PREFACE

I have always liked John Hurt. He's been in so, so many great roles. Caligula in *I, Claudius*. Winston Smith in *1984*. Kane in *Alien*. The voice of Mr. Mole in *Thumbelina*. Giles De'Ath in *Love and Death on Long Island*. Oh, and so many others. In all likelihood, you, my friends, could come up with your own, probably completely different, off-the-cuff list of great John Hurt roles. I've even got a special one in mind. He played Kerwin in the buddy cop movie *Partners* back in 1982. I must have been ten years old when I saw it, but I seriously LOVED that film. (Note to self: get on Netflix and see if it's available. You so want to see it right now!)

All that said, I should have been absolutely delighted by the news that John Hurt would be appearing in *Doctor Who*. I was, too, but I was also filled with Whovian trepidation when, at the end of "The Name of the Doctor," he was suddenly announced as a previously unknown past Doctor. My mind reeled. I loved John Hurt, but geez, now I had to ask myself: Did I love him enough to wrap my head around there being a new Doctor to think of. More importantly, did I love him enough to change my whole Doctor numbering system?! If Eleven was now going to be Twelve, and Ten was now Eleven, and a train was going x miles for y hours, and the square on the hypotenuse equaled the sum of the square on the other two sides, then my head was surely going to explode. I am not a huge fan of math, you see. I have no idea why a mouse, for example, is when it spins.

Please raise your hand if you know what I'm talking about.

What I'm saying, of course, is that I was concerned that Steven Moffat had gone off the deep end and that he was about to ruin our favorite show in some hellish never-before considered way.

And I had to wait six nightmarish months to find out if I was right. The horror!

But then "Night of the Doctor" came, and that was a beautiful surprise. I still wasn't sure about this so-called War Doctor, or Warrior, or whatever he was supposed to be called, but my worry was replaced by McGann love and Moffat appreciation. But was this just a short-lived reprieve from the frustration to come?

No, by God! "The Day of the Doctor" arrived and Hurt was glorious. Not only didn't I miss Eccleston, I thought Hurt made a glorious third party to the Doctor triad on display. Moffat was a genius. Even the math worked out in a timey-wimey, paradoxical way. I could consider the War Doctor an actual Doctor, without changing the numbering system in any way. Hurrah!

When it came to putting the quote books together, I wanted to celebrate the War Doctor a bit, and really think about who he was. Sure, he only appeared in three stories, and none of those stories was truly his. I could easily have just included sections about him in the 8th and 11th Doctor books. But that seemed wrong. I do include his quotes in those books, of course, but I also wanted to give him his own book to really examine this Doctor and his quotes. What you will find here are important lines from the War Doctor's appearances, and also references to him throughout the series. We most likely will never see Hurt in the role again, will never be able to see what his Doctor did during the Time War, but we can piece together quite a lot from what other Doctors have said about their (his!) involvement during that epic battle. This will be the shortest book in the *Talk Like the Doc* series, but in many ways, it may also be the most exciting, because it will finally give us a full glimpse of the Hurt Doctor and his deeds.

But that's enough of that. I can picture the War Doctor rolling his eyes at this lengthy prologue and saying, "Oh, for God's sake."

So, without further ado, let's get to the quotes!

Cheers,

Daniel Rider

PART ONE

QUOTES ABOUT THE DOCTOR'S WORLD

I. THE FIRST MOMENTS OF A NEW DOCTOR

And here he is at last. The man to end it all. My sisters, the Doctor has returned to Karn. We have always known in our bones that one day he would return here. Such a pity he's dead.

-Ohila, "The Night of the Doctor"

OHILA: The war between the Daleks and the Time Lords threatens all reality. You are the only hope left.

EIGHTH DOCTOR: It's not my war. I will have no part of it.

OHILA: You can't ignore it forever.

- "The Night of the Doctor"

OHILA: You are a part of this, Doctor, whether you like it or not.

EIGHTH DOCTOR: I would rather die.

OHILA: You're dead already. How many more will you let join you?

- "The Night of the Doctor"

Our elixir can trigger your regeneration, bring you back. Time Lord science is elevated here on Karn. The change doesn't have to be random. Fat or thin, young or old, man or woman?

-Ohila, "The Night of the Doctor"

OHILA: We beg your help now. The universe stands on the brink. Will you let it fall? Fast or strong, wise or angry? What do you need now?

EIGHTH DOCTOR: Warrior.

- "The Night of the Doctor"

I don't suppose there's a need for a doctor any more. Make me a warrior now.

-The Eighth Doctor, "The Night of the Doctor"

Get out. Get out! All of you.

-The Eighth Doctor, "The Night of the Doctor"

EIGHTH DOCTOR: Will it hurt?

OHILA: Yes.

EIGHTH DOCTOR: Good.

-"The Night of the Doctor"

Charley, Crizz, Lucie, Tamsin, Molly, friends, companions I've known, I salute you. And Cass, I apologize. Physician, heal thyself.

-The Eighth Doctor, "The Night of the Doctor"

Doctor no more.

-The War Doctor, "The Night of the Doctor"

II. THE WAR DOCTOR

In His Own Words

I don't have a future.

- *"The Day of the Doctor"*

WAR DOCTOR: Stop calling me Doctor.

MOMENT: That's the name in your head.

WAR DOCTOR: It shouldn't be. I've been fighting this war for a long time. I've lost the right to be the Doctor.

- *"The Day of the Doctor"*

MOMENT: Then you're the one to save us all.

WAR DOCTOR: Yeah.

MOMENT: If I ever develop an ego, you've got the job.

