prequel

You don't understand regeneration, Mel. It's a lottery, and I've drawn the short plank.

DR. SALINGER: Well, we'll have to bring in cardiology.

-*"Doctor Who: The Movie"*

DOCTOR: Whatever you're about to do, stop.

DR. GRACE HOLLOWAY: Mr. Smith, you're going to be all right.

DOCTOR: No. I am not human. I am not like you.

-*"Doctor Who: The Movie"*

We've already taken out all the bullets, and now we're going to listen to your heart and try to find out why it's so wild, and then I'm going to fix it. You'll be fine.

-*Dr. Grace Holloway, "Doctor Who: The Movie"*

No, I'm not human. I'm not human. I'm not...

-*The Doctor, "Doctor Who: The Movie"*

Okay, he's under.

-*Dr. Grace Holloway, "Doctor Who: The Movie"*

GRACE HOLLOWAY: Somehow I don't think this man's name is Mr. Smith, do you?

DR. SALINGER: You get that feeling?

-*"Doctor Who: The Movie"*

GRACE HOLLOWAY: That's strange.

DR. SALINGER: What?

GRACE: Déjà vu. Where am I?

DR. SALINGER: Uh, sub-clavian.

GRACE: I should be in the broncheo-cephalic.

DR. SALINGER: Eh...Not unless this man's a donkey.

GRACE: Then I am lost. Let me try something...

DR.SALINGER: Massive seizure! Get that probe out of there!

GRACE: I'm trying!

NURSE CURTIS: Picture's out.

GRACE: Damn it!

NURSE WHEELER: We're dropping off fast.

DR. SALINGER: Just pull it out!

GRACE: Come to me!

DR. SALINGER: Get it out of there, Grace!

GRACE: It's no good. I can't get it out of him.

DR. SALINGER: Grace, he's flat-lining.

GRACE: The probe's snapped. It's still in him.

DR. SALINGER: Clear! Clear! Clear! Clear! Clear!

-*"Doctor Who: The Movie"*

DR. SALINGER: It's no good. Time of death?

NURSE CURTIS: 10:03.

GRACE: I got lost. I want to see his x-rays now!

-*"Doctor Who: The Movie"*

NURSE WHEELER: This is all his stuff. There's no identification there either.

GRACE HOLLOWAY: Tag him as a John Doe and book him for an autopsy.

-*“Doctor Who: The Movie”*

GRACE HOLLOWAY: There were some complications, and, I’m afraid he didn’t make it. Sorry.

CHANG LEE: It’s okay.

-*“Doctor Who: The Movie”*

GRACE HOLLOWAY: You don’t know this man at all, do you?

CHANG LEE: Yeah, I do.

GRACE: Then tell me his real name.

CHANG LEE: I gotta go.

-*“Doctor Who: The Movie”*

John Doe, on the toe. Oh, we’ve got a nice autopsy booked for you tomorrow morning, mister, followed by a sauna or a Swedish herbal wrap. What would be your pleasure?

-*Pete, “Doctor Who: The Movie”*

Sweet dreams.

-*Pete, “Doctor Who: The Movie”*

He died.

-*Nurse Curtis, “Doctor Who: The Movie”*