WAR DOCTOR: If you have been inside my head, then you know what I've seen. The suffering. Every moment in time and space is burning. It must end, and I intend to end it the only way I can.

MOMENT: And you're going to use me to end it by killing them all, Daleks and Time Lords alike. I could, but there will be consequences for you.

WAR DOCTOR: I have no desire to survive this.

MOMENT: Then that's your punishment. If you do this, if you kill them all, then that's the consequence. You...live.

- *"The Day of the Doctor"*

All things considered... time I grew up.

-The War Doctor, "The Day of the Doctor"

I won't remember that I tried to save Gallifrey, rather than burn it. I'll have to live with that. But for now, for this moment, I am the Doctor again. Thank you.

-The War Doctor, "The Day of the Doctor"

[To His Friends](#)

The warrior.

-Clara Oswald, "The Day of the Doctor"

Life and soul, you are.

-Clara Oswald, "The Day of the Doctor"

You wanted a big red button.

-The Moment, "The Day of the Doctor"

CLARA OSWALD: The Doctor, *my*—my Doctor—he's always talking about the day he did it. The day he wiped out the Time Lords to stop the war.

WAR DOCTOR: One would.

CLARA: You wouldn't. 'Cause you haven't done it yet. It's still in your future.

WAR DOCTOR: You're very sure of yourself.

CLARA: He regrets it. I see it in his eyes every day. He'd do anything to change it.

WAR DOCTOR: Including saving all these people. How many worlds has his regret saved, do you think?

-*“The Day of the Doctor”*

WAR DOCTOR: How did you know?

CLARA OSWALD: Your eyes. You’re so much younger.

-*“The Day of the Doctor”*

Aww—look at you. Stuck between a girl and a box. Story of your life, eh, Doctor?

-*The Moment, “The Day of the Doctor”*

Please, Doctor. Please save us. Please save us. Please save us. Please save us.

Osgood, “The Day of the Doctor”

MOMENT: You know the sound the TARDIS makes? That wheezing groaning. That sound bring hope wherever it goes.

WAR DOCTOR: Yes. Yes, I like to think it does.

MOMENT: To anyone who hears it, Doctor. Anyone, however lost. Even you.

-*“The Day of the Doctor”*

We’ve got enough warriors.

-*Clara Oswald, “The Day of the Doctor”*

[To Other Doctors](#)

Oh, I’ve seen conflict like you wouldn’t believe. But it wasn’t this face.

-*The Tenth Doctor, “The Day of the Doctor”*

Me. The other me. The one I don't talk about.

-The Eleventh Doctor, "The Day of the Doctor"

Doctor who?

-The Eleventh Doctor, "The Day of the Doctor, Theater Introduction"

Granddad.

-The Eleventh Doctor, "The Day of the Doctor"

I've had many faces, many lives. I don't admit to all of them. There's one life I've tried very hard to forget. He was the Doctor who fought in the Time War... He killed them all. The last day of the Time War. The war to end all wars between my people and the Daleks. And in that battle there was a man with more blood on his hands than any other, a man who would commit a crime that would silence the universe. And that man was me.

-The Eleventh Doctor, "The Day of the Doctor"

You. How can you be here? More to the point, why are you here?

-The Tenth Doctor, "The Day of the Doctor"

WAR DOCTOR: Ooh, the way you both look at me. I'm trying to think of a better word than dread.

TENTH DOCTOR: It must be really recent for you.

WAR DOCTOR: Recent?

ELEVENTH DOCTOR: The Time War. The last day The day you killed them all.

TENTH DOCTOR: The day *we* killed them all.

ELEVENTH DOCTOR: Same thing.

- *“The Day of the Doctor”*

This is not a decision you will ever be able to live with.

- *The Tenth Doctor, “The Day of the Doctor”*

WAR DOCTOR: You’re about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I’m not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it’s justified, but it’s a lie. Because what I did that day was wrong. Just wrong.

- *“The Day of the Doctor”*

Still, loving the posh gravelly thing. It’s very convincing.

- *The Tenth Doctor, “The Day of the Doctor”*

ELEVENTH DOCTOR: I demand to be incarcerated in the Tower immediately with my co-conspirators, Sandshoes and Granddad.

WAR DOCTOR: Granddad?

- *“The Day of the Doctor”*

TENTH DOCTOR: Why are we all together? Why are we all here? Well, me and Chinny, we were surprised, but you came looking for us. You knew it was going to happen. Who told you?

- *“The Day of the Doctor”*

ELEVENTH DOCTOR: Hahahahaha.

TENTH DOCTOR: Is something funny? Did I miss a funny thing?

ELEVENTH DOCTOR: Sorry. It just occurred to me, this is what I'm like when I'm alone.

- "The Day of the Doctor"

We may have had our differences, which is frankly odd in the circumstances, but, I tell you what, boys. *We* are incredibly clever.

-The Eleventh Doctor, "The Day of the Doctor"

TENTH DOCTOR: All those years, burying you in my memory.

ELEVENTH DOCTOR: Pretending you didn't exist. Keeping you a secret, even from myself.

TENTH DOCTOR: Pretending you weren't the Doctor, when you were the Doctor more than anybody else.

ELEVENTH DOCTOR: You were the Doctor on the day it wasn't possible to get it right.

- "The Day of the Doctor"

[To His Enemies](#)

Alert! Alert! The Doctor is detected.

-Dalek, "The Day of the Doctor"

Inform High Command we have the Doctor. Seek, locate, destroy.

-Dalek, "The Day of the Doctor"

[To Strax](#)

A warrior fit to fight the greatest war in history. From the fire of war, a new man was born. It is fortunate that we never encountered this warrior, who would not call himself Doctor. My clone batch still quake in their probic powering pods at the very thought of this dark soldier.

-Strax, "Strax Field Report: The Doctors"

To Others

ANDROGAR: He's a fool.

TIME LORD GENERAL: No, he's a madman.

-"The Day of the Doctor"

His Views on Other Doctors

WAR DOCTOR: Good afternoon. I'm looking for the Doctor.

TENTH DOCTOR: Well, you've certainly come to the right place.

WAR DOCTOR: Good. Right. Well, who are you boys? Oh, of course. Are you his companions?

ELEVENTH DOCTOR: His companions?

WAR DOCTOR: They get younger all the time. Well, if you could point me in the general direction of the Doctor?.....Really?

TENTH DOCTOR: Yeah. Really.

WAR DOCTOR: You're me? Both of you?

TENTH DOCTOR: Yup.

WAR DOCTOR: Even that one?

ELEVENTH DOCTOR: Yes!

WAR DOCTOR: You're my future selves?

TENTH AND ELEVENTH DOCTOR: Yes!

WAR DOCTOR: Am I having a midlife crisis? Why are you pointing your screwdrivers like that? They're scientific instruments, not water pistols. Look like you've seen a ghost.

-*“The Day of the Doctor”*

Do you have to talk like children? What is it that makes you so ashamed of being a grown up?

-*The War Doctor, “The Day of the Doctor”*

WAR DOCTOR: I don't know who you are, either of you. I haven't got the faintest idea.

MOMENT: They're you. They're what you become if you destroy Gallifrey. The man who regrets and the man who forgets.

-*“The Day of the Doctor”*

MOMENT: You've seen the man you will become.

WAR DOCTOR: Those men. Extraordinary.

MOMENT: They were you.

WAR DOCTOR: No. They are the Doctor.

MOMENT: You're the Doctor, too.

WAR DOCTOR: No. Great men are forged in fire. It is the privilege of lesser men to light the flame, whatever the cost.

-*“The Day of the Doctor”*

All things considered... time I grew up.

-*The War Doctor, “The Day of the Doctor”*

Go back. Go back to your lives. Go and be the Doctor that I could ever be. Make it worthwhile.

The Moment

TIME LADY: Sir, we have a security breach to the Time Vaults.

GENERAL: The Omega Arsenal, where all the forbidden weapons are locked away.

ANDROGAR: They're not forbidden anymore. We've used them all against the Daleks.

GENERAL: No. No, we haven't.

- "The Day of the Doctor"

GENERAL: The Moment is gone.

ANDROGAR: I don't understand. What is the Moment? I've never heard of it.

GENERAL: The galaxy eater. The final work of the ancients of Gallifrey. A weapon so powerful, the operating system became sentient. According to legend, it developed a conscience.

ANDROGAR: And we've never used it.

GENERAL: How do you use a weapon of ultimate mass destruction when it can stand in judgment on you? There is only one man who would even try.

- "The Day of the Doctor"

Time Lords of Gallifrey, Daleks of Skaro, I serve notice on you all. Too long I have stayed my hand. No more. Today you leave me no choice. Today, this war will end. No more. No more.

-The War Doctor, "The Day of the Doctor"

How...How do you work? Why is there never a big red button?

-*The War Doctor, "The Day of the Doctor"*

WAR DOCTOR: Hello? Somebody there?

MOMENT: It's nothing. It's just a wolf.

WAR DOCTOR: Don't sit on that!

MOMENT: Why not?

WAR DOCTOR: Because it's not a chair, it's the most dangerous weapon in the universe!

MOMENT: Why can't it be both?— Why'd you park so far away? Didn't you want her to see it?

WAR DOCTOR: Want who to see?

MOMENT: The TAAAR...DIS. You walked for miles, and miles and miles and miles and miles.

WAR DOCTOR: I was thinking.

WAR DOCTOR (MEMORY): No more.

MOMENT: What's wrong?

WAR DOCTOR: The interface is hot.

MOMENT: Well, I do my best.

WAR DOCTOR: There's a power source inside.—You're the interface?

MOMENT: They must have told you the Moment had a conscience. Hello! Aww—look at you. Stuck between a girl and a box. Story of your life, eh, Doctor?

WAR DOCTOR: You know me?

MOMENT: I hear you. All of you, jangling around in that dusty old head of yours. I chose this face and form especially for you. It's from your past. Or possibly your future. I always get those two mixed up.

WAR DOCTOR: I don't have a future.

MOMENT: I think (I'm called)...Rose Tyler. No. Yes. No, sorry, no, no, in this form, I'm called...Bad Wolf. Are you afraid of the big bad wold, Doctor?

WAR DOCTOR: Stop calling me Doctor.

MOMENT: That's the name in your head.

WAR DOCTOR: It shouldn't be. I've been fighting this war for a long time. I've lost the right to be the Doctor.

WAR DOCTOR: I don't know.

MOMENT: One day, you will count them. One terrible night. Do you want to see what that will turn you into? Come on, aren't you curious?—I'm opening windows on your future. A tangle in tie through the days to come, to the man today will make of you.—Okay, I wasn't expecting that...

-The Day of the Doctor

I've seen all I needed. The moment has come. I'm ready.

Misunderstanding the Daleks

The Zygons

Those creatures, they turn themselves into copies. And they need to keep the original alive, refresh the image so to speak.

-Osgood, "The Day of the Doctor"

ELIZABETH I: The Zygons lost their own world. It burnt in the first days of the Time War. A new home is required.

CLARA OSWALD: So they want this one.

ELIZABETH: Not yet. Far too primitive. Zygons are used to a certain level of comfort.

- "The Day of the Doctor"

SOLDIERS: The Queen.

ELIZABETH I: You don't seem to be kneeling. How tremendously brave of you.

TENTH DOCTOR: Which one are you? What happened to the other one?

ELIZABETH I: Indisposed. Long live the queen.

SOLDIERS: Long live the queen!

- *“The Day of the Doctor”*

TENTH DOCTOR: That is not the Queen of England, that’s an alien duplicate!

ELEVENTH DOCTOR: And you can take it from ’im, ’cause he’s really checked.

TENTH DOCTOR: Oh, shut up.

ELEVENTH DOCTOR: Venom sacs in the tongue.

TENTH DOCTOR: Seriously, stop it.

- *“The Day of the Doctor”*

Okay, so...the Queen of England is now a Zygon. But never mind that.

- *The Tenth Doctor, “The Day of the Doctor”*

ELIZABETH: My twin is dead in the forest. I am accustomed to taking precautions. These Zygon creatures never even considered that it was me who survived rather than their own commander. The arrogance that typifies their kind.

CLARA OSWALD: Zygons?

ELIZABETH: Men.

CLARA: And you actually killed one of them?

ELIZABETH: I may have the body of a weak and feeble woman, but at the time, so did the Zygon.

- *“The Day of the Doctor”*

CLARA OSWALD: That’s him! That’s the Zygon in the picture now.

WAR DOCTOR: It's not a picture, it's a stasis cube. Time Lord art. Frozen instants in time, bigger on the inside, but could be deployed as s—

TENTH DOCTOR: Suspended animation. Oh, that's very good. The Zygons all pop inside the pictures, wait a few centuries till the planet's a bit more interesting, and then out they come.

ELEVENTH DOCTOR: You see, Clara, they're stored in the paintings in the Under Gallery, like cup-a-soups. Except you add time, if you can picture that. Nobody could picture that. Forget I said cup-a-soups.

CLARA OSWALD: And now the world is worth conquering? So the Zygons are invading the future, from the past?

ELEVENTH DOCTOR: Exactly.

-*"The Day of the Doctor"*

Cup-a-Soup. What is Cup-a-Soup?

-*The War Doctor, "The Day of the Doctor"*

I mean, I know we're supposed to keep an open mind, but are we supposed to believe in creatures that can hide in oil paintings...?

-*McGillop, "The Day of the Doctor"*

Well, if these creatures have got access to the Black Archive, we may just have lost control of the planet.

-*Kate Stewart, "The Day of the Doctor"*

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

ELEVENTH DOCTOR: And because I got it wrong, I'm going to make *you* get it right.

KATE: How?

TENTH DOCTOR: Any second now, you're gonna stop that countdown. Both of you, together.

ELEVENTH DOCTOR: And then you're going to negotiate the most perfect treaty of all time.

TENTH DOCTOR: Safeguards all round, completely fair on both sides.

ELEVENTH DOCTOR: And the key to perfect negotiation?

TENTH DOCTOR: Not knowing what side you're on.

ELEVENTH DOCTOR: So, for the next few hours, until we decide to let you out—

TENTH DOCTOR: No one in the room will be able to remember if they're human—

ELEVENTH DOCTOR: Or Zygon.

TENTH DOCTOR: Whoops—

ELEVENTH DOCTOR: --a-daisy.

KATE AND ZYGON KATE: Cancel the detonation!

ELEVENTH DOCTOR: Peace in our time.

-“The Day of the Doctor”

Look over there. Humans and Zygons working together in peace.

-The War Doctor, “The Day of the Doctor”

It's funny, isn't it? If I'm a Zygon, then my clothes must be Zygon, too. So, what happens if I lose a shoe or something?

-Zygon Osgood, “The Day of the Doctor”

[On Meeting Aliens in General](#)

Alien technology plus human stupidity. Trust me, it's unbeatable.

-The Eleventh Doctor, "The Day of the Doctor"

VII. THE TIME LORDS

These are the people you're gonna burn?

-Clara Oswald, "The Day of the Doctor"

GALLIFREY

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISEs, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

- "The Day of the Doctor"

THE TIME WAR

Oh, I've seen conflict like you wouldn't believe. But it wasn't this face.

-The Tenth Doctor, "The Day of the Doctor"

The war between the Daleks and the Time Lords threatens all reality.

-Ohila, "The Night of the Doctor"

The Zygons lost their own world. It burnt in the first days of the Time War.

-Queen Elizabeth I, "The Day of the Doctor"

All the time, underneath you, there's a war going on.

-The Ninth Doctor, "Rose"

EIGHTH DOCTOR: It's not my war. I will have no part of it.

OHILA: You can't ignore it forever.

EIGHTH DOCTOR: I help where I can. I will not fight.

- "The Night of the Doctor"

OHILA: You are a part of this, Doctor, whether you like it or not.

EIGHTH DOCTOR: I would rather die.

OHILA: You're dead already. How many more will you let join you?

- "The Night of the Doctor"

The universe stands on the brink. Will you let it fall?

-Ohila, "The Night of the Doctor"

I was there. I fought in the war.

-The Ninth Doctor, "Rose"

It wasn't my fault. I couldn't save your world! I couldn't save any of them!

-The Ninth Doctor, "Rose"

ELEVENTH DOCTOR: The Time War. The last day The day you killed them all.

TENTH DOCTOR: The day *we* killed them all.

ELEVENTH DOCTOR: Same thing.

MOMENT: It's history for them. All decided. They think their future is real. They don't know it's still up to you.

-"The Day of the Doctor"

I don't talk about it.

-The War Doctor, "The Day of the Doctor"

SOLDIER: Message for the High Council, Priority Omega. Arcadia has fallen. I repeat, Arcadia has fallen.

WAR DOCTOR: Soldier, I'm going to need your gun.

-"The Day of the Doctor"

NO MORE.

*-What the War Doctor shot into a concrete wall in
"The Day of the Doctor"*

The Doctor is escaping. What are these words? Explain. Explain.

-Dalek, "The Day of the Doctor"

TIME LORD GENERAL: So, he was there, then?

ANDROGAR: He left a message, a written warning for the Daleks.

- "The Day of the Doctor"

GENERAL: Where did he go next?

ANDROGAR: What does it matter? This is their biggest ever attack, sir. They're throwing everything at us.

TIME LADY: Sir, we have a security breach to the Time Vaults.

GENERAL: The Omega Arsenal, where all the forbidden weapons are locked away.

ANDROGAR: They're not forbidden anymore. We've used them all against the Daleks.

GENERAL: No. No, we haven't.

- "The Day of the Doctor"

The moment is coming. The Moment is me.

-The Moment, "The Day of the Doctor"

GENERAL: The Moment is gone.

ANDROGAR: I don't understand. What is the Moment? I've never heard of it.

GENERAL: The galaxy eater. The final work of the ancients of Gallifrey. A weapon so powerful, the operating system became sentient. According to legend, it developed a conscience.

ANDROGAR: And we've never used it.

GENERAL: How do you use a weapon of ultimate mass destruction when it can stand in judgment on you? There is only one man who would even try.

- *"The Day of the Doctor"*

ANDROGAR: The High Council is in emergency session. They have plans of their own.

TIME LORD GENERAL: To hell with the High Council. Their plans have already failed. Gallifrey's still in the line of fire.

- *"The Day of the Doctor"*

All Dalek fleets surrounding the planet now converging on the capital, but the sky trenches...are holding.

- *Androgar, "The Day of the Doctor"*

Time Lords of Gallifrey, Daleks of Skaro, I serve notice on you all. Too long I have stayed my hand. No more. Today you leave me no choice. Today, this war will end. No more. No more.

- *The War Doctor, "The Day of the Doctor"*

WAR DOCTOR: Hello? Somebody there?

MOMENT: It's nothing. It's just a wolf.

WAR DOCTOR: Don't sit on that!

MOMENT: Why not?

WAR DOCTOR: Because it's not a chair, it's the most dangerous weapon in the universe!

MOMENT: Why can't it be both?— Why'd you park so far away? Didn't you want her to see it?

WAR DOCTOR: Want who to see?

MOMENT: The TAAAR...DIS. You walked for miles, and miles and miles and miles and miles.

WAR DOCTOR: I was thinking.

MOMENT: I heard you.

WAR DOCTOR: You heard me?

MOMENT: No more. No more.

WAR DOCTOR (MEMORY): No more.

MOMENT: No more. No more.

WAR DOCTOR: Stop it.

MOMENT: No more. *No more.*

WAR DOCTOR: Who are you?—It's activating. Get outta here.—Ow!

MOMENT: What's wrong?

WAR DOCTOR: The interface is hot.

MOMENT: Well, I do my best.

WAR DOCTOR: There's a power source inside.—You're the interface?

MOMENT: They must have told you the Moment had a conscience. Hello! Aww—look at you. Stuck between a girl and a box. Story of your life, eh, Doctor?

WAR DOCTOR: You know me?

MOMENT: I hear you. All of you, jangling around in that dusty old head of yours. I chose this face and form especially for you. It's from your past. Or possibly your future. I always get those two mixed up.

WAR DOCTOR: I don't have a future.

MOMENT: I think (I'm called)...Rose Tyler. No. Yes. No, sorry, no, no, in this form, I'm called...Bad Wolf. Are you afraid of the big bad wold, Doctor?

WAR DOCTOR: Stop calling me Doctor.

MOMENT: That's the name in your head.

WAR DOCTOR: It shouldn't be. I've been fighting this war for a long time. I've lost the right to be the Doctor.

MOMENT: Then you're the one to save us all.

WAR DOCTOR: Yeah.

MOMENT: If I ever develop an ego, you've got the job.

WAR DOCTOR: If you have been inside my head, then you know what I've seen. The suffering. Every moment in time and space is burning. It must end, and I intend to end it the only way I can.

MOMENT: And you're going to use me to end it by killing them all, Daleks and Time Lords alike. I could, but there will be consequences for you.

WAR DOCTOR: I have no desire to survive this.

MOMENT: Then that's your punishment. If you do this, if you kill them all, then that's the consequence. You...live. Gallifrey. You're going to burn it, and all the Daleks with it, but all those children, too. How many children on Gallifrey right now?

WAR DOCTOR: I don't know.

MOMENT: One day, you will count them. One terrible night. Do you want to see what that will turn you into? Come on, aren't you curious?—I'm opening windows on your future. A tangle in time through the days to come, to the man today will make of you.—Okay, I wasn't expecting that...

- *"The Day of the Doctor"*

MOMENT: Go on, ask them. Ask them what you need to know.

WAR DOCTOR: Did you ever count?

ELEVENTH DOCTOR: Count what?

WAR DOCTOR: How many children there were on Gallifrey that day.

ELEVENTH DOCTOR: I have absolutely no idea.

WAR DOCTOR: How old are you now?

ELEVENTH DOCTOR: Ah, I don't know. I lose track. Twelve hundred and something, unless I'm lying. I can't remember if I'm lying about my age, that's how old I am.

WAR DOCTOR: Four hundred years older than me, and in all that time you never even wondered how many there were? You never once counted.

ELEVENTH DOCTOR: Tell me, what would be the point?

TENTH DOCTOR: Two point four seven billion.

WAR DOCTOR: You did count!

TENTH DOCTOR: You forgot? Four hundred years, is that all it takes.

ELEVENTH DOCTOR: I moved on.

TENTH DOCTOR: Where? Where can you be now that you can forget something like that?

ELEVENTH DOCTOR: Spoilers.

TENTH DOCTOR: No. No, no, no. For once, I would like to know where I'm going.

ELEVENTH DOCTOR: No, you really wouldn't.

WAR DOCTOR: I don't know who you are, either of you. I haven't got the faintest idea.

MOMENT: They're you. They're what you become if you destroy Gallifrey. The man who regrets and the man who forgets.

- "The Day of the Doctor"

MOMENT: The moment is coming. The Moment is me. You have to decide.

WAR DOCTOR: No.

TENTH DOCTOR: What?

WAR DOCTOR: Just, no.

- "The Day of the Doctor"

This is not a decision you will ever be able to live with.

-The Tenth Doctor, "The Day of the Doctor"

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

- *"The Day of the Doctor"*

CLARA OSWALD: The Doctor, *my*—my Doctor—he's always talking about the day he did it. The day he wiped out the Time Lords to stop the war.

WAR DOCTOR: One would.

CLARA: You wouldn't. 'Cause you haven't done it yet. It's still in your future.

WAR DOCTOR: You're very sure of yourself.

CLARA: He regrets it. I see it in his eyes every day. He'd do anything to change it.

WAR DOCTOR: Including saving all these people. How many worlds has his regret saved, do you think?

- *"The Day of the Doctor"*

I've seen all I needed. The moment has come. I'm ready.

- *The War Doctor, "The Day of the Doctor"*

MOMENT: You wanted a big red button. One big bang, no more Time Lords. No more Daleks. Are you sure?

WAR DOCTOR: I was sure when I came in here. There is no other way.

MOMENT: You've seen the man you will become.

WAR DOCTOR: Those men. Extraordinary.

MOMENT: They were you.

WAR DOCTOR: No. They are the Doctor.

MOMENT: You're the Doctor, too.

WAR DOCTOR: No. Great men are forged in fire. It is the privilege of lesser men to light the flame, whatever the cost.

MOMENT: You know the sound the TARDIS makes? That wheezing groaning. That sound bring hope wherever it goes.

WAR DOCTOR: Yes. Yes, I like to think it does.

MOMENT: To anyone who hears it, Doctor. Anyone, however lost. Even you.

- *“The Day of the Doctor”*

CLARA OSWALD: I told you. He hasn't done it yet.

WAR DOCTOR: Go away now, all of you. This is for me.

TENTH DOCTOR: These events should be time-locked. We shouldn't even be here.

ELEVENTH DOCTOR: So something let us through.

MOMENT: You clever boys.

WAR DOCTOR: Go back. Go back to your lives. Go and be the Doctor that I could ever be. Make it worthwhile.

TENTH DOCTOR: All those years, burying you in my memory.

ELEVENTH DOCTOR: Pretending you didn't exist. Keeping you a secret, even from myself.

TENTH DOCTOR: Pretending you weren't the Doctor, when you were the Doctor more than anybody else.

ELEVENTH DOCTOR: You were the Doctor on the day it wasn't possible to get it right.

TENTH DOCTOR: But this time—

ELEVENTH DOCTOR: You don't have to do it alone.

WAR DOCTOR: Thank you

TENTH DOCTOR: What we do today is not out of fear or hatred. It is done because there is no other way.

ELEVENTH DOCTOR: And it is done in the name of the many lives we are failing to save.

- *“The Day of the Doctor”*

ELEVENTH DOCTOR: What? What is it? What?

CLARA OSWALD: Nothing.

ELEVENTH DOCTOR: No, it's something. Tell me.

CLARA: You told me you wiped out your own people. I just—I never pictured you doing it, that's all.

- *"The Day of the Doctor"*

CLARA OSWALD: These are the people you're gonna burn?

TENTH DOCTOR: There isn't anything we can do.

ELEVENTH DOCTOR: He's right. There isn't another way. There never was. Either I destroy my own people or let the universe burn.

CLARA: Look at you. Oh—the three of you. The warrior, the hero, and you.

ELEVENTH DOCTOR: And what am I?

CLARA: Have you really forgotten?

ELEVENTH DOCTOR: Yes. Maybe, yes.

CLARA: We've got enough warriors. Any old idiot can be a hero.

ELEVENTH DOCTOR: Then what do I do?

CLARA: What you've always done. Be a doctor. You told me the name you chose was a promise.

TENTH DOCTOR: Never cruel or cowardly.

WAR DOCTOR: Never give up, never give in.

TENTH DOCTOR: You're not actually suggesting that we change our own personal history?

ELEVENTH DOCTOR: We change history all the time. I'm suggesting something far worse.

WAR DOCTOR: What, exactly?

ELEVENTH DOCTOR: Gentlemen, I have had four hundred years to think about this. I've changed my mind.

WAR DOCTOR: There's still a billion billion Daleks up there, attacking.

ELEVENTH DOCTOR: Yeah, there is. There is.

TENTH DOCTOR: *But* there's something those billion billion Daleks don't know.

ELEVENTH DOCTOR: 'Cause if they did, they'd probably send for reinforcements.

CLARA: What? What don't they know?

ELEVENTH DOCTOR: Ha! This time, there's three of us.

WAR DOCTOR: Oh! Ohhh, yes, that is good! That is brilliant!

TENTH DOCTOR: Oh, oh, oh, I'm getting that too. That is brilliant!

ELEVENTH DOCTOR: Ha, ha, ha! I've been thinking about it for centuries.

- "*The Day of the Doctor*"

CLARA OSWALD: So what are we doing? What's the plan?

WAR DOCTOR: The Dalek fleets are surrounding Gallifrey, firing on it constantly.

TENTH DOCTOR: The Sky Trench is holding, but...what if the whole planet just disappeared?

CLARA: Tiny bit of an ask.

TENTH DOCTOR: The Daleks would be firing on each other. They'd destroy themselves in their own crossfire.

WAR DOCTOR: Gallifrey would be gone, the Daleks would be destroyed, and it would look to the rest of the universe as if they'd annihilated each other.

CLARA OSWALD: But where would Gallifrey be?

TENTH DOCTOR: Frozen. Frozen in an instant of time, safe and hidden away.

ELEVENTH DOCTOR: Exactly.

WAR DOCTOR: Like a painting.

- "*The Day of the Doctor*"

GALLIFREY

STANDS

-Message from the Doctor to Gallifrey High Command, "The Day of the Doctor"

GENERAL: What's the mad fool talking about now?

ELEVENTH DOCTOR: Hello, hello, Gallifrey High Command, this is the Doctor speaking.

TENTH DOCTOR: Hello! Also the Doctor. Can you hear me?

WAR DOCTOR: Also the Doctor, standing ready.

GENERAL: Dear God, three of them. All my worst nightmares at once.

TENTH DOCTOR: General, we have a plan.

ELEVENTH DOCTOR: We should point out at this moment, it is a fairly terrible plan.

TENTH DOCTOR: And almost certainly won't work.

ELEVENTH DOCTOR: I was happy with "fairly terrible."

TENTH DOCTOR: Sorry, just thinking out loud.

ELEVENTH DOCTOR: We're flying our three TARDISEs into your lower atmosphere.

TENTH DOCTOR: We're positioned at equidistant intervals around the globe. "Equidistant." So grown up.

WAR DOCTOR: Just about ready to do it.

GENERAL: Ready to do what?

ELEVENTH DOCTOR: We're going to freeze Gallifrey.

GENERAL: I'm sorry? What?

TENTH DOCTOR: Using our TARDISEs, we're going to freeze Gallifrey in a single moment in time.

WAR DOCTOR: You know, like those stasis cubes? A single moment in time, held in a parallel pocket universe.

ELEVENTH DOCTOR: Except we're going to do it to a whole planet.

TENTH DOCTOR: And all the people on it.

GENERAL: What? Even if that were possible—which it isn't, *why* would you do such a thing?

ELEVENTH DOCTOR: Because the alternative is burning.

TENTH DOCTOR: And I've seen that.

ELEVENTH DOCTOR: And I never want to see it again.

GENERAL: We'd be lost in another universe, frozen in a single moment. We'd have nothing.

ELEVENTH DOCTOR: You would have hope. And right now, that is exactly what you don't have.

GENERAL: It's delusional. The—the calculations alone would take hundreds of years.

ELEVENTH DOCTOR: Oh, hundreds and hundreds.

TENTH DOCTOR: But don't worry, I started a very long time ago.

FIRST DOCTOR: Calling the War Council of Gallifrey. This is the Doctor.

ELEVENTH DOCTOR: You might say, I've been doing this all my lives.

SECOND DOCTOR: Good luck.

THIRD DOCTOR: Standing by.

SECOND DOCTOR: Ready.

FOURTH DOCTOR: Commencing calculations.

FIFTH DOCTOR: Soon be there.

SEVENTH DOCTOR: Across the boundaries that divide one universe from another.

SIXTH DOCTOR: Got to lock on to his coordinates.

NINTH DOCTOR: And for my next trick.

GENERAL: I didn't know when I was well off. All twelve of them!

TWELFTH DOCTOR: No, sir. Ha! All thirteen!

ANDROGAR: Sir! The Daleks know that something is happening. They're increasing their fire power.

GENERAL: Do it, Doctor. Just do it. Do it!

ELEVENTH DOCTOR: Okay. Gentlemen, we're ready. Geronimooooooooo!

TENTH DOCTOR: Allons-y!

WAR DOCTOR: Oh, for God's sake. Gallifrey stands!

-*"The Day of the Doctor"*

I don't suppose we'll ever know if we actually succeeded. But at worst, we failed doing the right thing, as opposed to succeeding in doing the wrong.

-*The War Doctor, "The Day of the Doctor"*

[Gallifrey Falls No More—The Painting](#)

DOCTOR: *No More.*

KATE STEWART: That's the title.

DOCTOR: I know the title.

KATE: Also known as *Gallifrey Falls*.

DOCTOR: This painting doesn't belong here, not in this time or place.

CLARA OSWALD: Obviously.

DOCTOR: It's the fall of Arcadia, Gallifrey's second city.

-*"The Day of the Doctor"*

DOCTOR: He was there.

CLARA OSWALD: Who was?

DOCTOR: Me. The other me. The one I don't talk about.

CLARA: I don't understand.

DOCTOR: I've had many faces, many lives. I don't admit to all of them. There's one life I've tried very hard to forget. He was the Doctor who fought in the Time War, and *that* was the day he did it. The day I did it. The day he killed them all. The last day of the Time War. The war to end all wars between my people and the Daleks. And in that battle there was a man with more blood on his hands than any other, a man who would commit a crime that would silence the universe. And that man was me.

- "*The Day of the Doctor*"

TENTH DOCTOR: What is it actually called?

ELEVENTH DOCTOR: Well, there's some debate. Either *No More* or *Gallifrey Falls*.

- "*The Day of the Doctor*"

TENTH DOCTOR: How did it get here?

ELEVENTH DOCTOR: No idea.

TENTH DOCTOR: There's always something we don't know, isn't there?

X. THE SONIC SCREWDRIVER

Why are you pointing your screwdrivers like that? They're scientific instruments, not water pistols.

-The War Doctor, "The Day of the Doctor"

Oh, the pointing again. They're screwdrivers! What are you gonna do, assemble a cabinet at them?

-The War Doctor, "The Day of the Doctor"

TENTH DOCTOR: The sonic won't work on that, it's too primitive.

ELEVENTH DOCTOR: Shall we ask for a better quality of door so we can escape?

-"The Day of the Doctor"

WAR DOCTOR: In theory, I can trigger an isolated sonic shift among the molecules, and the door should disintegrate.

TENTH DOCTOR: You have to calculate the exact harmonic resonance of the entire structure down to a subatomic level. Even the sonic could take years.

WAR DOCTOR: No, no, the sonic would take centuries. Oh, we might as well get started. Help to pass the timey-wimey.

-"The Day of the Doctor"

MOMENT: It's the same screwdriver. Same software, different case.

WAR DOCTOR: Ah! Four hundred years!

TENTH DOCTOR: Sorry?

WAR DOCTOR: Well, at a software level, they're all the same device, aren't they? Same software, different case.

TENTH DOCTOR: Yeah.

ELEVENTH DOCTOR: So...

WAR DOCTOR: So...it would take centuries for the screwdriver to calculate how to disintegrate the door. Scanning the door, implanting the calculation as a permanent subroutine in the software architecture and, if you really are me, with your sandshoes and your dickie bow, and that screwdriver is still mine, that calculation is still going on.

TENTH DOCTOR: Yeah, still going.

ELEVENTH DOCTOR: Calculation complete.

THE MOMENT: Same software, different face.

ELEVENTH DOCTOR: Hey, four hundred years in four seconds. We may have had our differences, which is frankly odd in the circumstances, but, I tell you what, boys. We are incredibly clever.

TENTH DOCTOR: Seriously, stop it.

- "The Day of the Doctor"

Okay, so...the Queen of England is now a Zygon. But never mind that.

-The Tenth Doctor, "The Day of the Doctor"

TENTH DOCTOR: And d’you know why I know that you’re a fake? Because you’re such a bad copy. It’s not just the smell, or the unconvincing hair, or the atrocious teeth, or the eyes—just a bit too close together—, or the breath that could stun a horse. It’s because my Elizabeth, the real Elizabeth, would never be stupid enough to reveal her own plan. Honestly, why would you do that?

ELIZABETH I: Because it’s not my plan. And I *am* the real Elizabeth.

TENTH DOCTOR: Okay. So. Backtracking a moment just to lend some context to my earlier remarks.

ELIZABETH: My twin is dead in the forest. I am accustomed to taking precautions. These Zygon creatures never even considered that it was me who survived rather than their own commander. The arrogance that typifies their kind.

CLARA OSWALD: Zygons?

ELIZABETH: Men.

CLARA: And you actually killed one of them?

ELIZABETH: I may have the body of a weak and feeble woman, but at the time, so did the Zygon. The future of my kingdom is imperiled. Doctor, can I rely on your service?

TENTH DOCTOR: Well, I’m gonna need my TARDIS.

ELIZABETH: It has been procured already.

TENTH DOCTOR: Ah.

ELIZABETH: But first, my love, you have a promise to keep.

- *“The Day of the Doctor”*

CLERGYMAN: I now pronounce you man and wife.

CLARA OSWALD: Woo-hoo!

CLERGYMAN: You may kiss the bride.

CLARA OSWALD: That's right. Aim high. Heh heh.

WAR DOCTOR: I won't remember this, will I?

ELEVENTH DOCTOR: The time streams are out of sync. You can't retain it, no.

TENTH DOCTOR: Not as sorry as you will be. This is not a decision you will ever be able to live with.

-*"The Day of the Doctor"*

ELEVENTH DOCTOR: Kate Lethbridge-Stewart, what in the name of sanity are you doing?

KATE STEWART: The countdown can only be halted at my personal command. There's nothing you can do.

TENTH DOCTOR: Except make you both agree to halt it.

KATE: Not even three of you.

WAR DOCTOR: You're about to murder millions of people.

KATE: To save billions. How many times have you made that calculation?

ELEVENTH DOCTOR: Once. Turned me into the man I am now. I'm not even sure who that is anymore.

TENTH DOCTOR: You tell yourself it's justified, but it's a lie. Because what I did that day was wrong. Just wrong.

ELEVENTH DOCTOR: And because I got it wrong, I'm going to make *you* get it right.

KATE: How?

TENTH DOCTOR: Any second now, you're gonna stop that countdown. Both of you, together.

ELEVENTH DOCTOR: And then you're going to negotiate the most perfect treaty of all time.

TENTH DOCTOR: Safeguards all round, completely fair on both sides.

ELEVENTH DOCTOR: And the key to perfect negotiation?
